posthumously published *The Legend of Sigurd and Gudrún* appealing more to readers strictly interested in creative takes on classic Norse tales this title attracts new readers by offering solid retellings and contextual information that serve as a valuable introduction to this rich tradition. Library Journal While the main focus of the book is on telling the stories some scene setting is provided at the beginning and each chapter also contains a section of commentary to explain what is going on and its significance. The Norse myths have gained widespread attention in the English speaking world partly through a Scandinavian diaspora especially in the USA and partly through a great interest in the myths and legends which lie behind Viking activity. Tolkien's Middle Earth too as seen in both *The Lord of the Rings* and *The Hobbit* films is heavily indebted to Germanic Norse mythology. The Whittock's book fills a gap in the market between academic publications and the interest generating but confusing products of Hollywood and comic culture. This is an accessible book which both provides a retelling of these dramatic stories and also sets them in context so that their place within the Viking world can be understood. The book explores Norse myths stories usually religious which explain origins why things are as they are the nature of the spiritual and legends stories which attempt to explain historical events and which may involve historical characters but which are told in a non historical way and which often include supernatural events. **Myths and Legends of the Vikings**, 1999

Recounts a number of the most compelling Norse legends and provides a fascinating introduction to Viking mythology. Norse Mythology Neil Matt Hamilton, 2019-09-28 Norse myths have long fascinated millions around the world. Tales of Norse Gods like Thor and Loki have sustained the imaginations of adult and young people alike even into modern times. Indeed figures of Norse legend have permeated into mainstream culture in the form of popular characters from television and film. One God in particular has even given his name to a day of the week. In *Norse Mythology: Fascinating Myths and Legends of Norse Gods, Heroes and Viking Beliefs* you will be exposed to the original tales of the Gods, the tales that modern depictions are ultimately inspired by. Norse myth has become a part of us in ways that we do not fully appreciate. Indeed the Norse God Thor has come to embody the ideal of strength and masculinity. The trickster God Loki on the other hand has come to represent some of the more sinister and unpredictable elements of Man. In fact the Norse used their Gods to embody those aspects of Man's own nature that were often at war. In *Norse Mythology: Fascinating Myths and Legends of Norse Gods, Heroes and Viking Beliefs* you will learn about all the Gods by reading about the tales that formed the basis of the myths about them. *Norse Mythology: Fascinating Myths and Legends of Norse Gods, Heroes and Viking Beliefs* explores the Norse Gods and the Viking belief system through the tales told by people living at the time. They told tales about the formation of the universe about how the universe was divided and how the Gods and giants made war with one another. Because the Viking belief system was reflected in these tales about their Gods and historical figures learning about the Gods and heroes in this way allows the reader to understand who the Vikings were and why they were. The world of Norse myth was very different from our own. The people at the heart of Norse civilization living in modern day Scandinavia Northern Germany as

well as other areas of Norse settlement like Iceland and the British Isles these people were part of a culture so far removed from how we think and perceive today as to be almost unrecognizable But that does not mean that you must struggle to understand Norse legends and the Vikings who believed in them In Norse Mythology Fascinating Myths and Legends of Norse Gods Heroes and Viking Beliefs you will learn everything there is to learn about Norse mythology You will learn the different groups of living things that existed in the universe how the universe was divided into nine worlds who the major Gods and Goddesses were who some of the important heroes were and how the speakers of Old Norse recorded the feats of gods and men in books called sagas These sagas told the tales of the great figures of Norse legend In Norse Mythology Fascinating Myths and Legends of Norse Gods Heroes and Viking Beliefs you will learn some of these tales including The Tale of Odin's Eye and Mimir's Head The Unusual Wedding of Freyja Loki and His Strange Children The Death of Baldr The Kidnapping of Idun The Birth of Sigurd And Ragnarok the Twilight of the Gods Buy now to learn more than you ever dreamed about Norse Gods and Goddesses and Viking beliefs
