**Bliocadran** Lenora D. Wolfgang,2014-10-08 No detailed description available for Bliocadran      **The Arthurian Name Dictionary** Christopher W. Bruce,1999 A comprehensive encyclopedia of characters places objects and themes found in the legends of King Arthur and the Knights of the Round table Draws from all significant source between Gildas De Excidio Britanniae written about 540 AD and Tennyson s 19th century Idylls of the King including versions from throughout Europe

The entries range from a short identifying sentence to nearly ten pages for the king himself Each is referenced to a source which are presented in a endtable showing author and tit date form and lingua description keywords from the entries and recent editions a vital bit of information such references usually neglect The cross referencing is fairly good often done as a full entry identifying a name as a variant of another so the lack of an index is not a problem Distributed in the US by Taylor and Francis Annotation copyrighted by Book News Inc Portland OR *Malory's Originality* R. M. Lumiansky,2019-12-01 Originally published in 1964 The book presents a commentary on Le Morte d Arthur that illuminates Malory s literary aims and techniques The author brings to bear several hitherto unused source materials on Malory s work and offers new analyses of his authorial purposes Lumiansky argues that Malory wrote a single unified book rather than eight separate tales The source of Malory s story is an Old French romance known as the Suite du Merlin Lumiansky traces Malory s originality through Malory s treatment of the main generic features of the Suite du Merlin **Through the Eyes of a Child** Donna E.
