dull oversized and large book Nothing can t be further from the truth than this statement Reading meditating and accepting what the Bible tells about you are crucial if you want to change your life Jesus loves us so much it is not describable with words or pen and paper Still all the love He has for us is written in the Word of God in order to know this we need to read it though But how to read the Bible and why That is what this book is all about An easy to understand explanation about the Bible that will help you to pick up the Bible yourself so a change is gonna come in your life The Power of a Vision Mike Newberry,2019-03-01 Power can be either constructive or destructive Many have habits lifestyles and toxic relationships that have and do prove themselves destructive People also have many habits lifestyles and healthy relationships that have and do prove themselves constructive Ideally what we want is to remove all the destructive powers in our lives and incorporate the constructive powers The Power of a Vision is about a necessary constructive power that we all need 2 Peter 1 9 referring to

people who are not doing the hard work it takes to grow in the Lord says this creates a sight problem But the sight problem is specific it's not a problem with seeing things that are before you but it says that these people are blind and cannot see far off We'll have much to say about this passage in 2 Peter 1 within these pages but for now consider the specific sight issue created Furthermore consider the problems this sight issue will create We serve a God of revelation God desires to remove the veil and reveal If something is hidden its existence can be questioned but if it's revealed one cannot deny its existence What a constructive power to see what God has planned to be fully persuaded by what you see What you see influences your daily decisions What you see influences the directions your lives go It is the nature of any journey that if you travel the right direction with enough miles you will arrive at your desired destination How many are miles and miles away from God's perfect plan all because they have no vision Hellen Keller when asked about her blindness said Worse than not having sight is to have sight but no vision
