**Mapping the Berkshires** Bernard Alger Drew, Donna M. Drew, 1986      *Index to Mapping the Berkshires by Bernard A. Drew* 1986 Berkshire Genealogical Society, Berkshire Family History Association, 2006      *The Geography of Berkshire, for Use in Schools* John Pincher FAUNTHORPE, 1872      Soil Survey of Berkshire County, Massachusetts Richard J. **The Enclosure Maps of England and Wales 1595-1918** Roger J. P. Kain, John Chapman, Richard R. Oliver, 2004-07  
This book offers the first comprehensive study of the enclosure mapping of England and Wales. Enclosure maps are fundamental sources of evidence in many types of historical inquiries. Although modern historians tend to view these large scale maps essentially as sources of data on past economies and societies, this book argues that enclosure maps had a much more active role at the time they were compiled. Seen from this perspective of their contemporary society, enclosure maps are not simply antiquarian curiosities, cultural artefacts or useful sources for historians, but instruments of land reorganisation and control which both reflected and consolidated the power of those who commissioned them. The book is accompanied by a fully searchable descriptive and analytical web catalogue of all parliamentary and non parliamentary enclosure maps extant in public archives and libraries and offers an essential research tool for economic, social and local historians and for geographers, lawyers and planners.      Berkshire Frederick Gaspard Brabant, 1911      **Berkshire** Horace Woollaston Monckton, 1911      The Geology of Eastern Berkshire County, Massachusetts Benjamin Kendall Emerson, 1899      *Catalogue of Printed Maps* British Museum. Map Room, 1884      **Handbook for Berkshire** John Murray (Firm), John Meade Falkner, 1902      Historian's Guide to Early British Maps Helen Wallis, Anita McConnell, 1995-04-06  
Great Britain and Ireland enjoy a rich cartographic heritage yet historians have not made full use of early maps in their writings and research. This is partly due to a lack of information about exactly which maps are available. With the publication of this volume from the Royal Historical Society we now have a comprehensive guide to the early maps of Great Britain. The book is divided into two parts: part one describes the history and purpose of maps in a series of short essays on the early mapping of the British Isles; part two comprises a guide to the collections, national and regional. Now available from Cambridge University Press, this volume provides an essential reference tool for anyone requiring to access maps of the British Isles dating back to the medieval period and beyond.      **Soil Survey of Windham County, Vermont** Wilfred J.
