Headley,2001 When she married Napoleon Bonaparte in 1796 Rose de Beauharnais was a 32 year old widow who had narrowly escaped the French Revolution s guillotine She was six years older than he notorious for her lovers and unlikely to give him children but possessed of the social connections and skills the ambitious young general thought would help him rise in the revolutionary army He gave his living reverie his dream of perfect passion a new name Josephine perhaps hoping it would blot out her unsavory past Instead she continued to be promiscuous as well as extravagant and the marriage soured as Napoleon ascended to first consul and then emperor of the French Yet he divorced her only in 1810 when political events made it clear he must have an heir This highly colored biography practically wallows in Josephine s lurid personal life colored in by luscious descriptions of the period s clothes food and amusements Empress Josephine: An Historical Sketch of the Days of Napoleon L.
