Encyclopedia of American Poetry: The Twentieth Century Eric L. Haralson, 2014-01-21 The Encyclopedia of American Poetry The Twentieth Century contains over 400 entries that treat a broad range of individual poets and poems along with many articles devoted to topics schools or periods of American verse in the century Entries fall into three main categories poet entries which provide biographical and cultural contexts for the author s career entries on individual works which offer closer explication of the most resonant poems in the 20th century canon and topical entries which offer analyses of a given period of literary production school thematically constructed category or other verse tradition that historically has been in dialogue with the poetry of the United States      **Syncopations** Jed Rasula, 2004-05-18 An analysis of the sustaining vitality behind contemporary American poetry from 1975 to the 2003 these 12 essays examine both exemplary innovators and the social context in which innovation is resisted acclaimed or taken for granted      *The Oxford Companion to Modern Poetry in English* Jeremy Noel-Tod, Ian Hamilton, 2013-05-23 This impressive volume provides over 1 700 biographical entries on poets writing in English from 1910 to the present day including T S Eliot Dylan Thomas and Carol Ann Duffy Authoritative and accessible it is a must have for students of English and creative writing as well as for anyone with an interest in poetry

The Complete Poetry César Vallejo, 2009-12-14 C sar Vallejo is the greatest Catholic poet since Dante and by Catholic I mean universal Thomas Merton author of *The Seven Storey Mountain* An astonishing accomplishment Eshleman s translation is writhing with energy Forrest Gander author of *Eye Against Eye* Vallejo has emerged for us as the greatest of the great South American poets a crucial figure in the making of the total body of twentieth century world poetry In Clayton Eshleman s spectacular translation now complete this most tangled and most rewarding of poets comes at us full blast and no holds barred A tribute to the power of the imagination as it manifests through language in a world where meaning has always to be fought for and as here retrieved against the odds Jerome Rothenberg co editor of *Poems for the Millennium* Every great poet should be so lucky as to have a translator as gifted and heroic as Clayton Eshleman who seems to have gotten inside Vallejo s poems and translated them from the inside out The result is spectacular or as one poem says green and happy and dangerous Ron Padgett translator of *Complete Poems* by Blaise Cendrars C sar Vallejo was one of the essential poets of the twentieth century a heartbreaking and groundbreaking writer and this gathering of the many years of imaginative work by Clayton Eshleman is one of Vallejo s essential locations in the English tongue Robert Hass former Poet Laureate of the United States This is a crucially important translation of one of the poetic geniuses of the twentieth century William Rowe author of *Poets of Contemporary Latin America* History and the Inner Life Only the dauntless perseverance and the love with which the translator has dedicated so many years of his life to this task can explain why the English version conveys in all its boldness and vigor the unmistakable voice of C sar Vallejo Mario Vargas Llosa      *Clayton Eshleman* Martha J. materials Annotation copyrighted by Book News Inc Portland OR      *Perspectives on Musical Aesthetics* John Rahn,1994 The 30 lively and diverse essays brought together in this volume all drawn from the journal PERSPECTIVE OF NEW MUSIC suggest possible answers to the age old question Why does music affect us so strongly The writers include many of the most prominent names in both modern music and aesthetic theory including Pierre Boulez John Cage Iannis Xenakis Eric Gans Michel Foucault and Delmore Schwartz      Companion Spider Clayton Eshleman,2010-03-01 Companion Spider is the accumulated work of a poet and translator who goes more deeply into the art and its process and demands than anyone since Robert Duncan Clayton Eshleman is one of our most admired and controversial poets the translator of such great international poets as C sar Vallejo Aim C saire and Antonin Artaud and founder and editor of two important literary magazines Sulfur and Caterpillar As such Eshleman writes about the vocation of poet and of the poet as translator as no one else in America today he believes adamantly that art must concern itself with vision and that poets learn best by an apprenticeship that is a kind of immersion in the work of other poets Companion Spider opens with a unique eighty page essay called Novices A Study of Poetic Apprenticeship addressed to the poet who is just starting out Subsequent sections take up the art of translation poets and their work and literary magazine editing The title is drawn from an extraordinary visionary experience which the author had which becomes a potent metaphor for the creative process Through the variety of poets and artists to whom he pays homage Eshleman suggests a community which is not of a single place or time rather there is mutual recognition and responsiveness so that the reader becomes aware of a range of artistic practices s he might explore      **This Compost** Jed Rasula,2012-09-01 Poetry for Jed Rasula bears traces of our entanglement with our surroundings and these traces define a collective voice in modern poetry independent of the more specific influences and backgrounds of the poets themselves In This Compost Rasula surveys both the convictions asserted by American poets and the poetics they develop in their craft all with an eye toward an emerging ecological worldview Rasula begins by examining poets associated with Black Mountain College in the 1950s Charles Olson Robert Creeley and Robert Duncan and their successors But This Compost extends to include earlier poets like Robinson Jeffers Ezra Pound Louis Zukofsky Kenneth Rexroth and Muriel Rukeyser as well as Clayton Eshleman Gary Snyder Michael McClure and other contemporary poets Walt Whitman and Emily Dickinson also make appearances Rasula draws this diverse group of poets together uncovering how the past is a compost fertilizing the present He looks at the heritage of ancient lore and the legacy of modern history and colonial violence as factors contributing to ecological imperatives in modern poetry This Compost restores the dialogue between poetic language and the geophysical biological realm of nature that so much postmodern discourse has sought to silence It is a fully developed carefully argued book that deals with an underrepresented element in modern American culture where the natural world and those who write about it have been greatly neglected in contemporary literary history and theory
