

NAFTA

Question: What are the benefits of NAFTA?

Answer:

- **Mexico**
 - Increased jobs as low cost production moves south and more rapid economic growth
- **The U.S. and Canada**
 - Access to a large and increasingly prosperous market and lower prices for consumers from goods produced in Mexico
 - U.S. and Canadian firms with production sites in Mexico are more competitive in world markets

Nafta Business Law Hanbook 2001 Global Investment And Business Library

Rachel S Tattersall

Nafta Business Law Hanbook 2001 Global Investment And Business Library:

Trade Agreements, Investment Protection and Dispute Settlement in Latin America Belén Olmos Giupponi, 2019-01-15 In recent years many Latin American countries have liberalized their trade and investment regimes opening their markets to free international trade At the same time regional economic integration has boomed This book is the first systematic analysis in any language of these globally significant developments and the first comprehensive legal study of dispute settlement relating to foreign direct investment and trade in the region Undertaken by an expert in the field this study describes the current institutional framework of Latin American trade and investment law as well as specialized legal issues in the region s various economic blocs Among the many issues and topics raised the following may be mentioned questions of compliance and procedure in the context of today s international investment regime formalized dispute settlement mechanisms alternative dispute resolution channels including dispute prevention practices legitimacy and transparency of the various dispute settlement mechanisms inclusion of social clauses in trade and investment agreements and avoidance of investment treaty liability In order to offer a most accurate view of the effectiveness of the protection granted to foreign investors special attention is given to relevant case law completely covering the period 1985 2015 as well as arbitral precedents before international bodies and in jurisdictions across the region The book concludes with a critical examination of the future prospects of international economic law dispute settlement in the Americas pinpointing current trends and unveiling future possible avenues for change As an in depth explication of how the rules and principles of international economic law are applied in Latin America this book has no peers For practitioners drafting business agreements with Latin American companies or needing to ensure availability of appropriate remedies this book s detailed insight into international litigation in the region including case law illustrating the main topics will prove to be of immeasurable value Professionals in the arbitral community worldwide as well as governments dedicated research centres and officials in international organizations will welcome this book s model for comparative integration studies systematic guidance on procedure and case law of domestic and international courts and arbitral tribunals and extensive treatment of dispute settlement mechanisms in trade and investment agreements

The Oxford Handbook of International Arbitration Thomas Schultz, Federico Ortino, 2020-09-11 This Handbook brings together many of the key scholars and leading practitioners in international arbitration to present and examine cutting edge knowledge in the field Innovative in its breadth of coverage chapter topics range from the practicalities of how arbitration works to big picture discussions of the actors involved and the values that underpin it The book includes critical analysis of some of international arbitrations most controversial aspects whilst providing a nuanced account overall that allows readers to draw their own informed conclusions The book is divided into six parts after an introduction discussing the formation of knowledge in the field Part I provides an overview of the key legal notions needed to understand how international arbitration technically works such as the relation between arbitration and law the power of arbitral tribunals to

make decisions the appointment of arbitrators and the role of public policy Part II focuses on key actors in international arbitration such as arbitrators parties choosing arbitrators and civil society Part III examines the central values at stake in the field including efficiency legal certainty and constitutional ideals Part IV discusses intellectual paradigms structuring the thinking in and about international arbitration such as the idea of autonomous transnational legal orders and conflicts of law Part V presents the empirical evidence we currently have about the operations and effects of both commercial and investment arbitration Finally Part VI provides different disciplinary perspectives on international arbitration including historical sociological literary economic and psychological accounts International Business, 2000-2001 Fred H. Maidment, 1999-12 This reader of public press articles covers topics such as the nature of international business organizations and monetary systems in the international environment foreign environments and dynamics and how management deals with environmental forces **The Resolution of International Investment Disputes** Mariel Dimsey, 2008 This work deals with the current state of investment dispute resolution and analyzes the problems associated with investor state arbitration The author examines developments in the existing legal framework and looks at the mechanisms under existing domestic and international systems such as judicial review and class actions to see if these can be applied to investment dispute resolution The author concludes that the features of traditional arbitration are not flexible enough to meet the needs of this modern form of international dispute resolution Investment arbitration is now entering a new phase of its development The traditional typically arbitration related issues of consent privity and confidentiality are making room for the now more important questions of disclosure transparency legal certainty and consistency The author calls for setting up a model procedure specifically created for international investment disputes as this would enable the establishment of a tailor made process for this ever growing area of law The Best Books for Academic Libraries: Social sciences , 2002 Books recommended for undergraduate and college libraries listed by Library of Congress Classification Numbers *Freeing Trade in North America* Greg Anderson, 2020-03-02 Conceived in an era of rapid post Cold War economic liberalization the North American Free Trade Agreement NAFTA signed in 1994 brought together Canada Mexico and the United States with the aim of creating a regional trade bloc that eliminated the friction and costs of trade between the three nations Without an overarching institutional framework NAFTA never sought to attain the levels of integration achieved by the European Union for many it was a missed opportunity and never quite fulfilled its potential as a single market And under Donald Trump s administration a trilateral trade agreement has become increasingly precarious Freeing Trade in North America explains the theory behind the politics and economics of trade in North America offering an accessible and concise analysis of the key provisions shortcomings and past revision efforts of the governments involved At a time of increasing protectionism and heightened awareness of trading relationships the book highlights the lessons to be learned from the fraught history of one of the largest trade blocs in the world *Guide to International Legal Research*

,2008 Index to Legal Periodicals & Books ,2004 Энергетическая политика и энергетическое право стран — участниц Североамериканской зоны свободной торговли Р.
