Napoleon 4 Limmortel De Sainte Helene:

Power and Propaganda in French Second Empire Theatre Janice Best, 2023-04-03 In nineteenth century France authorities feared the inflammatory power of the stage but sought to exploit it as an effective means of propaganda The focus of this book is on theatrical representations of Napoleon Bonaparte during France's Second Empire 1850-1870 a period marked by the imperialisation of the capital through the renaming of streets and public spaces Many heroes of the revolution and the wars of the Empire appeared with Napoleon in these plays Several featured members of his family Josephine and her son Eugène the actor Talma or the fortune teller Lenormand Already popular during the July Monarchy these Napoleonic themed dramas enjoyed a renewed interest with Louis Napoleon Bonaparte's rise to power Although based on historical fact they were subject to prior government censorship as were all dramatic works at that time and were often substantially modified Intended for a predominantly working class audience these historical dramas were carefully revised by the censors so that the narrative they presented strengthening the ties between the First and Second Empires and removed any suggestion of regime change These dramas highlight the central role theatrical works about Napoleon played in shaping collective memory and myths of national identity during the Second Empire

How the French Won Waterloo - or Think They Did Stephen Clarke, 2015-06-04 Published in the 200th Anniversary year of the Battle of Waterloo a witty look at how the French still think they won by Stephen Clarke author of 1000 Years of Annoying the French and A Year in the Merde Two centuries after the Battle of Waterloo the French are still in denial If Napoleon lost on 18 June 1815 and that's a big if then whoever rules the universe got it wrong As soon as the cannons stopped firing French historians began re-writing history The Duke of Wellington was beaten they say and then the Prussians jumped into the boxing ring breaking all the rules of battle In essence the French cannot bear the idea that Napoleon their greatest ever national hero was in any way a loser Especially not against the traditional enemy les Anglais Stephen Clarke has studied the French version of Waterloo as told by battle veterans novelists historians right up to today's politicians and he has uncovered a story of pain patriotism and sheer perversion
