**Quechua de Huarás, en Español e Inglés: Glosario** Menandra Mosquera,2012-11-30 This glossary has been prepared in order to leave a record of the Quechua spoken by the people of Huarás and surrounding areas in the mid 20th century Huarás capital of the Region Department of Ancash Peru has a distinct form of Quechua That dialect was endangered due to a massive earthquake on May 31 1970 Tens of thousands of people died and the city was destroyed Many of the survivors left the area Once rebuilt Huarás was repopulated with people new to the area who use Spanish or a different dialect to communicate Since then technological influences such as the Internet also reinforce the use of Spanish to the detriment of the local Quechua Born in Huarás I was raised in a bilingual environment Spanish and Quechua Although I left the area to attend the university I could always feel at home upon returning until that earthquake Since then it seems strange to return to an unfamiliar city due to people language and environment I hope this glossary will help the newer generations better understand not only their grandparents and ancestors but the culture from which they come Language and culture are intimately tied and much more than words is lost when a language dies The Inca Empire Tahuantinsuyo was invaded by Spain in 1532 At that time Quechua was spoken never written throughout the Inca civilization with many dialects Since then the Spanish language has been imposed but in Huarás never did it replace Quechua to the extent that it did in 1970 This glossary contains words several verb forms and phrases It is written with the expectation that it may help to preserve the inherited Quechua so that Huarás may remain bilingual It is written for huarasinos the people of Huarás If others find it useful better yet The glossary is in Quechua To facilitate access to the Quechua indices in Spanish and in English are included M Mosquera      *pablo neruda:poemas I-X de residencia en la tierra comentario critico* Carlos Cortínez,Pablo Neruda,1985

Foucauld Qu tiene este hombre que tras su conversión se retiró durante casi treinta años al desierto para atraer tan poderosamente a muchos de los espíritus más perspicaces de nuestra época. Cul es el nacimiento esencial del mensaje de este creyente seguidor fiel de Jesús de Nazaret y en Nazaret para que muchos contemporáneos intuyan en él un guion una ayuda para avanzar confiadamente en su vida cristiana y hasta un profeta de los que marcan senderos nuevos al cristianismo. El vizconde de Foucauld convertido en sirviente de las clarisas de Nazaret primero después en monje trapense y finalmente en ermitaño y misionero en el Sahara resplandece en el cielo de los amantes del Evangelio de Jesús por haber conseguido hacer de la fidelidad a Dios y a su propia personalidad una misma e identica realidad. Imposible ser fiel al Absoluto de Dios sin serlo al mismo tiempo y por el mismo motivo a la imagen y semejanza de dicho Absoluto que me llama desde dentro de mí de manera inconfundible e irrenunciable.

Immigration and Bureaucratic Control Eva Codó, 2008-08-27 This original study looks at language practices in a government agency responsible for granting or denying legal status to transnational migrants in Spain. Drawing on a unique corpus of naturally occurring verbal interactions between state officials and migrant petitioners as well as ethnographic materials and interviews it provides a fascinating insight into the relationship between language social heterogeneity and practices of exclusion. The book investigates how a national agency with homogenizing views of citizenship copes with the fundamental contradiction resulting from the state's commitment to the values of pluralism justice and equality and its function as the regulator of access to socioeconomic resources. By focusing on information provision the book explores how much room there is for individual agency in institutional contexts and shows that what happens in front line talk has very little to do with allowing immigrants access to crucial information but rather revolves around the regimentation of language and behavior and the enactment of social control. This publication will be welcomed by students and researchers in the fields of sociolinguistics language and immigration institutional talk and multilingualism.

**Gramática de la lengua castellana destinada al uso de los americanos** Andrés Bello, 2012-09-01 La Gramática de Antonio Nebrija dio entidad a la lengua de la Conquista y apareció en los albores del imperio español. Asimismo la Gramática de la lengua castellana destinada al uso de los americanos de Andrés Bello 1781-1865 sentó las bases del castellano en América. Así se convirtió en un elemento de identidad que en pleno siglo XIX marcó distancias con la lengua hablada en la Península Ibérica. Lo primero que a cualquier lector le puede llamar la atención es la restricción voluntaria de público. Afirmada en la misma declaración del título destinada al uso de los americanos. El autor la proclama y justifica también después en el prólogo. No tengo pretensión de escribir para los castellanos. Mis lecciones se dirigen a mis hermanos los habitantes de Hispanoamérica. Juzgo importante la conservación de la lengua de nuestros padres en su posible pureza como un medio providencial de comunicación y un vínculo de fraternidad entre las varias naciones de origen español derramadas sobre los dos continentes. Qui pudo mover a Bello esta limitación voluntaria de usuarios. Las respuestas por parte de varios estudiosos de la lengua han sido variadas. El autor modesto sobre manera la consagró a sus hermanos de Hispanoamérica. José Cuervo. Por
