**Restraint In Urban Warfare: The Canadian Attack On Groningen, Netherlands, 13-16 April 1945** Major Jeffrey D. Noll U.S. Army, 2014-08-15 Urban terrain presents significant tactical challenges to attacking armies limiting weapons effects and mobility while disrupting formations and command and control The human terrain in cities creates a tactical dilemma placing large civilian populations in close proximity to the fighting The issue of restraint in urban warfare has been described as a modern phenomenon with urban warfare in World War II characterized as unlimited In April 1945 however the Canadian Army limited its firepower while attacking the city of Groningen Netherlands to limit damage and civilian casualties This thesis examines the reasons for these restraints and the methods used to balance those restraints with accomplishment of the mission The Canadians limited their use of force for political reasons based on intent from the British They accomplished their mission due to intelligence gained from the friendly population local fire superiority gained by tanks and flamethrowers and the ineffectiveness of the poorly organized and equipped German defense This thesis provides a historical case study of the reasons for restraint in urban warfare and the tactical challenges associated with such limitations

Off,2010-07-30 In 1993 Canadian peacekeepers in Croatia were plunged into the most significant fighting Canada had seen since the Korean War Their extraordinary heroism was covered up and forgotten The ghosts of that battlefield have haunted them ever since Canadian peacekeepers in Medak Pocket Croatia found no peace to keep in September 1993 They engaged the forces of ethnic cleansing in a deadly firefight and drove them from the area under United Nations protection The soldiers should have returned home as heroes Instead they arrived under a cloud of suspicion and silence In Medak Pocket members of the Princess Patricia s Canadian Light Infantry did exactly the job they were trained and ordered to do When attacked by the Croat army they returned fire and fought back valiantly to protect Serbian civilians and to save the UN mandate in Croatia Then they confronted the horrors of the offensive s aftermath the annihilation by the Croat army of Serbian villages The Canadians searched for survivors There were none The soldiers came home haunted by these atrocities but in the wake of the Somalia affair Canada had no time for soldiers stories of the horrific compromises of battle the peacekeepers were silenced In time the dark secrets of Medak s horrors drove many of these soldiers to despair to

homelessness and even suicide Award winning journalist Carol Off brings to life this decisive battle of the Canadian Forces The Ghosts of Medak Pocket is the complete and untold story      **Historical Dictionary of Canada** Stephen Azzi, Barry M. W. Beckett, 2016-06-30 What exactly is military history Forty years ago it meant battles campaigns great commanders drums and trumpets It was largely the preserve of military

professionals and was used to support national history and nationalism Now though the study of war has been transformed by the war and society approach by the examination of identity memory and gender and a less Euro centric and more global perspective Generally it is recognised that war and conflict must be integrated into the wider narrative of historical development and this is why Ian Becketts research guide is such a useful tool for anyone working in this growing field It introduces students to all the key debates issues and resources While European and global perspectives are not neglected there is an emphasis on the British experience of war since 1500 This survey of British military history will be essential reading and reference for anyone who has a professional or amateur interest in the subject and it will be a valuable introduction for newcomers to it
