Mythwaking Homeric Hymns A Modern Sequel:

Broken and Reset Vincent Barrett Price, 2007 These poems reveal Price's healing from the crippling traps of childhood and the rejection of the conformity required by modern American life **Mythwaking** Vincent Barrett Price, 2004 *The Homeric Hymns*, 2004-08-02 A rich source for students of Greek mythology and literature the Homeric hymns are also fine poetry Attributed by the ancients to Homer these prooimia or preludes were actually composed over centuries and used by poets to prepare for the singing or recitation of longer portions of the Homeric epics In his acclaimed translations of the hymns Apostolos Athanassakis preserves the essential simplicity of the original Greek offering a straightforward line by line translation that makes no attempts to masquerade or modernize For this long awaited new edition Athanassakis enhances his classic work with a comprehensive index careful and selective changes in the translations themselves and numerous additions to the notes which will enrich the reader's experience of these ancient and influential poems *The Homeric Hymns* Andrew Faulkner, 2011-06-30 This is the first collection of scholarly essays on the Homeric Hymns a corpus of 33 hexameter poems celebrating gods that were probably recited at religious festivals among other possible performance venues and were frequently attributed in antiquity to Homer After a general introduction to modern scholarship on the Homeric Hymns the essays of the first part of the book examine in detail aspects of the longer narrative poems in the collection while those of the second part give critical attention to the shorter poems and to the collection as a whole The contributors to the volume present a wide range of stimulating views on the study of the Homeric Hymns which have attracted much interest in recent years **The Homeric Hymns** Susan Chadwick Shelmerdine, 1995 English translation of all the Homeric Hymns with notes and introductions **Traditional Themes and the Homeric Hymns** Cora Angier Sowa, 1984 A thorough analysis of the mechanics of the language of Homer as used in the Iliad and the Odyssey *The Homeric Hymns* Andrew Lang, 2022-09-15 In *The Homeric Hymns* Andrew Lang presents an illuminating collection of ancient Greek hymns dedicated to various gods and divine figures traditionally attributed to Homer Lang's literary style is characterized by its elegant prose and meticulous attention to the nuances of the original texts which allows for a rich exploration of themes such as piety human divine interaction and the cultural significance of myths Set against the backdrop of the oral traditions that predate and inform much of classical literature this collection not only serves as a testament to the artistry of early Greek poetry but also enriches our understanding of the religious and social fabric of ancient Greece Andrew Lang a Scottish poet novelist and folklorist was deeply immersed in the study of mythology and comparative literature His extensive background in classical texts combined with his passion for folklore propelled him to collect and translate these hymns making them accessible to a contemporary audience Lang's scholarly endeavors including his work on the Blue Fairy Book series were fueled by a desire to preserve and illuminate the cultural heritage of diverse traditions establishing him as a pivotal figure in the field of folklore studies I highly recommend *The Homeric Hymns* to readers eager to delve into the

foundational myths of Western literature Lang s adept translations breathe new life into these ancient verses making them both approachable and thought provoking This collection not only enhances one s appreciation of Greek mythology but also invites readers to reflect on the timeless connection between humanity and the divine The Homeric Hymns Diane J.
