Nabby Adams Diary:

Journal and Correspondence of Miss Adams: France and England, 1785 Abigail Adams Smith, 1841-01-01 Daughter of the second president of the United States and his wife Abigail Nabby Adams traveled with her mother the irrepressible Abigail Adams to Europe in 1783 These letters and journal were penned from there in 1785 and include meetings with the famous and royal as well as affectionate and humorous anecdotes She mentions dinners and teas with Benjamin Franklin Thomas Jefferson John Jay among others While abroad she met and married Colonel William Stephens Smith an aide to her father These intimate writings bring an important part of American history to life Just a look at the cover image of the young intelligent Nabby lets you know you re in for a good read Nabby Smith died at 48 from breast cancer For less than you d spend on gas going to the library this long out of print volume is available as an affordable well formatted book for e readers and smartphones Be sure to LOOK INSIDE by clicking the cover above or download a sample **Nabby Adams' Diary**

Miriam Anne Bourne, Stephen Gammell, 1975-01-01 A fictional diary of the second President s daughter detailing the ten year period of her life from 1774 1784 *A View from Abroad* Jeanne E. Abrams, 2021-02-02 Reveals how the European travels of John and Abigail Adams helped define what it meant to be an American From 1778 to 1788 the Founding Father and later President John Adams lived in Europe as a diplomat Joined by his wife Abigail in 1784 the two shared rich encounters with famous heads of the European royal courts including the ill fated King Louis XVI and Queen Marie Antoinette and the staid British Monarchs King George III and Queen Charlotte In this engaging narrative *A View from Abroad* takes us on the first full exploration of the Adams s lives abroad Jeanne E Abrams reveals how the journeys of John and Abigail Adams not only changed the course of their intellectual political and cultural development transforming the couple from provincials to sophisticated world travelers but most importantly served to strengthen their loyalty to America Abrams shines a new light on how the Adamses and their American contemporaries set about supplanting their British origins with a new American identity They and their fellow Americans grappled with how to reorder their society as the new nation took its place in the international transatlantic world After just a short time abroad Abigail maintained that My Heart and Soul is more American than ever We are a family by ourselves The Adamses quest to define what it means to be an American and the answers they discovered in their time abroad still resonate with us to this day **View from Abroad** Jeanne E. Abrams, 2024 Abigail and John Adams G. J. Barker-Benfield, 2010-11-15 During the many years that they were separated by the perils of the American Revolution John and Abigail Adams exchanged hundreds of letters Writing to each other of public events and private feelings loyalty and love revolution and parenting they wove a tapestry of correspondence that has become a cherished part of American history and literature With Abigail and John Adams historian G J Barker Benfield mines those familiar letters to a new purpose teasing out the ways in which they reflected and helped transform a language of sensibility inherited from Britain but amid the revolutionary fervor becoming Americanized Sensibility a heightened moral

consciousness of feeling rooted in the theories of such thinkers as Descartes Locke and Adam Smith and including a moral sense akin to the physical senses threads throughout these letters As Barker Benfield makes clear sensibility was the fertile humanizing ground on which the Adamses not only founded their marriage but also the abhorrence of injustice and inhumanity they and their contemporaries hoped to plant at the heart of the new nation Bringing together their correspondence with a wealth of fascinating detail about life and thought courtship and sex gender and parenting and class and politics in the revolutionary generation and beyond Abigail and John Adams draws a lively convincing portrait of a marriage endangered by separation yet surviving by the same ideas and idealism that drove the revolution itself A feast of ideas that never neglects the real lives of the man and woman at its center Abigail and John Adams takes readers into the heart of an unforgettable union in order to illuminate the first days of our nation and explore our earliest understandings of what it might mean to be an American

The Earliest Diary of John Adams John Adams, Lyman Henry Butterfield, Wendell D. Garrett, Marc Friedlaender, 1966 Among other matters contains material about John Adams life as an undergraduate at Harvard his law studies his ambitions and his observations on girls Dust jacket

Revolutionary Medicine Jeanne E. Abrams, 2015-09-04 Before the advent of modern antibiotics one's life could be abruptly shattered by contagion and death and debility from infectious diseases and epidemics was commonplace for early Americans regardless of social status Concerns over health affected the founding fathers and their families as it did slaves merchants immigrants and everyone else in North America As both victims of illness and national leaders the founders occupied a unique position regarding the development of public health in America This work refocuses the study of the lives of George and Martha Washington Benjamin Franklin Thomas Jefferson John and Abigail Adams and James and Dolley Madison away from the usual lens of politics to the unique perspective of sickness health and medicine in their era For the founders republican ideals fostered a reciprocal connection between individual health and the health of the nation Studying the encounters of these American founders with illness and disease as well as their viewpoints about good health not only provides us with insight into their lives but also opens a first hand window into the practice of medicine in the eighteenth century Perhaps most importantly today's American public health initiatives have their roots in the work of America's founders for they recognized early on that government had compelling reasons to shoulder some new responsibilities with respect to ensuring the health and well being of its citizenry The state of medicine and public healthcare today is still a work in progress but these founders played a significant role in beginning the conversation that shaped the contours of its development Publisher information

Thomas Jefferson and American Nationhood Brian Steele, 2012-07-30 This book emphasises the centrality of nationhood to Thomas Jefferson's thought and politics envisioning Jefferson as a cultural nationalist whose political project sought the alignment of the American state system with the will and character of the nation Jefferson believed that America was the one nation on earth able to realise in practice universal ideals to which other peoples could only aspire He appears in the book as

the essential narrator of what he once called the American Story as the historian the sociologist and the ethnographer the political theorist of the nation the most successful practitioner of its politics and its most enthusiastic champion The book argues that reorienting Jefferson around the concept of American nationhood recovers an otherwise easily missed coherence to his political career and helps make sense of a number of conundrums in his thought and practice *The Diary* Batsheva Ben-Amos, Dan Ben-Amos, 2020-03-10 The diary as a genre is found in all literate societies and these autobiographical accounts are written by persons of all ranks and positions The Diary offers an exploration of the form in its social historical and cultural literary contexts with its own distinctive features poetics and rhetoric The contributors to this volume examine theories and interpretations relating to writing and studying diaries the formation of diary canons in the United Kingdom France United States and Brazil and the ways in which handwritten diaries are transformed through processes of publication and digitization The authors also explore different diary formats including the travel diary the private diary conflict diaries written during periods of crisis and the diaries of the digital era such as blogs The Diary offers a comprehensive overview of the genre synthesizing decades of interdisciplinary study to enrich our understanding of research about and engagement with the diary as literary form and historical documentation **At Home** Beth Luey, 2019-08-30 With its abundant history of prominent families Massachusetts boasts some of the most historically rich residences in the country In the eastern half of the Commonwealth these include Presidents John and John Quincy Adams's home in Quincy Bronson and Louisa May Alcott's Orchard House in Concord the Charles Bulfinch designed Harrison Gray Otis House in Boston and Edward Gorey's Elephant House in Yarmouth Port In *At Home* Historic Houses of Eastern Massachusetts Beth Luey uses architectural and genealogical texts wills correspondences and diaries to craft delightful narratives of these notable abodes and the people who variously built acquired or renovated them Filled with vivid details and fresh perspectives that will surprise even the most knowledgeable aficionados each chapter is short enough to serve as an introduction for a visit to its house All the homes are open to the public **Liberty's Daughters** Mary Beth Norton, 1996 This book represents social history on a grand scale imaginatively conceived and massively researched Norton brilliantly portrays a dramatic transformation of women's private lives in the wake of the Revolution First published in 1980 and recently out of print *Liberty's Daughters* is widely considered a landmark book on the history of American women and on the Revolution itself **Abigail Adams and Her Times** Laura Elizabeth Howe Richards, 1917 *First Ladies* Betty Caroli, 2010-07-15 Betty Boyd Caroli's engrossing and informative *First Ladies* is both a captivating read and an essential resource for anyone interested in the role of America's First Ladies This expanded and updated fourth edition includes Laura Bush's tenure Hillary Clinton's 2008 presidential bid and an in depth look at Michelle Obama one of the most charismatic and appealing First Ladies in recent history Covering all forty one women from Martha Washington to Michelle Obama and including the daughters daughters in law and sisters of presidents who sometimes served as First Ladies Caroli explores each woman's background marriage and accomplishments and failures

in office This remarkably diverse lot included Abigail Adams whose remember the ladies became a twentieth century feminist refrain Jane Pierce who prayed her husband would lose the election Helen Taft who insisted on living in the White House although her husband would have preferred a judgeship Eleanor Roosevelt who epitomized the politically involved First Lady and Pat Nixon who perfected what some have called the robot image They ranged in age from early 20s to late 60s some received superb educations for their time while others had little or no schooling Including the courageous and adventurous the emotionally unstable the ambitious and the reserved these women often did not fit the traditional expectations of a presidential helpmate Here then is an engaging portrait of how each First Lady changed the role and how the role changed in response to American culture These women left remarkably complete records and their stories offer us a window through which to view not only this particular sorority of women but also American women in general Impressive Caroli s profiles and observations of American first ladies and their relationship to the media are intelligent and perceptive Philadelphia Inquirer

First Ladies Betty Boyd Caroli, 2019-04-05 Betty Boyd Caroli s engrossing and informative First Ladies is both a captivating read and an essential resource for anyone interested in the role of America s First Ladies Caroli observes the role as it has shifted and evolved from ceremonial backdrop to substantive world figure This expanded and updated fifth edition presents Caroli s keen political analysis and astute observations of recent developments in First Lady history including Melania Trump s reluctance to take on the mantle and former First Lady Hilary Clinton s recent run for president Caroli here contributes a new preface and updated chapters Covering all forty five women from Martha Washington to Melania and Ivanka Trump and including the daughters daughters in law and sisters of presidents who served as First Ladies Caroli explores each woman s background marriage and accomplishments and failures in office This remarkable lot included Abigail Adams whose remember the ladies became a twentieth century feminist refrain Jane Pierce who prayed her husband would lose the election Helen Taft who insisted on living in the White House although her husband would have preferred a judgeship Eleanor Roosevelt who epitomized the politically involved First Lady and Pat Nixon who perfected what some have called the robot image They ranged in age from early 20s to late 60s some received superb educations for their time while others had little or no schooling Including the courageous and adventurous the ambitious and the reserved these women often did not fit the traditional expectations of a presidential helpmate First Ladies is an engaging portrait of how each First Lady changed the role and how the role changed in response to American culture These women left remarkably complete records and their stories offer us a window through which to view not only this particular sorority of women but also the role of American woman in general **First Dads** Joshua Kendall, 2015-09-29 Every president has had some experience as a parent Of the 43 men who have served in the nation s highest office 38 have fathered biological children and the other five adopted children Each president s parenting style reveals much about his beliefs as well as his psychological make up James Garfield enjoyed jumping on the bed with his kids FDR s children on the other hand had to make appointments to talk to him

In a lively narrative based on research in archives around the country Kendall shows presidential character in action Readers will learn which type of parent might be best suited to leading the American people and finally how the fathering experiences of our presidents have forever changed the course of American history **Cricket** ,1976-03 Stories riddles puzzles rhymes and articles by well known authors for early elementary grades Includes a section of original writings by readers **Our Lives, Our Fortunes and Our Sacred Honor** Richard R. Beeman,2013-05-07 Describes the political diplomatic and military challenges faced by the delegates from the 13 colonies at the Continental Congress and how they came together to agree to free themselves from British rule and forge independence for America Fears of a Setting Sun Dennis C. Rasmussen,2022-09-27 The surprising story of how George Washington Alexander Hamilton John Adams and Thomas Jefferson came to despair for the future of the nation they had created Americans seldom deify their Founding Fathers any longer but they do still tend to venerate the Constitution and the republican government that the founders created Strikingly the founders themselves were far less confident in what they had wrought particularly by the end of their lives In fact most of them including George Washington Alexander Hamilton John Adams and Thomas Jefferson came to deem America s constitutional experiment an utter failure that was unlikely to last beyond their own generation Fears of a Setting Sun is the first book to tell the fascinating and too little known story of the founders disillusionment As Dennis Rasmussen shows the founders pessimism had a variety of sources Washington lost his faith in America s political system above all because of the rise of partisanship Hamilton because he felt that the federal government was too weak Adams because he believed that the people lacked civic virtue and Jefferson because of sectional divisions laid bare by the spread of slavery The one major founder who retained his faith in America s constitutional order to the end was James Madison and the book also explores why he remained relatively optimistic when so many of his compatriots did not As much as Americans today may worry about their country s future Rasmussen reveals the founders faced even graver problems and harbored even deeper misgivings A vividly written account of a chapter of American history that has received too little attention Fears of a Setting Sun will change the way that you look at the American founding the Constitution and indeed the United States itself America's First Chaplain Kevin J. Dellape,2013-10-25 America s First Chaplain is a biography of the life of Philadelphia s Jacob Duch the Anglican minister who offered the most famous prayer and wrote one of the most infamous letters of the American Revolution For the prayer to open the First Continental Congress Duch was declared a national hero and named the first chaplain to the newly independent American Congress For the letter written to George Washington imploring the general to encourage Congress to rescind independence he was accused of high treason and sent into exile As a result of this apparently irreconcilable contradiction in the minister s behavior many of his contemporaries and most historians have assumed he was weak that in the moment of crisis his imprisonment by British authorities during their occupation of Philadelphia he cut a deal with the British for his own safety The evidence gathered from the life of Jacob Duch however points to a very different

conclusion one that reveals the immense complexity of the American Revolution and the havoc it wreaked on the lives of the people who experienced it The story of this deeply religious rector of Christ Church and St Peter s reveals the human side of the Revolution a story that includes great accomplishment and great tragedy It also provides insight into the complicated nature of Pennsylvania s democratic revolution the unique difficulties faced by Anglican leaders during the revolution and the weakness of simplistic categorizations such as patriot or loyalist For more than two centuries two events a prayer and a letter have obscured our view of the extraordinary life lying in the background This biography attempts to reinterpret the prayer and the letter in light of the man behind them and in the process to uncover the real significance of both as well as to gain a glimpse into the complexity and contradictions of the American Revolution

Revolutionary Brothers Tom Chaffin, 2019-11-26 Chaffin s well told tale of two revolutions centers on the fascinating sometimes intersecting careers of Thomas Jefferson and the Marquis de Lafayette Peter S Onuf coauthor of the New York Times bestseller *Most Blessed of the Patriarchs* Thomas Jefferson and the Marquis de Lafayette shared a singularly extraordinary friendship one involved in the making of two revolutions and two nations Jefferson first met Lafayette in 1781 when the young French born general was dispatched to Virginia to assist Jefferson then the state s governor in fighting off the British The charismatic Lafayette hungry for glory could not have seemed more different from Jefferson the reserved statesman But when Jefferson a newly appointed diplomat moved to Paris three years later speaking little French and in need of a partner their friendship began in earnest As Lafayette opened doors in Paris and Versailles for Jefferson so too did the Virginian stand by Lafayette as the Frenchman became inexorably drawn into the maelstrom of his country s revolution Jefferson counseled Lafayette as he drafted The Declaration of the Rights of Man and remained a firm supporter of the French Revolution even after he returned to America in 1789 By 1792 however the upheaval had rendered Lafayette a man without a country locked away in a succession of Austrian and Prussian prisons The burden fell on Jefferson along with Lafayette s other friends to win his release The two would not see each other again until 1824 in a powerful and emotional reunion at Jefferson s Monticello Steeped in primary sources *Revolutionary Brothers* casts fresh light on this remarkable often complicated friendship of two extraordinary men A compelling narrative of an epic and unlikely friendship from the Enlightenment era Walter S Isaacson 1 New York Times bestselling author

Reviewing **Nabby Adams Diary**: Unlocking the Spellbinding Force of Linguistics

In a fast-paced world fueled by information and interconnectivity, the spellbinding force of linguistics has acquired newfound prominence. Its capacity to evoke emotions, stimulate contemplation, and stimulate metamorphosis is actually astonishing.
