Nameless Day:

The Nameless Day Sara Douglass,2001 The Nameless Day is according to the ancient pagan calendar of Europe the one day of the year when the world of mankind and the enigmatic world of the spirits touch Mid century the forces of evil slide across the divide and invade Europe The Church sends Thomas Neville an English nobleman on a secret mission through the shadowy forests and arcane religious orders of Europe to discover the extent of the danger But not even Neville a priest is prepared when the horror of the Black Death sweeps across Europe The forces of the Church and God rally against the infiltration of the Devil s minions The battle has begun **Spectres of Confusion** Anonymous, *The Nameless Day* Sara Douglass,2005-01-10 In a tale set against a backdrop of plague ridden fourteenth century Europe Brother Thomas Neville is commanded by the Archangel Michael to stop the minions of Satan who would take over the world as part of a larger plan to attack Heaven **Songs of War and Peace & Love and Death** Eddie Robbert,2015-12-06 A collection of Eddie s poems inspired by strife and life and love and loss **What Your Birthday Reveals About You** Phyllis Vega,2005-10-01 Astrology meets numerology in this fascinating guide to the secrets of your birth date Born on December 3rd You re an ambitious hardworking idea person and a dynamic leader Born on December 14th You re the traveling salesperson of the zodiac and a gifted marketer All Sagittarians are charming intelligent and adventure seeking but which day of the month you re born on can determine the way in which you use those traits to your best advantage In this exciting new book master astrologer Phyllis Vega gives a detailed analysis for each birthday in the year combining astrology and numerology to paint a true picture of the characteristics desires and destinies of people born on that day If you were born October 5th you re a skilled negotiator with a gift for making money But if you were born just four days later you re a compassionate dreamer with spiritual inclinations Aries is the sign of the determined ram but if you were born on April 7th you are idealistic and inspiring Discover what s revealed in this guide about you your loved one coworkers or even your favorite celebrity in this entertaining enlightening reference **Myths, Symbols and Legends of Solar System Bodies** Rachel Alexander,2014-11-04 This book is an amateur astronomer s guide to the mythology and symbolism associated with the celestial bodies in the Solar System and even includes some of the legendary tales of people who had or have a connection with these objects It explores different cultures for example the Greco Roman and the Norse and different times and how stories were used to explain the worlds they saw above them You d be amazed how much of our world today reflects the myths and stories of these cultures Most amateur astronomers are familiar with the various Solar System objects but they will be only peripherally aware of what ancient cultures thought of these other worlds In fact the mythology of the planets challenges many twenty first century concepts and beliefs There are other books available on astromythology but this one focuses mostly on our own Solar System as opposed to the constellations and deep sky objects Alexander offers a new angle on timeless subjects and is exciting informative and dramatic as well as surprisingly relevant to everyday life Find out for yourself how our modern world is

steeped in the bygone worlds of yesteryear *The Ancient Future of the Itza* ,2010-06-28 The title of Edmonson s work refers to the Mayan custom of first predicting their history and then living it and it may be that no other peoples have ever gone so far in this direction The Book of Chilam Balam was a sacred text prepared by generations of Mayan priests to record the past and to predict the future The official prophet of each twenty year rule was the Chilam Balam or Spokesman of the Jaguar the Jaguar being the supreme authority charged with converting the prophet s words into fact This is a literal but poetic translation of one of fourteen known manuscripts in Yucatecan Maya on ritual and history It pictures a world of all but incredible numerological order slowly yielding to Christianity and Spanish political pressure but never surrendering In fact it demonstrates the surprising truth of a secret Mayan government during the Spanish rule which continued to collect tribute in the names of the ruined Classic cities and preserved the essence of the Mayan calendar as a legacy for the tradition s modern inheritors The history of the Yucatecan Maya from the seventh to the nineteenth century is revealed And this is history as the Maya saw it of a people concerned with lords and priests with the cosmology which justified their rule and with the civil war which they perceived as the real dimension of the colonial period A work of both history and literature the Tizimin presents a great deal of Mayan thought some of which has been suspected but not previously documented Edmonson s skillful reordering of the text not only makes perfect historical sense but also resolves the long standing problem of correlating the two colonial Mayan calendars The book includes both interpretative and literal translations as well as the Maya parallel couplets and extensive annotations on each page The beauty of the sacred text is illuminated by the literal translation while both versions unveil the magnificent historical philosophical and social traditions of the most sophisticated native culture in the New World The prophetic history of the Tizimin creates a portrait of the continuity and vitality of the ancient past and the foreordained future of the Maya *Language and Time* Vyvyan Evans,2013-10-03 Vyvyan Evans focuses on the linguistic and conceptual resources we make use of when we fix events in time *Ancient Aztecs (eBook)* Lisa Marty,2006-09-01 Welcome to one of the most important societies of pre Columbian Mesoamerica Of the three high civilizations of this region Olmec Maya and Aztec the Aztecs were the last flourishing during the final centuries before Hernan Cortes landed on the Gulf Coast of Mexico The activities in this book provide insight into the history religion culture art and life of the ancient Aztecs The eight full color transparencies at the back of the book print books or the included PowerPoint slides eBooks can be used alone or with specific activities listed in the table of contents **Basrayatha** Muhammad Khudayyir,2020-05-05 Basrayatha is a literary tribute by author Muhammad Khudayyir to the city of his birth Basra on the Shatt al Arab waterway in southern Iraq Just as a city s inhabitants differ from outsiders through their knowledge of its streets and stories so Khudayyir distinguishes between the real city of Basra and the imagined city he created through stories experiences and folklore By turns a memoir a travelog a love letter and a meditation Basrayatha summons up a city long gone yet which lives on in the memories and imaginations of its people In the tradition of Calvino and
