scholars **Mao and the Chinese Revolution (Interlink Illustrated Histories)** Yves Chevrier, 2004-06-04 It has been more than a century since the birth of Mao Zedong From the collapse of the old Chinese Empire in 1912 to the foundation of the People's Republic in 1949 his history is linked with that of contemporary China and beyond national borders with the history of communism as well His version of guerilla warfare and revolution resulted in the construction of a socialist society that became a model of socialism throughout the world Both a tyrant and rebel Mao wanted to rule through revolution Yet the Big Leap Forward 1958 and the Cultural Revolution 1966 each plunged China into chaos without saving it from totalitarianism After 1978 de Maoization and economic reforms by Deng Xiaoping helped heal the country's wounds but the future yet remains uncertain Whether to be an empire united or broken serenely open or in conflict democratic or authoritarian egalitarian or prosperous so many lingering questions remain of those that Mao and his generation began asking nearly a century ago Was the Maoist Revolution futile Would China have been better off without Mao and is such a thing imaginable

Karl,2010-08-13 Describes Mao Zedong's life and thought in relation to the Chinese revolution and twentieth century history *Maoism and the Chinese Revolution* Elliott Liu,2016-07-01 The Chinese Revolution changed the face of the twentieth century and the politics that issued from it often referred to as Maoism resonated with colonized and oppressed people from the 1970s down to the anticapitalist movements of today But how did these politics first emerge And what do they offer activists today who seek to transform capitalist society at its very foundations Maoism and the Chinese Revolution offers the novice reader a sweeping overview of five decades of Maoist revolutionary history It covers the early years of the Chinese Communist Party through decades of guerrilla warfare and rapid industrialization to the massive upheavals of the Cultural Revolution It traces the development of Mao Zedong's military and political strategy philosophy and statecraft amid the growing contradictions of the Chinese revolutionary project All the while it maintains a perspective sympathetic to the everyday workers and peasants who lived under the party regime and who in some moments stood poised to make the revolution anew From the ongoing people's wars in the Global South to the radical lineages of many black Latino and Asian revolutionaries in the Global North Maoist politics continue to resonate today As a new generation of activists take to the streets this book offers a critical review of our past in order to better transform the future The Tragedy of Liberation Frank Dikötter,2013-09-24 A groundbreaking chronicle of the violent early years of the People's Republic of China by the author of the BBC Samuel Johnson Prize winning Mao's Great Famine The Chinese Communist party refers to its victory in 1949 as a liberation In China the story of liberation and the revolution that followed is not one of peace liberty and justice It is first and foremost a story of calculated terror and systematic violence So begins Frank Dikötter's stunning and revelatory chronicle of Mao Zedong's ascension and campaign to transform the Chinese into what the party called New People Following the defeat of Chiang Kai shek in 1949 after a bloody civil war Mao hoisted the red flag over Beijing's Forbidden City and the world watched as the Communist revolution began to wash away the old order Due to the secrecy surrounding the country's records little has been known before now about the eight years that followed preceding the massive famine and Great Leap Forward Drawing on hundreds of previously classified documents secret police reports unexpurgated versions of leadership speeches eyewitness accounts of those who survived and more The Tragedy of Liberation bears witness to a shocking largely untold history Interweaving stories of ordinary citizens with tales of the brutal politics of Mao's court Frank Dikötter illuminates those who shaped the liberation and the horrific policies they implemented in the name of progress People of all walks of life were caught up in the tragedy that unfolded and whether or not they supported the revolution all of them were asked to write confessions denounce their friends and answer queries about their political reliability One victim of thought reform called it a carefully cultivated Auschwitz of the mind Told with
