The Naked Ape

is an intensely provocative and compulsively entertaining study of Man, his sexual and social habits, his aggressions and affections, his gestures and emotions. In Dr. Morris's survey, the whole range of human activities becomes suddenly and embarrassingly transparent, and those who read this fascinating book will never feel quite the same again.

'His study of the human animal is original, provocative, and brilliantly entertaining. Nothing I've read this year has engaged me so deeply. It's the sort of book which changes people's lives.'

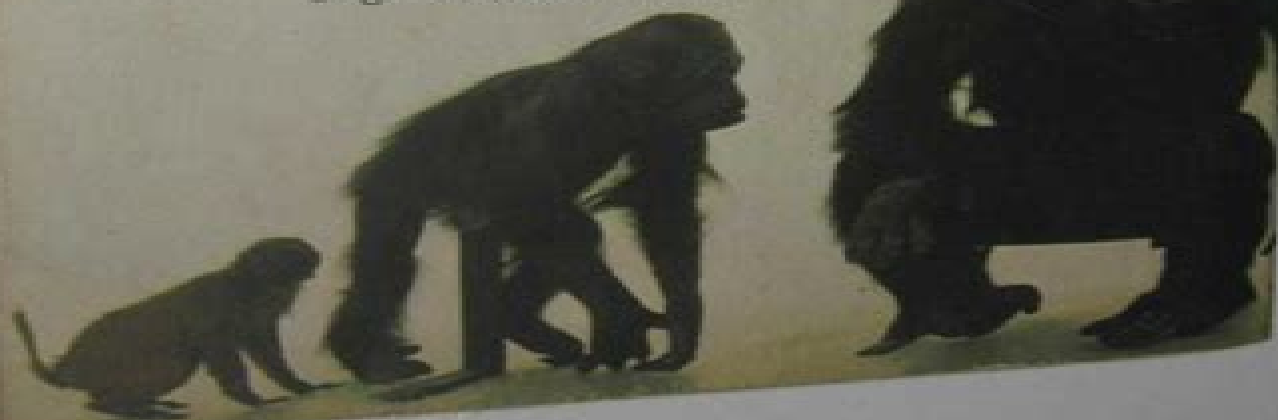

Philip Oakes, *Sunday Times*

'The book as an expose is brilliantly effective, cogently argued, very readable ... a stimulating, provoking piece of work.'

Times Educational Supplement

'The chapter on sex is his best.'

Brigid Brophy, *The Times*
