No Life Forsaken Steven Erikson, 2025-10-28 New York Times bestselling author Steven Erikson continues his beloved Malazan Book of the Fallen the iconic epic fantasy series that has sold more than 15 million copies with the second book in the thrilling Witness sequel series Return to the Malazan Empire A goddess awakens to a new world in the second thrilling book in the Witness series continuing the iconic saga of the Malazan Book of the Fallen Amidst the ashes of a failed rebellion in Seven Cities new embers are flaring to life There are furrowed brows at the beleaguered Malazan Legion headquarters in G danisban for it would appear that yet another bloody clash with the revived cult of the Apocalyptic is coming to a head Seeking to crush the uprising before it ignites the entire subcontinent Fist Arenfall has only a few dozen squads of marines at his disposal and many of those are already dispersed endeavoring to stamp out multiple brush fires of dissent His soldiers are exhausted worn down by the grind of a simmering insurrection The last thing Arenfall needs is the arrival of the new Adjunct fresh from the capital and the Emperor s side The man s mission may be to lend support to Arenfall s efforts or stick a knife in his back Twas ever thus of course That a popular commander should inevitably be seen as a threat to the Emperor such is the fatal nature of imperial Malazan politics And what of the gods Well as recent history has proved their solution to any mortal mess is to make it even messier In other words it s just another tumultuous day in the checkered history of the Malazan Empire At the Publisher s request this title is being sold without Digital Rights Management Software DRM applied

Fantastic Spiritualities J'annine Jobling, 2010-07-01 In this work Jobling argues that religious sensibility in the Western world is in a process of transformation but that we see here change not decline and that the production and consumption of the fantastic in popular culture offers an illuminating window onto spiritual trends and conditions She examines four major examples of the fantastic genre the Harry Potter series Rowling His Dark Materials Pullman Buffy the Vampire Slayer Whedon and the Earthsea cycle Le Guin demonstrating that the spiritual universes of these four iconic examples of the fantastic are actually marked by profoundly modernistic assumptions raising the question of just how contemporary spiritualities often deemed postmodern navigate philosophically the waters of truth morality authority selfhood and the divine Jobling tackles what she sees as a misplaced disregard for the significance of the fantasy genre as a worthy object for academic investigation by offering a full length thematic comparative and cross disciplinary study of the four case studies proposed chosen because of their significance to the field and because these books have all been posited as exemplars of a postmodern religious sensibility This work shows how attentiveness to spiritual themes in cultural icons can offer the student of theology and religions insight into the framing of the moral and religious imagination in the late twentieth and twenty first centuries and how this can prompt traditional religions to reflect on whether their own narratives are culturally framed in a way resonating with the signs of the times

The Nameless Ones Melanie Vanderboom, 2019-08-24 Imagine a world without names Every child is raised by a single system Governments taking away children upon birth and raising them

nameless merely a number in a system until the age of sixteen when the children reach Nascency and are released into the world What happens if the System takes it a step further and decides they get to choose who is deserving of life What if you are one of the ones they decide doesn't quite meet their requirements Friendships aren't encouraged in the compound because no one knows where they are going to end up when they leave It can be traumatizing to find out your best friend is going to be living across the world from you not even in the same timezone Of course there are always a few people who refuse to listen to these rules though myself for example The commotion down the hall is being caused by two people in the C year They've been a couple for almost two years now and the enforcers caught them being a little too friendly in the hallway They pull the girl off of the guy and begin to drag her down the hall away from him The girl is screaming and yet no one does anything not even when the enforcers continually electrifying her with the prod The boy is lying on the ground his nose bleeding It's all part of the system and we have to trust the system

House of Chains Steven Erikson, 2006-08-22 In Northern Genabackis a tribal raiding party descends into the southern flat lands intent on wreaking havoc But for Karsa Orlong it marks the beginning of what will prove an extraordinary destiny
