Myths Of Modern Individualism Faust Don Quixote Don Juan Robinson Crusoe:

Myths of Modern Individualism Ian Watt, 1996 In this volume Ian Watt examines the myths of Faust Don Quixote Don Juan and Robinson Crusoe as the distinctive products of modern society He traces the way the original versions of Faust Don Quixote and Don Juan all written within a forty year period during the Counter Reformation presented unflattering portrayals of the three figures while the Romantic period two centuries later recreated them as admirable and even heroic The twentieth century retained their prestige as mythical figures but with a new note of criticism Robinson Crusoe came much later than the other three but his fate can be seen as representative of the new religious economic and social attitudes which succeeded the Counter Reformation The four figures help to reveal problems of individualism in the modern period solitude narcissism and the claims of the self versus the claims of society They all pursue their own view of what they should be raising strong questions about their heroes character and the societies whose ideals they reflect **Subject Without**

Nation Stefan Jonsson, 2000 Jonsson analyzes how Musil explains the foundation of modern theories of subjectivity *The Modern Myths* Philip Ball, 2021-05-01 With *The Modern Myths* brilliant science communicator Philip Ball spins a new yarn From novels and comic books to B movies it is an epic exploration of literature new media and technology the nature of storytelling and the making and meaning of our most important tales Myths are usually seen as stories from the depths of time fun and fantastical but no longer believed by anyone Yet as Philip Ball shows we are still writing them and still living them today From Robinson Crusoe and Frankenstein to Batman many stories written in the past few centuries are commonly perhaps glibly called modern myths But Ball argues that we should take that idea seriously Our stories of Dracula Dr Jekyll and Mr Hyde and Sherlock Holmes are doing the kind of cultural work that the ancient myths once did Through the medium of narratives that all of us know in their basic outline and which have no clear moral or resolution these modern myths explore some of our deepest fears dreams and anxieties We keep returning to these tales reinventing them endlessly for new uses But what are they really about and why do we need them What myths are still taking shape today And what makes a story become a modern myth In *The Modern Myths* Ball takes us on a wide ranging tour of our collective imagination asking what some of its most popular stories reveal about the nature of being human in the modern age **The Faustus Myth in**

the English Novel Şeyda Sivrioğlu, 2017-06-23 The Faustus myth before being identified as a myth was the folktale of a man named Faustus who lived in Germany Underneath the popularity of this myth lies the basic human instinct to trespass the limits of traditional knowledge in pursuit of self definition authentic knowledge and power This search and transgression also involve the desire to exercise the right of making free authentic choices Faustus represents universal issues that are relevant for all human beings which explains the reason why he has acquired mythic stature Indeed a most persistent myth has evolved the appeal of which has led one writer after the other to reshape it After his story became popular he reappeared even in contemporary culture in different art forms such as literature both high brow and popular including comics the ballet

and the opera The real historical Faustus came onto the scene as a scholar and persistently reappeared in literature assuming different identities which however shared basically the same qualities This book demonstrates and offers different perspectives to versions of the Faustus myth in literature Christopher Marlowe's The Tragical History of the Life and Death of Doctor Faustus Goethe's Faust and John Fowles The Magus The Faustus Myth is a cycle which starts and ends in tragic circumstances in Christopher Marlowe's Renaissance Faustus in salvation in Johann Wolfgang von Goethe's Faust and in meaninglessness ambiguous collapses in John Fowles existentialist Nicholas Urfe The Cambridge Companion to 'Robinson Crusoe' John Richetti, 2018-04-26 Explores a major eighteenth century narrative and the power of the Crusoe figure beyond the pages of the original book **Myth in the Modern Novel** Liisa Steinby, 2023-03-20 Myth in the Modern Novel Imagining the Absolute posits a twofold thesis First although Modernity is regarded as an era dominated by science and rational thought it has in fact not relinquished the hold of myth a more primitive form of thought which is difficult to reconcile with modern rationality Second some of the most important statements as to the reconcilability of myth and Modernity are found in the work of certain prominent novelists This book offers a close examination of the work of eleven writers from the late eighteenth century to the beginning of the twenty first representing German French American Czech and Swedish literature The analyses of individual novels reveal a variety of intriguing views of myth in Modernity and offer an insight into the modernizing transformations myth has undergone when applied in the modern novel The study shows the presence of the subconscious the mythic layer in modern western culture and how this has been dealt with in novelistic literature Changing European Visions of Disaster and Development Vanessa Pupavac, Mladen Pupavac, 2020-09-02 Goethe's 1832 poem Faust offers a vision of humanity realising freedom and prosperity through transcending natural adversity Changing European Visions of Disaster and Development returns to Faust as a way of exploring the rise and fall of European humanist aspirations to build free and prosperous national political communities protected from natural disasters Faust stories emerged in early modern Europe linked to the shaking of the traditional religious and political order and the pursuit of new areas of human knowledge and activity which led to a shift from viewing disasters as acts of God to acts of nature Faust's dam building and land reclamation project in Goethe's poem was inspired by Dutch hydro engineering and in turn inspired others Faustian dreams of an engineered future were pursued by the American Yugoslav inventor Nikola Tesla and the country of his birth towards establishing its national independence and escaping the fate of being a borderland Faust remains a compelling reference point to explore European visions of disaster and development If Faust captured the European spirit of earlier centuries what is today's outlook Ambitious Faustian development visions to eradicate natural disasters have been replaced by anti Faustian risk cosmopolitanism sceptical towards human activity in ways counter to building collective protection from disaster Tesla's country of birth fears returning to being an insecure borderland of Europe This powerful and timely book calls for a rekindling of European humanism and Faust's vision of free people standing on free
