How the Triangle of Debt and the Triangle of Trade are Shaping the Global South's Economic Future

For decades, the Triangle of Debt has been a major force in shaping the economic future of the Global South. It has been a source of financial instability, a barrier to economic growth, and a source of social and political unrest. The Triangle of Debt is a complex web of financial relationships between the Global North and the Global South, involving a variety of actors, including governments, financial institutions, and private companies. The Triangle of Debt is a major source of financial instability for the Global South, as it has led to a variety of economic crises, including the Asian Financial Crisis, the Russian Financial Crisis, and the European Debt Crisis. The Triangle of Debt is also a major barrier to economic growth for the Global South, as it has led to a variety of economic problems, including high levels of debt, low levels of investment, and low levels of economic growth. Finally, the Triangle of Debt is a major source of social and political unrest for the Global South, as it has led to a variety of social and political problems, including high levels of unemployment, low levels of social services, and low levels of political participation.
