Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office,1961 Includes Part 1 Number 1 2 Books and Pamphlets Including Serials and Contributions to Periodicals January December **Reports of the Library**

Trustees and the Librarian and a List of Accessions to the Library for the Year Ending ... Weston Public Library (Mass.),1928 **Extremisms in Africa Volume 2** Alain Tschudin,Craig Moffat,Stephen Buchanan-Clarke,Susan

Russell,Lloyd Coutts,2019-06-18 Over the past two decades the rapid emergence and spread of both local and transnational extremist organisations has become a primary source of insecurity in Africa Extremist organisations represent the fluid and variable nature of conflict systems today and are at the heart of some of Africa s most enduring conflicts Moreover the inability of African states to contain the threat of extremism or of heavy handed security responses has led to the loss of thousands of lives displaced millions and deeply impacted the continent s democratisation and development goals This is the second anthology published by Good Governance Africa GGA on the topic of extremism and political violence in Africa Extremisms in Africa one of the first anthologies of its kind on this topic to be authored and published on the African continent provided an account of how extremist groups arose in Africa and the various ways in which they have harnessed their global agendas to local conflict dynamics and structural challenges enabling them to exploit the grievances of individuals and communities for their cause This anthology Extremisms in Africa Volume 2 looks forward giving special attention to the ways in which emergent trends global geopolitics and conflict dynamics merge to impact upon the African continent To this end we have sought to engage diverse topics ranging from ecological concerns surrounding climate change and migration the implications of such human movement for modern day trafficking and slavery and the roles of women and youth State responses to extremisms on the African continent are not uniform the capacity of individual states to detect identify police investigate and prosecute is highly variable At the most fundamental level extremisms are ripe to arise in contexts where governments are failing especially when democracy is on the wane This anthology identifies some of the most pressing challenges in addressing extremisms today and provides chapters that could offer actionable policy insights to governments and civil society Given the nature of Africa s geopolitical landscape state and security services alone cannot prevent extremism It will take a whole of society approach where government civil society academia communities families and individuals collaborate to better understand the local dynamics of recruitment and radicalisation and develop context specific strategies in response This anthology will hopefully provide practitioners with improved insight into some of the key challenges and potential solutions in preventing extremism while also being of interest to the general reader **The Open**

Shelf ,1929 **The Unsteady March** Philip A. Klinkner,Rogers M. Smith,2002-04 With its insights into contemporary racial politics The Unsteady March offers a penetrating and controversial analysis of American race relations across two centuries

James Truslow Adams Allan Nevins,2017-07-05 The brilliant historian of the mid twentieth century Allan Nevins

introduces this volume of correspondence by and to James Truslow Adams with a summary of his life and importance This presents his appreciation of Adams in a manner that properly serves as a bridge to a full range of his correspondence including a long series of letters by Adams himself The correspondence is divided into a wide network of letters covering two world wars and highlighting Adams efforts to speak as a public historian of the age The range covered extends from World War I where he participated in the Paris Conference to the New England histories the year of the Economic Crash the making of his great book *The Epic of America* and the final summing up making history accessible to the larger publics Both the biographical sketch and the correspondence reflect Adams as possessing a nimble precise mind and a stubborn set of opinions that are sometimes liberal while at other times conservative Despite a lifetime of public service Nevins and the letters remind us Adams was and remained essentially a scholar The same can be said of Nevins himself and that made him the perfect spokesman and student of Adams writings For those to whom the meshing of solid American history and public service are of interest this will be an unusual but entirely worthwhile experience **Literary Writings in America** ,1977

Nelson's Encyclopaedia ,1907 *The Greek Civil War* Spyridon Plakoudas,2017-05-15 The Greek Civil War 1946 1949 was one of the few instances in the post World War II era of a clear cut and permanent victory by right wing government forces over an insurgent communist movement Spyridon Plakoudas here explores the factors which ultimately caused the downfall of the communist insurgency in Greece which had at some points seemed undefeatable He questions whether the guerrilla movement fell victim to the feud between Stalin and Tito or whether the significant British and above all American aid in fact rescued the Greek monarchist regime from collapse Plakoudas explores the strategies adopted by government forces in order to counter the communist insurgency how external and internal actors influenced these policies and when how and why these policies achieved success Featuring previously unseen sources and documents this book reveals the strategy and tactics of the monarchist regime **At War's End** Roland Paris,2004-05-24 All fourteen major peacebuilding missions launched between 1989 and 1999 shared a common strategy for consolidating peace after internal conflicts immediate democratization and marketization Transforming war shattered states into market democracies is basically sound but pushing this process too quickly can have damaging and destabilizing effects The process of liberalization is inherently tumultuous and can undermine the prospects for stable peace A more sensible approach to post conflict peacebuilding would seek first to establish a system of domestic institutions that are capable of managing the destabilizing effects of democratization and marketization within peaceful bounds and only then phase in political and economic reforms slowly as conditions warrant Peacebuilders should establish the foundations of effective governmental institutions prior to launching wholesale liberalization programs Avoiding the problems that marred many peacebuilding operations in the 1990s will require longer lasting and ultimately more intrusive forms of intervention in the domestic affairs of these states This book was first published in 2004 **FDR and the Spanish Civil War** Dominic Tierney,2007-07-02 Provides new understanding

of Franklin Roosevelt's involvement in the Spanish Civil War claiming that he was activist and pro Loyalist **Monthly Bulletin** Indiana State Library, 1898 *The Publishers Weekly*, 1912 *US Department of State Dispatch*, 1991

Decentralisation in Africa Gordon Crawford, Christof Hartmann, 2008 Decentralisation in Afrika is een sobere beoordeling van wat decentralisatie precies kan bereiken Decentralisatie van overheden in Afrikaanse landen en elders in de derde wereld krijgt de laatste tijd een impuls vaak gedreven door Multilaterale en bilaterale instanties de donoren Maar worden de voordelen hiervan wel gerealiseerd In dit boek worden vraagtekens gezet bij de kwestie of decentralisatie wel een gunstige uitweg biedt voor de armoede en het conflict in Afrika Education in East and Central Africa Charl Wolhuter, 2014-06-26 Education in East and Central Africa is a comprehensive critical reference guide to education in the region With chapters written by an international team of leading regional education experts the book explores the education systems of Djibouti Eritrea Ethiopia Kenya Somalia South Sudan Tanzania Uganda Zambia Angola Burundi the Central African Republic the Democratic Republic of Congo Equatorial Guinea and Sao Tome Gabon the Republic of Congo and Rwanda The book critically examines the regional development of education provision in each country as well as recent reforms and global contexts Including a comparative introduction to the issues facing education in the region as a whole and guides to available online datasets this handbook is an essential reference for researchers scholars international agencies and policy makers at all levels *Civil Society and the Aid Industry* Alison Van Rooy, 2020-04-14 This book is valuable for and beyond the international development industry It deftly leads a non specialist through the maze of ideas and arguments plaguing the concept of civil society and critically examines how and what happens when the international aid system tries to turn confusing and complex political theory into effective development policy and practice fitting the individual preconditions and historical trajectories of the world's varied nations The comparative evidence analysis and recommendations on offer are essential reading for anyone attempting to understand or build someone else's as well as their own civil society especially when justifying the use of tax payers' money to do so ALAN FOWLER CO FOUNDER INTRAC This book will be really useful to numerous readers 011 a subject becoming ever more topical in the world of development and beyond It puts order into the deeply confused debate about civil society describes what the aid donors are doing to pursue their new goals offers four penetrating case studies and concludes with sensible suggestions for future policy The authors have made a practical and lucid assessment of the huge civil society literature they have also contributed valuably to it and deserve to be listened to PROFESSOR ROBERT CASSEN LONDON SCHOOL OF ECONOMICS Northern governments and NGOs are increasingly convinced that civil society will enable people in developing countries to escape the poverty trap Civil Society and the Aid Industry the product of extensive research by the prestigious North South Institute in Canada makes a critical appraisal of this new emphasis in the aid industry It explores the roles of Northern governmental multilateral and non governmental agencies in supporting civil society presenting in depth case studies of projects in Peru Kenya Sri Lanka and Hungary and

gives detailed policy recommendations intended to improve the effectiveness and appropriateness of future projects
Originally published in 1998 The Presidents Stephen Graubard, 2009-05-07 In this magisterial examination of the Presidency over the course of the 20th Century the author explores the history of the world's greatest elective office and the role each incumbent has played in changing the scope of its powers Using individual presidential portraits of each of the presidents of the past century Graubard asks and answers a wide variety of crucial questions about each President What intellectual social and political assets did they bring to the White House and how quickly did they deplete or mortgage that capital How well did they cope with crises foreign and domestic How much attention did they pay to their election pledges after they were elected How did they use the media old and new Above all how did they conduct themselves in office and what legacy did they leave to their successors Graubard provides original analysis in each case and reaches many surprising conclusions President without a Party Christopher J. Leahy, 2020-05-06 Historians have long viewed President John Tyler as one of the nation's least effective heads of state In *President without a Party* the first full scale biography of Tyler in more than fifty years and the first new academic study of him in eight decades Christopher J Leahy explores the life of the tenth chief executive of the United States Born in the Virginia Tidewater into an elite family sympathetic to the ideals of the American Revolution Tyler like his father worked as an attorney before entering politics Leahy uses a wealth of primary source materials to chart Tyler's early political path from his election to the Virginia legislature in 1811 through his stints as a congressman and senator to his vice presidential nomination on the Whig ticket for the campaign of 1840 When William Henry Harrison died unexpectedly a mere month after assuming the presidency Tyler became the first vice president to become president because of the death of the incumbent Leahy traces Tyler's ascent to the highest office in the land and unpacks the fraught dynamics between Tyler and his fellow Whigs who ultimately banished the beleaguered president from their ranks and stymied his election bid three years later Leahy also examines the president's personal life especially his relationships with his wives and children In the end Leahy suggests politics fulfilled Tyler the most often to the detriment of his family Such was true even after his presidency when Virginians elected him to the Confederate Congress in 1861 and northerners and Unionists branded him a traitor president The most complete accounting of Tyler's life and career Leahy's biography makes an original contribution to the fields of politics family life and slavery in the antebellum South Moving beyond the standard often shortsighted studies that describe Tyler as simply a defender of the Old South's dominant ideology of states rights and strict construction of the Constitution Leahy offers a nuanced portrayal of a president who favored a middle of the road bipartisan approach to the nation's problems This strategy did not make Tyler popular with either the Whigs or the opposition Democrats while he was in office or with historians and biographers ever since Moreover his most significant achievement as president the annexation of Texas exacerbated sectional tensions and put the United States on the road to civil war **Global Civil Society 2012** Hertie School of, 2012-04-18 Activists and academics look back over ten

years of politics from below and ask whether it is merely the critical gaze upon the concept that has changed or whether there is something genuinely new about the way in which civil society is now operating
