Western cultural imagination But what would martial arts be without the explosion of media texts and images that brought it to a wide audience in the late 1960s and early 1970s In this examination of the media history of what we now call martial arts author Paul Bowman makes the bold case that the phenomenon of martial arts is chiefly an invention of media representations Rather than passively taking up a preexisting history of martial arts practices some of which of course predated the martial arts boom in popular culture media images and narratives actively constructed martial arts Grounded in a historical survey of the British media history of martial arts such as Bartitsu jujutsu judo karate tai chi and MMA across a range of media this book thoroughly recasts our understanding of the history of martial arts By interweaving theories of key thinkers on historiography such as Foucault and Hobsbawm and Said's ideas on Orientalism with analyses of both mainstream and marginal media texts Bowman arrives at the surprising insight that media representations created martial arts rather than the other way around In this way he not only deepens our understanding of martial arts but also demonstrates the productive power of media discourses

Martial Arts in Indonesian Cinema and Television Patrick Keilbart, 2021-06-29 This book studies the Indonesian martial art Pencak Silat and related media practices and building on that assesses mediatization processes meaning the potential influence of technology based media practices Pencak Silat represents a cultural system of values and beliefs with hierarchical structures and relations and social advancement being mediated in embodied social learning The study contributes to martial arts studies and media studies demonstrating potentials and limitations of media technologies and their dis embodiment their extension or reduction of the body as medium and their embeddedness in or detachment from a given socio cultural context With Pencak Silat being practiced all over Indonesia by a large part of the population the thesis also represents a contribution to Indonesian studies Based on extensive fieldwork between 2008 and 2016 the study analyzes martial arts and as media in Indonesia and presents an ethnography of Pencak Silat and mediatization

Chinese Martial Arts: Changing Views and Practices Michael DeMarco, Since ancient times some observant people have made the revered Book of Change Yijing their lifelong study Change is the fundamental principle found in every aspect of our lives Change is the Way of the universe Confucian and Daoist texts are filled with anecdotal and philosophic discourse related to this theme There is little wonder why we find the concept of change in the diverse Chinese martial traditions This anthology presents articles from the Journal of Asian Martial Arts that are related to the theme of change This does not mean that the authors are writing solely about philosophic ideas such as yin yang taiji five phases wuxing or the eight hexagrams bagua From the content of these articles you will see how the views needs purposes and understandings of Chinese martial arts have changed over the centuries By expounding on these themes each author demonstrates how the actual practice of martial arts has changed in tandem with these fluctuating views Supported by in depth research interviews and field experience the nine articles included here offer us a view of Chinese martial arts from many angles Of course effectiveness is one of the criteria for skills that are valued as being truly

martial To improve the effectiveness some leading practitioners gained insights from nature particularly from the animal kingdom Also in both ancient and modern times Chinese practitioners borrowed from other styles The concept of mixed martial arts is nothing new There have been spinoffs to the warrior arts Even centuries ago the martial arts were utilized in entertaining flowery performances as in Peking opera The variety of martial movements were certainly conducive for good health so there is a long tradition of incorporating these in exercises practices solely for health and longevity In the early twentieth century martial arts became a political tool for boosting the spirit of country vitalizing the sick man of Asia Perhaps the most notable change in Chinese martial arts can be seen in the modern sportification of it Motivated by rank trophies and money the combative elements have been forsaken in favor of competition and show Originally practical techniques have been transformed into pure acrobatics This special anthology provides an encompassing overview of the development and variety of Chinese martial arts You will come to appreciate the ancient roots and the forces that have influenced how and why these arts are practiced today
