Drachkovitch, Lewis H. Gann, 1974 Three Revolutions Simon Hall, 2025-07-01 A salve for our current reactionary times ANDREW HARTMAN The gripping untold story of how six epic journeys launched the three communist revolutions that changed world history forever From the streets of Petrograd during the heady autumn of 1917 to Mao s stunning victory in October 1949 and Fidel s triumphant arrival in Havana in January 1959 the history of the twentieth century was transformed in dramatic and profound ways by the Russian Chinese and Cuban revolutions In Three Revolutions the stories of these epoch defining events are told together for the first time At the heart of each revolution was an epic journey Lenin s 1917 return to Russia from exile in Switzerland Mao s Long March of 1934 35 covering some 6 000 miles across China and Fidel Castro s return to Cuba in 1956 following his exile in Mexico Told in tandem with these are the corresponding journeys of three extraordinary journalists John Reed Edgar Snow and Herbert L Matthews whose electric testimony from the frontlines of each revolution would make a decisive contribution to how these revolutions were understood in the wider world Here in Simon Hall s masterful retelling these six remarkable journeys are brought vividly to life Featuring a stellar cast extraordinary drama and an epic sweep Three Revolutions raises fundamental questions about the nature of political power the limits of idealism and the role of the journalist questions that remain of utmost urgency today *Junior High School Library Catalog* , 1980 *John Adams's Nixon in China* Timothy A. Johnson, 2016-05-06 John Adams s opera Nixon in China is one of the most frequently performed operas in the contemporary literature Timothy A Johnson illuminates the opera and enhances listeners and scholars appreciation for this landmark work This music analytical guide presents a detailed in depth

analysis of the music tied to historical and political contexts The opera captures an important moment in history and in international relations and a close study of it from an interdisciplinary perspective provides fresh compelling insights about the opera The music analysis takes a neo Riemannian approach to harmony and to large scale harmonic connections Musical metaphors drawn between harmonies and their dramatic contexts enrich this approach Motivic analysis reveals interweaving associations between the characters based on melodic content Analysis of rhythm and meter focuses on Adams s frequent use of grouping and displacement dissonances to propel the music forward or to illustrate the libretto The book shows how the historical depiction in the opera is accurate yet enriched by this operatic adaptation The language of the opera is true to its source but more evocative than the words spoken in 1972 due to Alice Goodman s marvelous poetic libretto And the music transcends its repetitive shell to become a hierarchically rich and musically compelling achievement
