Namibia Under South African Rule Mobility Containment 1915 46:

Namibia Under South African Rule Patricia Hayes, 1998 Tracing developments in Namibia from 1915 to 1946 this text explores the country as it was under South African rule *Re-Viewing Resistance in Namibian History* Jeremy Silvester, 2015-07-13 Re Viewing Resistance in Namibian History brings together the work of experienced academics and a new wave of young Namibian historians architects of the past They are working on a range of public history and heritage projects from late nineteenth century resistance to the use of songs from the role of gender in SWAPO s camps to memorialisation and from international solidarity to aspects of the history of Kavango and Caprivi In a culturally and politically diverse democracy such as Namibia there are bound to be different perspectives on the past and history will be as plural as the history tellers The chapters in this book reflect this diversity and combine to create a remarkable collection of divergent voices providing alternative perspectives on the past The book writes forgotten people into history provides a reading of the past that reflects the tensions and competing identities that pervaded the struggle and deals with heritage that hurts Gender and Colonialism Lorena Rizzo, 2012 Deals with colonialism in a Namibian periphery and considers both the German colonial period as well as South African rule in the country The main is to develop an understanding of the dynamics and vectors of change in the Kaoko s African societies gradually being placed under colonial rule With a focus on socio economic processes the thesis explores the continuous reconstitution of gender roles and relations and anchors its argument on an integrated analysis of archival written and visual sources as well as on oral knowledge *Apartheid's Black Soldiers* Lennart Bolliger, 2021-10-01 New oral histories from Black Namibian and Angolan troops who fought in apartheid South Africa s security forces reveal their involvement and its impact on their lives to be far more complicated than most historical scholarship has acknowledged In anticolonial struggles across the African continent tens of thousands of African soldiers served in the militaries of colonial and settler states In southern Africa they often made up the bulk of these militaries and in some contexts far outnumbered those who fought in the liberation movements armed wings Despite these soldiers significant impact on the region s military and political history this dimension of southern Africa s anticolonial struggles has been almost entirely ignored in previous scholarship Black troops from Namibia and Angola spearheaded apartheid South Africa s military intervention in their countries respective anticolonial war and postindependence civil war Drawing from oral history interviews and archival sources Lennart Bolliger challenges the common framing of these wars as struggles of national liberation fought by and for Africans against White colonial and settler state armies Focusing on three case studies of predominantly Black units commanded by White officers Bolliger investigates how and why these soldiers participated in South Africa s security forces and considers the legacies of that involvement In tackling these questions he rejects the common tendency to categorize the soldiers as collaborators and traitors and reveals the un national facets of anticolonial struggles Finally the book s unique analysis of apartheid military culture shows how South Africa s military units were far

from monolithic and instead developed distinctive institutional practices mythologies and concepts of militarized masculinity

The Oxford Handbook of Historical Ecology and Applied Archaeology Christian Isendahl, Daryl Stump, 2019-01-10 The Oxford Handbook of Historical Ecology and Applied Archaeology presents theoretical discussions methodological outlines and case studies describing the field of overlap between historical ecology and the emerging sub discipline of applied archaeology to highlight how modern environments and landscapes have been shaped by humans Historical ecology is based on the recognition that humans are not only capable of modifying their environments but that all environments on earth have already been directly or indirectly modified This includes anthropogenic climate change widespread deforestations and species extinctions but also very local alterations the effects of which may last a few years or may have legacies lasting centuries or more With contributions from anthropologists archaeologists human geographers and historians this volume focuses not just on defining human impacts in the past but on the ways that understanding these changes can help inform contemporary practices and development policies Some chapters present examples of how ancient or current societies have modified their environments in sustainable ways while others highlight practices that had unintended long term consequences The possibilities of learning from these practices are discussed as is the potential of using the long history of human resource exploitation as a method for building or testing models of future change The volume offers overviews for students researchers and professionals with an interest in conservation or development projects who want to understand what practical insights can be drawn from history and who seek to apply their work to contemporary issues

Administration and Taxation in Former Portuguese Africa Philip J. Havik, Alexander Keese, Maciel Santos, 2015-06-18 This book addresses a notable gap in the knowledge of Portuguese colonial administration and the policies implemented in the main territories of its third African empire Angola Mozambique and Guinea In recent years the question of colonial taxation has become a topic in the academic debate on colonial empires and has led to a comparative long term focus on its impact in African societies Given that former Portuguese colonies in Africa have been largely absent from this debate this book *The Nature State* Wilko Hardenberg, 2017-07-14 Following the industrial revolution and post war exponential increase in human population and consumption conservation in myriad forms has been one particularly visible way in which the government and its agencies have tried to control manage or produce nature for reasons other than raw exploitation Using an interdisciplinary approach and including case studies from across the globe this edited collection brings together geographers sociologists anthropologists and historians in order to examine the degree to which socio political regimes facilitate and shape the emergence and development of nature states *Namibia and Germany: Negotiating the Past* Reinhart Kessler, 2015-08-12 100 years since the end of German colonial rule in Namibia the relationship between the former colonial power and the Namibian communities who were affected by its brutal colonial policies remains problematic and interpretations of the past are still contested This book examines the ongoing debates conflicts and

confrontations over the past It scrutinises the consequences of German colonial rule its impact on the descendants of victims of the 1904/08 genocide Germany's historical responsibility and ways in which post colonial reconciliation might be achieved

Breweries, Politics and Identity Tycho van der, 2019-09-09 Namibian beer is celebrated as an inextricable part of Namibian nationalism both within domestic borders and across global markets But for decades on end the same brew was not available to the black population as a consequence of colonial politics This book aims to explain how a European style beer has been transformed from an icon of white settlers into a symbol of the independent Namibian nation The unusual focus on beer offers valuable insight into the role of companies in identity formation and thus highlights an understudied aspect of Namibian history namely business-state relations

Photography and History in Colonial Southern Africa Lorena Rizzo, 2019-09-16 This book studies the relationship between photography and history in colonial Southern Africa using a series of encounters with Southern African photographic archives to reflect on photography as a distinct historical form Through use of private and public archives images produced by African itinerant photographers white settlers and colonial state institutions this book explores the relationship between photography and history in colonial Southern Africa Late nineteenth century Cape Colonial prison albums police photographs from German Southwest Africa African studio portraits identity documents travel permits and passports from the 1920s and 1930s visual studies of whiteness and blackness authored by settler photographers South African domestic photographs from the 1950s and 1960s and aerial photography from the Eastern Cape in the mid twentieth century are examined to highlight the ways in which photographic images cut across conventional institutional boundaries and complicate rigid distinctions between the private and the public the political and the aesthetic the colonial and the vernacular or the subject and the object Photography and History in

Colonial Southern Africa argues that rather than understanding photographs as a means of preserving and recreating the past in the present we can value them for how they evoke at once the need for and the limits of historical reconstruction This book will be of interest to students and scholars of colonial history photographic history visual media and African studies

Pastoralism in Africa Michael Bollig, Michael Schnegg, Hans-Peter Wotzka, 2013-07-01 Pastoralism has shaped livelihoods and landscapes on the African continent for millennia Mobile livestock husbandry has generally been portrayed as an economic strategy that successfully met the challenges of low biomass productivity and environmental variability in arid and semi arid environments This volume focuses on the emergence diversity and inherent dynamics of pastoralism in Africa based on research during a twelve year period on the southwest and northeast regions Unraveling the complex prehistory history and contemporary political ecology of African pastoralism results in insight into the ingenuity and flexibility of historical and contemporary herders

Conservation and Mobile Indigenous Peoples Dawn Chatty, Marcus Colchester, 2025-05-01 The second edition of this remarkable volume updates the immense advances in policy and soft international law with regards to the rights of mobile indigenous peoples in conservation The contributors to this book examine the interface between conservation and indigenous communities who are forced to move or settle elsewhere to accommodate environmental policies and biodiversity concerns The case studies investigate successful and not so successful community managed projects in Africa the Middle East South and SouthEastern Asia Australia and Latin America

Religion and Transnational Citizenship in the African Diaspora Mattia Fumanti, 2022-12-30 This book focuses on Akan speaking Ghanaians in London and explores in detail the experience of African migrants living in Britain investigating how they construct their British citizenship through their membership of the church Building on extensive ethnographic research in London and Ghana the author explores the relationship between religion and citizenship the emergence of transnational subjectivities and the making of diaspora aesthetics among African migrants Starting from the understanding that citizenship is dialogical a status mediated by a subject's multiple and intersecting identities the author highlights the limitations of existing conceptualisations of migrant citizenship Anchored in a case study of the British Ghanaian Methodist Church as a transnational religious organisation and cultural polity the book explores diasporic religious subjectivities as both cosmopolitan and transnational while being configured in emotionally and morally significant ways by the Methodist Church as well as family ethnicity and nation Interdisciplinary by nature this book will be of interest to a wide range of researchers and scholars across the social sciences and humanities working in the fields of anthropology religion sociology postcolonial studies and African studies and additionally policy makers interested in diaspora and migration studies

Historical Dictionary of Namibia Victor L. Tonchi, William A. Lindeke, John J. Grotpeter, 2012-08-31 On March 21 1990 Sam Nujoma was sworn in as the first president of independent Namibia This ceremony marked the end of a struggle that lasted more than two decades and a period of colonialism that lasted more than a century Finally after decades long wars over grazing in

the 19th century genocidal colonial suppression by Germany at the beginning of the 20th century repressive apartheid racialism throughout the 20th century and a prolonged armed liberation struggle Namibians had the chance to choose their own leaders develop a democratic political process in a free society and to bring economic development and greater equity to their country The Historical Dictionary of Namibia covers the history of Namibia through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has several hundred cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about Namibia *Ruling Nature, Controlling People* Luregn

Lenggenhager, 2018-09-17 Recent nature conservation initiatives in Southern Africa such as communal conservancies and peace parks are often embedded in narratives of economic development and ecological research They are also increasingly marked by militarisation and violence In *Ruling Nature Controlling People* Luregn Lenggenhager shows that these features were also characteristic of South African rule over the Caprivi Strip region in North Eastern Namibia especially in the fields of forestry fisheries and ultimately wildlife conservation In the process the increasingly internationalised war in the region from the late 1960s until Namibia's independence in 1990 became intricately interlinked with contemporary nature conservation ecology and economic development projects By retracing such interdependencies Lenggenhager provides a novel perspective from which to examine the history of a region which has until now barely entered the focus of historical research He thereby highlights the enduring relevance of the supposedly peripheral Caprivi and its military scientific and environmental histories for efforts to develop a deeper understanding of the ways in which apartheid South Africa exerted state power **Historical Dictionary of South Africa** Christopher Saunders, Peter Limb, 2020-12-15 As the most

influential and powerful country on the entire continent of Africa an understanding of South Africa's past and its present trends is crucial in appreciating where South Africans are going to and from where they have come South Africa changed dramatically in 1994 when apartheid was dismantled and it became a democratic state Since 2000 when the previous edition appeared further big changes occurred with the rise of new political leaders and of a new black middle class There were also serious problems in governance in public health and the economy but with a remarkable popular resilience too This third edition of *Historical Dictionary of South Africa* contains a chronology an introduction and an extensive bibliography The dictionary section has more than 600 cross referenced entries on important personalities as well as aspects of the country's politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about South Africa **The Servants of Empire** K. Molly O'Donnell, 2022-12-09 Capturing the history of thousands of German women recruited to colonize Southwest Africa between the 1890s and 1940s *The Servants of Empire* engages a radical nationalist history of German efforts to prevent interracial unions and establish permanent white settlement As colonists sponsored women often supported or even helped perpetrate extreme patterns of racist violence and

vigilantism in Namibia which linked them inextricably to marked atrocities such as the Herero and Nama Genocides Navigating the intersections of German attitudes toward race class ethnicity gender and nation this revealing study traces the German settler community's gossip and rumors to uncover how the many poor white female settlers in Southwest Africa disrupted bourgeois race and gender relations and contributed to the trenchant sexual and racial violence in the territory

Grappling With the Beast Peter Limb, Norman A. Etherington, Peter Midgley, 2010-01-01 This volume contributes rich new material to provide insights into indigenous responses to the colonial empires of Great Britain South Africa Swaziland Botswana Zimbabwe Rhodesia and Germany Namibia and explore the complex intellectual cultural literary and political borders and identities that emerged across these spaces Contributors include distinguished global scholars in the field as well as exciting young scholars The essays link global national local forces in history by analysing how indigenous elites not only interacted with colonial empires to absorb adapt and re cast new ideas forms of discourse and social formations but also networked with ordinary people to forge new social ethnic and political identities and viable social forces Translated and other primary texts in appendices add to the insights *What Colonialism Ignored* Moyo, Sam, Mine, Yoichi, 2016-03-02 As Julius Nyerere once noted Africa has largely been the continent of peace though this fact has not been widely publicised In reality Africa possesses dynamic potentials for resolving contradictions and violent ruptures that colonial authorities post colonial states and global actors have failed to capture and capitalise upon Drawing on the everyday experience of rural and urban people in Zimbabwe South Africa Namibia and Zambia this book brings into conversation leading Japanese scholars of Southern Africa with their African colleagues The result is an exploration in comparative perspective of the fascinating richness of bottom up African potentials for conflict resolution in Southern Africa a region burdened with the legacy of settler capitalism and contemporary neoliberalism The book is a pacesetter on how to think and research Africa in fruitful collaboration and with an ear to the nuances and complexities of the dynamic and lived realities of Africans
