

The background of the entire page is a sepia-toned photograph. It depicts a man and a woman, likely from a non-Western culture, standing in front of a building with a prominent thatched roof. The man is on the right, wearing a light-colored, possibly woven, garment and a head covering. The woman is on the left, wearing a dark, patterned garment and a head covering. They are both looking towards the camera. The lighting is soft, and the overall tone is historical and ethnographic.

Abrams, 2013-07-19 Shetland has a history unique in Europe for over the past two centuries it was a place where women dominated the family economy and the cultural imagination Women ran households and crofts without men They maintained families and communities because men were absent And they constructed in their minds an identity of themselves as liberated long before organised feminism was invented And yet Shetland is a place which was made by the most masculine of societies those of the Picts Scots and above all the Vikings and its contemporary identity still draws on the heroic exploits and sagas of medieval Norsemen This book examines how against this tradition Shetland became a female place and offers answers as to how in this most isolated island community the inhabitants transgressed and reversed their traditional gender

roles Reconstructing this woman's world from fragments of cultural experience captured in written and oral sources this book will appeal to scholars in the fields of social and cultural history social anthropology gender and women's studies

**The Subordinated Sex** Vern L. Bullough, Brenda Shelton, Sarah Slavin, 1988-10-01 *The Subordinated Sex* traces the enduring powerful legacy of male attitudes toward women their sexuality and their roles as wives and mothers Traditionally the creators and chroniclers of opinion men have until recently written a history that reflects only their own convictions and impressions a history rarely punctuated by a female voice and founded on an almost universal belief in women's inferiority Acclaimed as a pioneering study when first published in 1973 Vern Bullough's work has since established itself as a standard in historical literature on women Updated and revised with Sarah Slavin and Brenda Shelton *The Subordinated Sex* is a vast survey ranging from prehistoric to contemporary times examining a diversity of cultures and taking into account writings from a great variety of sources From a consideration of Babylonian legal codes to Victorian prescriptive medical pamphlets medieval clerical treatises to Islamic erotic poetry Bullough and his coauthors recount not only how men have portrayed women but also how they have justified their subordination of the opposite sex In recent years women have successfully challenged males' self-designated role as gatekeepers of written records and have found within the past a more complete view of how women lived what they thought and what they achieved By focusing however not on women's history but on the history of men's attitudes toward their female companions *The Subordinated Sex* reveals more than any other single work the conditions that sparked the feminist movement and the reasons it must inspire a change in the lives of men as well as women
