Edgar Hoover** Athan Theoharis,1993-02-01 Documents from the late FBI director s secret files reveal for the first time the shocking extent of FBI activities in spying on prominent Americans and political groups A grimly fascinating and profoundly disturbing self exposure by one of the false American deities of the 20th century Arthur M Schlesinger Jr National Miller ,1928 Storming the World Stage Stephen Tankel,2014-01-16 Lashkar e Taiba is among the most powerful militants groups in South Asia and increasingly

viewed as a global terrorist threat on par with al Qaeda Considered Pakistan's most powerful proxy against India the group gained public prominence after its deadly ten person suicide assault on Mumbai in November 2008 By the time the last Lashkar terrorist was dead after nearly 60 hours it appeared the world was facing a new menace Boasting transnational networks stretching across several continents there has been serious debate since 9 11 of whether Lashkar is an al Qaeda affiliate The deliberate targeting of Westerners and Jews during the Mumbai attacks raised questions about whether Lashkar was moving deeper into al Qaeda's orbit and perhaps on a trajectory to displace Osama bin Laden's network as the next major global jihadi threat Lashkar's expansion has serious security implications for India Pakistan Europe and the United States and its activities threaten to damage US Pakistan relations Despite growing calls for action Pakistan is yet to take any serious steps toward dismantling Lashkar for fear of drawing it further into the insurgency raging there and because of its continued utility against India More than a militant outfit Lashkar also controls a vast infrastructure that delivers necessary social services to the Pakistani populace making it all the more difficult to dismantle Storming the World Stage traces the evolution of Lashkar e Taiba over more than two decades to illustrate how the group grew so powerful and to assess the threat it poses to India the West and to Pakistan itself The first English language book ever written about Lashkar it draws on in depth field research including interviews with senior Lashkar leaders rank and file members and officials of the Pakistani security services some of who have helped nurture the group over the years **In/Spectre** Chashiba Katase,2017

STRANGER THAN FICTION Whether or not the spectre of a dead idol is real the urban legend of Steel Lady Nanase feeds people's imaginations and results in a murder that hits close to home for Saki This brutal death causes the legend to further balloon out of control and Kotoko and Kur must devise a lie that can counteract the belief that such a dangerous ghost even exists But matters become complicated when the group discovers that the person behind the myth may be someone Kur has known all along What powers can bring a ghost to life and what motivated this trickery Roots of Counterterrorism

Constant Willem Hijzen,2024-10-22 The dominant narrative in intelligence studies portrays the evolution of intelligence from Cold War times to the present as one of increasing complexity But Western intelligence and security services have countered terrorism before terrorism became an important threat from the end of the 1960s onwards Counterterrorism efforts before 9 11 however differed from those employed post 9 11 not only in the way threats were perceived but also in the repertoires of action that emerged to counter them Using newly declassified primary sources Roots of Counterterrorism puts into focus how the rise of terrorism in the 1970s challenged the existing perceived core functions of intelligence specifically in the Netherlands Constant Willem Hijzen analyses how the Dutch domestic security service Binnenlandse Veiligheidsdienst BVD scrutinized traces of terrorism from 1968 when Spanish anarchists bombed embassies in The Hague until the South Moluccan attack of 1978 after which the threat of terrorism and political violence diminished Unlike counterterrorism in the post 9 11 era prevention was not the primary goal Instead the Dutch security service launched intelligence investigations into

the suspected perpetrators of attacks provided hands on assistance during terrorist incidents and advised the police and the Justice department Roots of Counterterrorism sheds new light on Dutch intelligence history but also on the dynamics of international intelligence cooperation operational complexities and more fundamental questions in intelligence and security studies about the essence and evolution of intelligence and intelligence organizations *Black Mesa Project* ,2008 For Shame, Boone! For Shame, Iowa! The Disappearance of Norma Maynard Sidney S. Louis,2017-08-28 For Shame Boone For Shame Iowa The Disappearance of Norma Maynard By Sidney S Louis If you have a hidden secret wish to be Sherlock Holmes and who doesn t really the Norma Maynard story is for you An innocent woman was murdered and made to vanish as if she had never existed City of Boone county of Boone and Iowa state level law enforcement were unable to determine what happened To this day it is not known Exactly when the missing woman was murdered Who committed the murder How it was done Why it was done Where the missing woman s remains are Join the author as he fights for twelve years to have his sister s murder properly investigated only to be met with a stone wall of resistance from Iowa officials at city county and state level The author provides readers with the ability to set up their own investigative files He helps them devise a scale to measure the effectiveness of officials that are part of the story The reader will be able to question with some authority why the Norma Maynard case has not been resolved Was this a deliberate choice by Iowa law enforcement and legal and judicial officials If you elect to sleuth along with the author will you be the one to solve the almost forty year riddle of the disappearance of Norma Maynard *The Consumer Citizen* Ethan Porter,2021 Citizens are asked to buy and asked to consider to buy goods of all sizes and all prices nearly all of the time Appeals to political decision making are less common In *The Consumer Citizen* Ethan Porter investigates how the techniques of everyday consumer experiences can shape political behavior Drawing on more than a dozen original studies he shows that the casual conflation of consumer and political decisions has profound implications for how Americans think about politics Indeed Porter explains that consumer habits can affect citizens attitudes about their government their taxes their politicians and even whether they purchase government sponsored health insurance The consumer citizen approaches government as if it were just an ordinary firm Of course government is not an ordinary firm far from it and the disjunction between what government is and the consumer apparatus that citizens bring to bear on their evaluations of it offers insight into several long unanswered questions in political behavior and public opinion How do many Americans make sense of the political world *The Consumer Citizen* offers a novel answer By relying on the habits and tools that they learn as consumers **The Sword and the Scales** Cesare P. R. Romano,2009-08-31 *The Sword and the Scales* is the first in depth and comprehensive study of attitudes and behaviors of the United States toward major international courts and tribunals including the International Courts of Justice WTO and NAFTA dispute settlement systems the Inter American Court of Human Rights and all international criminal courts Thirteen essays by American legal scholars map and analyze current and past patterns of promotion or opposition use or neglect of international judicial bodies by various branches of the

United States government suggesting a complex and deeply ambivalent relationship The United States has been and continues to be not only a promoter of the various international courts and tribunals but also an active participant of the judicial system It appears before some of the international judicial bodies frequently and supports more both politically and financially At the same time it is less engaged than it could be particularly given its strong rule of law foundations and its historical tradition of commitment to international law and its institutions **Federal Yellow Book**, 2007 **The American Contractor**, 1910 *Wahhabism and the World* Peter G. Mandaville, 2022 For more than half a century Saudi Arabia through both official and non governmental channels has poured billions of dollars into funding and sponsoring religious activities and Islamic causes around the world The effect has been to propagate Wahhabism the distinctively rigid and austere form of Islam associated with the Kingdom's religious establishment within Muslim communities on almost every continent This volume features essays by leading scholars who explore the origins and evolution of Saudi religious transnationalism assess ongoing debates about the impact of these influences in various regions and localities around the world and discuss possible future trends in light of new Saudi leadership In addition to chapters devoted to the major actors and institutions involved in Saudi global religious propagation the volume contains a wide range of country case studies that offer in depth analysis of the nature and impact of Saudi religious influence in nations across multiple world regions
