continuously reshaping itself This volume represents the strength as well as diversity of writings which discuss race and feminism showing how these two areas usually considered to be distinct and therefore discrete from each other have developed Feminism and Race includes articles spanning a number of disciplinary areas such as history literary analysis sociology and psychology and provides a history of how second wave feminisms have negotiated race as well as suggesting what future directions these debates may take The Harvard Guide to African-American History Evelyn Brooks Higginbotham. 2001 This massive guide sponsored by the WEB Du Bois Institute for Afro American Research at Harvard University and compiled by renowned experts offers a compendium of information and interpretation on over 500 years of **Sojourner Truth as Orator** Suzanne P. Fitch, Roseann Mandziuk, 1997-09-23 This work is black experience in America an in depth analysis of the full breadth of Sojourner Truth's public discourse that places it in its proper historical context and explores the use of humor and narratives as primary rhetorical strategies used by this illiterate ex slave to create a powerful public persona The book provides a comprehensive survey of the life of Sojourner Truth and includes a unique and authoritative compilation of primary rhetorical documents such as speeches songs and public letters This is the only major work to date that analyzes the breadth of Sojourner Truth's public discourse The volume includes a complete and authoritative compilation of her extant rhetoric including several versions of the same speech reports of her speaking appearances public letters published by Truth in newspapers and songs written and performed by her as part of her public lectures Three chapters address the rhetorical dimensions of Truth s public persona First an historical survey contextualizes her life and speaking from slave to reformer placing into perspective the variety of experiences that comprised her background Second an analysis of Truth's use of humor focuses upon how she employed the strategies of superiority and incongruity in her refutation of opponents and the establishment of her own credibility Third a critique of Truth s use of narratives in her discourse reveals how both her speeches and songs rely upon three fundamental stories for their persuasive impact her slave life and religious conversion her use of the black jeremiad to portray race differences and her tales of woman's strength and moral conviction. The volume concludes with a consideration of Truth's status as a folk legend and how she wished to be remembered **Crafting the Overseer's Image** William E. Wiethoff, 2006 The first book length study of the overseer in four decades Wiethoff's study bridges historical legal and rhetorical scholarship to present a provocative investigation into the multifaceted roles of this oft forgotten figure in plantation society Wiethoff canvasses the period from 1650 through 1865 and across a southern expanse that stretches to include the Upper and Deep South Overseers left scant written evidence about their lives and times but Wiethoff unearths characterizations constructed by friends and enemies neighbors and strangers He also mines the legal record to gauge the impact of legislative and case law rhetoric on public A Question of Manhood, Volume 1 Darlene Clark Hine, Earnestine Jenkins, 1999-10-22 Each of these essays memory illuminates an important dimension of the complex array of Black male experiences as workers artists warriors and leaders

The essays describe the expectations and demands to struggle to resist and facilitate the survival of African American culture and community Black manhood was shaped not only in relation to Black womanhood but was variously nurtured and challenged honed and transformed against a backdrop of white male power and domination and the relentless expectations and demands on them to struggle resist and to facilitate the survival of African American culture and community

Rethinking the Slave Narrative Charles J. Heglar, 2001-05-30 The African American slave narrative is popularly viewed as the story of a lone male's flight from slavery to freedom best exemplified by the Narrative of the Life of Frederick Douglass An American Slave 1845 On the other hand critics have also given much attention to Harriet Jacobs s Incidents in the Life of a Slave Girl 1861 to indicate how the form could have been different if more women had written in it But in stressing the narratives of Douglass and Jacobs as models for the genre scholars have ignored the formal and thematic importance of marriage and family in the slave narrative since neither author explores slave marriage in their works This book examines the central role of marriage in The Life and Adventures of Henry Bibb an American Slave 1849 and Running a Thousand Miles for Freedom or the Escape of William and Ellen Craft from Slavery 1860 Bibb's slave wife and child account for significant innovations in the form and content of his narrative while the Crafts mutual dependence as a married couple results in a sustained use of dramatic irony The volume closes by offering a thoughtful consideration of the influence of Bibb and the Crafts on the later fiction of Douglass William Wells Brown and Martin Delany In doing so it invites a critical reexamination of current assumptions about slave narratives Pedagogies of Difference Peter Pericles Trifonas, 2003-12-16 Peter Pericles Trifonas has assembled internationally acclaimed theorists and educational practitioners whose essays explore various constructions representations and uses of difference in educational contexts. These essays strive to bridge competing discourses of difference for instance feminist or anti-racist pedagogical models to create a more inclusive education that Fugitive Texts Michaël Roy, 2022-09-06 Antebellum slave narratives have adheres to principles of equity and social justice taken pride of place in the American literary canon One key aspect of the genre however has been left unexamined its materiality In Fugitive Texts Micha l Roy offers the first book length study of the slave narrative as a material artifact Drawing on a wide range of sources he reconstructs the publication histories of a number of famous and lesser known narratives placing them against the changing backdrop of antebellum print culture Published to rave reviews in French Fugitive Texts illuminates the heterogeneous nature of a genre often described in monolithic terms and ultimately paves the way for a redefinition of the literary form we have come to recognize as the slave narrative The Ideological Origins of African American Literature Phillip M. Richards, 2025-06-27 Inquiry into African American literature in recent decades has neglected to probe the intellectual structure of the tradition's aesthetics and its underlying ideology In The Ideological Origins of African American Literature Phillip M Richards begins this reconstructive work illuminating the dialectical backstory of black prose and poetry in America Richards argues that the social and political forces that influenced white

literature were uniquely reacted to absorbed and often times rejected by African American literary figures from the eighteenth century Puritan notions of a God centered history to the onset of Romanticism and Modernism in the nineteenth and twentieth centuries Building his case for ideological continuity Richards surveys a profoundly creative period of 125 years launched by an African American reaction against a racist mid eighteenth century American culture This epoch in African American literature saw a fusion of Puritan Protestant culture into a religious and secular worldview drawing in the poetry of Phillis Wheatley antebellum slave narratives Richard Allen and the periodicals of the ambitious African Methodist Episcopalian movement all of which would form the underlying foundation of a Black Victorian culture A rising black middle class Richards argues would later be secularized by an eroding religious tradition under the pressures of nineteenth century modernity the trauma of Jim Crow and the emerging northern ghetto Richards further traces the emergence of Romanticism which appeared with white American authors such as Emerson Thoreau and Whitman but would not take shape in African American literature until the likes of W E B Du Bois and Langston Hughes took stock of Anglo European culture at the end of the nineteenth century The Ideological Origins of African American Literature illustrates a pattern of black writing that eschews the hegemonic white culture of the day for an evolving black culture that would define an American literary **The Tar Baby** Bryan Wagner, 2019-11-12 Perhaps the best known version of the tar baby story was published landscape in 1880 by Joel Chandler Harris in Uncle Remus His Songs and His Sayings and popularized in Song of the South the 1946 Disney movie Other versions of the story however have surfaced in many other places throughout the world including Nigeria Brazil Corsica Jamaica India and the Philippines The Tar Baby offers a fresh analysis of this deceptively simple story about a fox a rabbit and a doll made of tar and turpentine tracing its history and its connections to slavery colonialism and global Culture on the Margins Jon Cruz, 1999-07-01 In Culture on the Margins Jon Cruz recounts the discovery of black trade music by white elites in the nineteenth century boldly revealing how the episode shaped modern approaches to studying racial and ethnic cultures Slave owners had long heard black song making as meaningless noise Abolitionists began to attribute social and political meaning to the music inspired as many were by Frederick Douglass s invitation to hear slaves songs as testimonies to their inner subjective worlds This interpretive shift which Cruz calls ethnosympathy marks the beginning of a mainstream American interest in the country's cultural margins In tracing the emergence of a new interpretive framework for black music Cruz shows how the concept of cultural authenticity is constantly redefined by critics for a variety of purposes from easing anxieties arising from contested social relations to furthering debates about modern ethics and egalitarianism In focusing on the spiritual aspect of black music abolitionists for example pivoted toward an idealized religious singing subject at the expense of absorbing the more socially and politically elaborate issues presented in the slave narratives and other black writings By the end of the century Cruz maintains modern social science also annexed much of this cultural turn The result was a fully modern tension ridden interest in culture on the racial margins of American

society that has long had the effect of divorcing black culture from politics **Arnt I a Woman** Deborah Gray White, 1999-02-02 One of those rare books that guickly became the standard work in its field Anne Firor Scott Duke University Living with the dual burdens of racism and sexism slave women in the plantation South assumed roles within the family and community that contrasted sharply with traditional female roles in the larger American society This revised edition of Ar n t I a Woman reviews and updates the scholarship on slave women and the slave family exploring new ways of understanding the intersection of race and gender and comparing the myths that stereotyped female slaves with the realities of their lives Above all this groundbreaking study shows us how black women experienced freedom in the Reconstruction South their heroic struggle to gain their rights hold their families together resist economic and sexual oppression and maintain their sense of womanhood against all odds Winner of the Letitia Woods Brown Memorial Book Prize awarded by the Association of Black Women Historians We Wear the Mask Rafia Zafar,1997 Zafar demonstrates that in doing so these forerunners of modern black American writers both adapted to and reacted against a milieu of social resistance and cultural antipathy By the end of Reconstruction this first century of black writers had paved the way for a distinctive African American literature Focus on Minorities Fort Bragg (N.C.).
