China is more than a socialist market economy led by ever more reform minded leaders It is a country whose people seek liberty on a daily basis Their success has been phenomenal despite the fact that China continues to be governed by a single party Clear distinctions between the people and the government are emerging underlining the fact that true liberalization cannot be imposed from above Although a large percentage of the Chinese people have been part of China s long march to freedom farmers entrepreneurs migrants Chinese gays sex pleasure seekers and black marketers played a particularly important role in the beginning Lawyers scholars journalists and rights activists have jumped in more recently to ensure that liberalization continues Social dissatisfaction with the government is now published in the media addressed in public forums and deliberated in courtrooms Intellectuals devoted to improvement in human rights and continued liberalization are part of the process This grassroots social revolution has also resulted from the explosion of information available to ordinary people especially via the Internet and far reaching international influences All have fundamentally altered key elements of the moral and material content of China s party state regime and society at large This social revolution is moving China towards a more liberal society despite its government The Chinese government reacts rather than leads in this trans formative process This book is a landmark a decade in the making **March Monthly Collection, Grade 2** ,2018-02-13

Dred Scott's Revenge Andrew P. Napolitano,2009-04-20 Racial hatred is one of the ugliest of human emotions And the United States not only once condoned it it also mandated it wove it right into the fabric of American jurisprudence Federal and state governments legally suspended

the free will of blacks for 150 years and then denied blacks equal protection of the law for another 150 How did such crimes happen in America How were the laws of the land even the Constitution itself twisted into repressive and oppressive legislation that denied people their inalienable rights Taking the Dred Scott case of 1957 as his shocking center Judge Andrew P Napolitano tells the story of how it happened and through it builds a damning case against American statesmen from Lincoln to Wilson from FDR to JFK Born a slave in Virginia Dred Scott sued for freedom based on the fact that he had lived in states and territories where slavery was illegal The U S Supreme Court ruled against Scott denied citizenship to blacks and spawned more than a century of government sponsored maltreatment that destroyed lives suppressed freedom and scarred our culture Dred Scott s Revenge is the story of America s long struggle to provide a new context one in which All men are created equal and government really treats them so *Women on the March* ,1973 The Herald of peace.
