## Nachrichten Aus Israel:

**NEWS FROM ISRAEL**, 1984      *Christian News from Israel*, 1985      *Undeclared Wars with Israel* Jeffrey Herf, 2016-05-03 *Undeclared Wars with Israel* examines a spectrum of antagonism by the East German government and West German radical leftist organizations ranging from hostile propaganda and diplomacy to military support for Israel's Arab armed adversaries from 1967 to the end of the Cold War in 1989. This period encompasses the Six Day War 1967, the Yom Kippur War 1973, Israel's invasion of Lebanon in 1982, and an ongoing campaign of terrorism waged by the Palestine Liberation Organization against Israeli civilians. This book provides new insights into the West German radicals who collaborated in actions with Palestinian terrorist groups and confirms that East Germany along with others in the Soviet Bloc had a much greater impact on the conflict in the Middle East than has been generally known. A historian who has written extensively on Nazi Germany and the Holocaust, Jeffrey Herf now offers a new chapter in this long sad history.      **Israel** Adolphe Lods, 2005-10-24 Originally published between 1920-70, *The History of Civilization* was a landmark in early twentieth century publishing. It was published at a formative time within the social sciences and during a period of decisive historical discovery. The aim of the general editor C. K. Ogden was to summarize the most up to date findings and theories of historians, anthropologists, archaeologists, and sociologists. This reprinted material is available as a set or in the following groupings or as individual volumes: Prehistory and Historical Ethnography Set of 12 0 415 15611 4 800 00; Greek Civilization Set of 7 0 415 15612 2 450 00; Roman Civilization Set of 6 0 415 15613 0 400 00; Eastern Civilizations Set of 10 0 415 15614 9 650 00; Judaeo-Christian Civilization Set of 4 0 415 15615 7 250 00; European Civilization Set of 11 0 415 15616 5 700 00.      West Germany and Israel Carole Fink, 2019-01-17 By the late 1960s West Germany and Israel were moving in almost opposite diplomatic directions in a political environment dominated by the Cold War. The Federal Republic launched ambitious policies to reconcile with its Iron Curtain neighbors, expand its influence in the Arab world, and promote West European interests vis-à-vis the United States. By contrast, Israel, unable to obtain peace with the Arabs after its 1967 military victory and threatened by Palestinian terrorism, became increasingly dependent upon the United States, estranged from the USSR and Western Europe, and isolated from the Third World. Nonetheless, the two countries remained connected by shared security concerns, personal bonds, and recurrent evocations of the German Jewish past. Drawing upon newly available sources covering the first decade of the countries' formal diplomatic ties, Carole Fink reveals the underlying issues that shaped these two countries' fraught relationship and sets their foreign and domestic policies in a global context.      The Rhetoric of News in the Israel Radio Itzhak Roeh, 1982      *The Special Relationship between West Germany and Israel* Lily Gardner Feldman, 2025-04-30 First Published in 1984, *The Special Relationship between West Germany and Israel* stresses the uniqueness of the historical ties between Germans and Jews but attempts to set the implementation of post-war German-Israeli policy relations in the context of a general theory of bilateral ties between states. Lily Gardner Feldman has articulated the concept of the special

relationship and indicated its relevance for other international partnerships including those between France and Germany and the United States and Israel. It is difficult to imagine a less likely bilateral relationship of friendship and mutual support after World War II than one between Germans and Jews. Yet in their simultaneous efforts to establish legitimacy in the family of nations the Federal Republic of Germany and Israel turned to each other. And so in one of history's greatest ironies West Germany looked to Israel for the Nazi victims to acknowledge the moral acceptability of the successor state and Israel looked to Germany as the lone industrial state with both the means and the will to provide a measure of economic security. This book reveals the intricacies of the German-Israeli policy relationship in a setting of extensive and complicated ties between German and Israeli societies and individuals. It is based on more than 100 interviews with key actors in erstwhile West Germany and Israel. The innovative combination of theory and practice about such dramatic historical and contemporary importance should appeal not only to academics but also to the policy communities.

The Position of the German Language in the World Ulrich Ammon, 2019-08-08. The Position of the German Language in the World focuses on the global position of German and the factors which work towards sustaining its use and utility for international communication. From the perspective of the global language constellation the detailed data analysis of this substantial research project depicts German as an example of a second rank language. The book also provides a model for analysis and description of international languages other than English. It offers a framework for strengthening the position of languages such as Arabic, Chinese, French, Portuguese, Spanish and others and for countering exaggerated claims about the global monopoly position of English. This comprehensive handbook of the state of the German language in the world was originally published in 2015 by Walter de Gruyter in German and has been critically acclaimed. Suitable for scholars and researchers of the German language the handbook shows in detail how intricately and thoroughly German and other second rank languages are tied up with a great number of societies and how these statistics support or weaken the languages functions and maintenance.

**Unerklärte Kriege gegen Israel** Jeffrey Herf, 2019-09-30. Wenn Antizionismus und Antisemitismus aufeinandertreffen. Die DDR als inoffizieller Kriegsgegner Israels. Der US-amerikanische Historiker Jeffrey Herf untersucht das weite Spektrum der Feindseligkeiten seitens der DDR und der westdeutschen radikalen Linken gegen Israel. Von Propaganda über Waffenlieferungen an arabische Staaten die sich mit Israel im Kriegszustand befanden bis hin zum demonstrativen Schulterchluss mit terroristischen Organisationen. Der untersuchte Zeitraum reicht vom Jahr 1967 bis 1989 und umfasst den Sechstage Krieg 1967, den Jom Kippur Krieg und den Libanon Krieg 1982 sowie die terroristischen Anschläge der PLO und anderer Organisationen. Herf leistet in seiner berflligen Studie zweierlei. Er liefert neue Erkenntnisse über das Ausmaß der Kooperation der westdeutschen radikalen Linken mit terroristischen Organisationen. Vor allem aber kann er überzeugend belegen dass die DDR und andere Ostblockstaaten einen weit größeren Einfluss auf den Nahostkonflikt genommen hat als bislang angenommen.

**Germany and Israel in the 1990s and Beyond** Yves Pallade, 2005 This is both a comprehensive and profound analysis of the German Israeli relationship during the 1990s and beyond which tries to answer the question whether it can still be considered a special one It comprises a thorough examination of the relations in virtually all existing areas of contact between both countries ranging from high politics to social contacts public opinion and media reporting Hitherto largely unknown aspects in particular in the sphere of security cooperation are brought to light allowing a perspective different from conventional accounts Far from contenting itself with a mere enumeration of facts the critical approach taken by the author also highlights both problematic dimensions of and challenges to the relationship *The Dauchy Co.'s Newspaper Catalogue*, 1904 *Geschichte Des Volkes Israel* Rudolf Kittel, 1922

**Windmueller Family Chronicle - Supplement 1984** Inge Windmueller Horowitz, Ida Stein Windmueller, 1983-12-31 This booklet includes corrections and additions to the WINDMUELLER FAMILY CHRONICLE 1981 published by Windmill Press Associates

*Jews and Protestants* Irene Aue-Ben David, Aya Elyada, Moshe Sluhovsky, Christian Wiese, 2020-08-24 The book sheds light on various chapters in the long history of Protestant Jewish relations from the Reformation to the present Going beyond questions of antisemitism and religious animosity it aims to disentangle some of the intricate perceptions interpretations and emotions that have characterized contacts between Protestantism and Judaism and between Jews and Protestants While some papers in the book address Luther's antisemitism and the NS Zeit most papers broaden the scope of the investigation Protestant Jewish theological encounters shaped not only antisemitism but also the Jewish Reform movement and Protestant philosemitic post Holocaust theology interactions between Jews and Protestants took place not only in the German lands but

also in the wider Protestant universe theology was crucial for the articulation of attitudes toward Jews but music and philosophy were additional spheres of creativity that enabled the process of thinking through the relations between Judaism and Protestantism By bringing together various contributions on these and other aspects the book opens up directions for future research on this intricate topic which bears both historical significance and evident relevance to our own time
