Krefting, 2021-09-16 Every day the sun rises and the sun sets The inconceivably immense cosmos goes on without stopping taking no notice of our life our death or our quest for meaningfulness Humans have always chased belief sought meaning in the world transcendent to the personal and particular amid the ambiguous mixture of beauty and horror all around us But the traditional symbols and concepts the narrative roadmaps that once sustained and directed belief have changed and are increasingly seen as meaningless divorced from the reality of the physical world in which we live especially in the West and for many within Western Christianity It is time to create new transformed concepts for those moral and ethical religious teachings compatible with our modern self understanding We need new wineskins that remain faithful to important traditions but also find a basis beyond the personal and preferential a transcendent perspective that thinks and believes both scientifically and religiously as we chase belief *Chasing Belief* challenges traditional models and thought patterns of religious language and ideas to plant the seeds of a new transformative spirituality that gives meaning and hope to the life we share on this mote in the cosmic sea God, Revelation and Authority: God Who Speaks and Shows (Vol. 3) Carl F. Systematic Theology Thomas P. Rausch, 2016-03-24 Systematic theology seeks to understand and render more intelligible the central doctrines of faith and to show how they are related to each other It tries to demonstrate how these doctrines are rooted in Scripture and develop in the history of the church most important it strives to more adequately express and sometimes reinterpret the church s doctrinal tradition always in the interest of better communicating the mystery of salvation and bringing it into a dialogue with culture The present text is intended to be concise and accessible an introduction that explores basic themes in Catholic systematic theology from a biblical historical and contemporary perspective always aware of today s theological pluralism

In Face of Reality Thomas A. James, 2011-04-01 This study of the work of noted liberal theologian Gordon Kaufman tracks his career from his first published book *Relativism Knowledge and Faith* 1960 through his 2006 book *Jesus and Creativity* in light of recent conversations about divine action and modern scientific knowledge James interprets Kaufman s mature position as a sophisticated reconstruction of divine activity that makes use of recent scientific theory and its naturalistic assumptions in order to revitalize a theocentric frame of reference rooted in classical theological tradition Though there are costs to be paid in the construction of a theology of radical naturalism particularly with respect to the relation between divine

action and the human good Kaufman's program offers a distinctive way forward After developing a critical analysis of the limitations and possibilities of Kaufman's mature position James suggests that a christological reconsideration of the meaning of human flourishing offers the prospect of an even more radically naturalistic and theocentric theology Calling All Years Good Kathleen A. Cahalan, Bonnie J. Miller-McLemore, 2017-07-05 A uniquely comprehensive discussion of vocation from infancy to old age Do infants have a vocation Do Alzheimer's patients In popular culture vocation is often reduced to adult work or church ministry Rarely do we consider childhood or old age as crucial times for commencing or culminating a life of faith in response to God's calling This book addresses that gap by showing how vocation emerges and evolves over the course of an entire lifetime The authors cover six of life's distinct seasons weaving together personal narrative developmental theory case studies and spiritual practices Calling All Years Good grounds the discussion of vocation in concrete realities and builds a cohesive framework for understanding calling throughout all of life Quilting and Braiding Shannon Schrein, 1998

Drawing imagery from practices that have typically been a part of women's heritage quilting and braiding this work forms a footbridge between tradition and contemporary concerns bringing the study of christology into the lives of people today Quilting and Braiding explores the christologies of pivotal feminist theologians Sallie McFague and Elizabeth A Johnson and examines the impact of feminism on the entire field of theology **The Journey of Modern Theology** Roger E.

Olson, 2013-11-01 In this major revision and expansion of the classic 20th Century Theology 1992 coauthored with Stanley J Grenz Roger Olson tells the full story of modern theology from Descartes to Caputo from the Kantian revolution to

postmodernism now recast in terms of how theologians have accommodated or rejected modernity *Military Chaplains' Review*, 1975 A Preface to Theology W. Clark Gilpin, 1996-11-15 At a time of widespread perplexity about the social role

of humanistic scholarship few disciplines are as anxious about their nature and purposes as academic theology In this important work W Clark Gilpin dean of the University of Chicago Divinity School proposes that American theological scholarship become responsible to a threefold public the churches the academic community and civil society Gilpin approaches this goal indirectly by investigating the historic social roles of Protestant theologians and the educational institutions in which they have pursued their scholarship and teaching Ranging from analyses of the New England Puritan Cotton Mather to contemporary theologians as public intellectuals Gilpin proposes that we find out what theology is by asking what theologians do By showing how particular cultural problems have always shaped the work of theologians Gilpin's work profoundly illuminates the foundations of American academic theology providing insights that will help guide its future

The Minimalist Vision of Transcendence Jerome A. Stone, 1992-11-03 Charts a spiritual path that skirts the choice between the old notion of God and atheism between foundationalism and relativism Describes a Neo naturalistic philosophy of religion that combines a vision of this worldly transcendence with an attitude of openness in inquiry and action Part of the revival of radical empiricism in religious thought Paper edition unseen 16 95 Annotation copyright by Book News Inc

Portland OR Tillie Olsen and a Feminist Spiritual Vision Elaine Neil Orr, 1987 Tillie Olsen's work resonates with the promises and difficulties of mothering and with the immense holiness revealed in every child Regarding her vision of women's lives and dreams Olsen's working class background political activism and mothering have lent her a different perspective from most American writers even other women writers and feminist critics *Positivism and Christianity* K.H.

Klein, 2012-12-06 This essay is conceived as a critical exposition of the central issues that figure in the ongoing conversation between Logical Positivists and neo Positivists on the one hand and Christian apologists on the other My expository aim is to isolate and to describe the main issues that have emerged in the extended discussion between men of Positivistic turn of mind and men sympathetic to the claims of Christianity My critical aim is to select typical influential stands that have been taken on each of these issues to assess their viability and to isolate certain dilemmas which discussion of these issues has generated I am convinced that the now commonly rejected verifiability theory of meaning is very commonly misunderstood and has been rejected by and large for the wrong reasons Before it is cast off if it is to be cast off what is needed is a reconsideration of that theory and of the objections that its several formulations have elicited Furthermore at least partially because of a misconstruing of the verifiability doctrine there have been some interesting though in my opinion unsuccessful claims advanced about the testability status of sentences expressive of Christian belief Moreover in their haste to vindicate Christianity some apologists have been fairly cavalier in my opinion about what Christianity involves This volume offers what I hope will be a clear statement and analysis of the principle points at issue between Positivism and Christianity together with my own assessment of where the argument stands now **The Christological Foundation for Contemporary**
