Napoli La Città e La Musica:

Music in Seventeenth-Century Naples Dinko Fabris, 2017-07-05 The most important figure of seventeenth century Neapolitan music Francesco Provenzale 1624 1704 spent his long life in the service of a number of Neapolitan conservatories and churches culminating in his appointment as maestro of the Tesoro di S Gennaro and the Real Cappella Provenzale was successful in generating significant profit from a range of musical activities promoted by him with the participation of his pupils and trusted collaborators Dinko Fabris draws on newly discovered archival documents to reconstruct the career of a musician who became the leader of his musical world despite his relatively small musical output The book examines Provenzale's surviving works alongside those of his most important Neapolitan contemporaries Raimo Di Bartolo Sabino Salvatore and Caresana and pupils Fago Greco Veneziano and many others revealing both stylistic similarities and differences particularly in terms of new harmonic practices and the use of Neapolitan language in opera Fabris provides both a life and works study of Provenzale and a conspectus of Neapolitan musical life of the seventeenth century which so clearly laid the groundwork for Naples later status as one of the great musical capitals of Europe **The Neapolitan Creative**

Economy Rossella Del Prete, 2024-05-10 This book analyses the emergence and growth of the creative sector in Naples between the early modern and modern eras focusing particularly on the development of music markets in the city From the seventeenth century Naples became one of the most culturally enriched regions in the Italian peninsula with internationally known music schools theatres and opera venues attracting visitors from across Europe in a burgeoning tourist market This book sheds light on the driving economic factors and political contexts behind this key case study for the early growth of the opera and music sector in Europe Starting with a discussion of the value of economic history to understanding cultural industries the chapters approach this analysis through multiple lenses the formation of human capital as the result of Naples institutional urban welfare system the role of cultural consumption as it evolved from a primarily religious activity to growing popular demand and the role that central city authorities played in encouraging cultural activity through private investment and public policy The book also draws on fascinating archival research to examine the contribution of Naples music conservatories in the local creative economy This book is a valuable resource to a broad range of readers including those working in economic history tourism history the history of music and theatre Italian social history and more The

Neapolitan Canzone in the Early Nineteenth Century as Cultivated in the Passatempi musicali of Guillaume Cottrau Pasquale Scialò, Francesca Seller, Anthony R. DelDonna, 2015-12-17 This volume is a multi disciplinary study of the Neapolitan tradition of nineteenth century song or Canzona napoletana It is based on primary original music manuscripts and secondary correspondence diaries and varied historical materials sources recovered from Neapolitan archives libraries and private collections The book takes as its focus the figure of Guillaume Cottrau 1797 1847 a musician and publisher who left a significant breadth of original songs and arrangements issued in the song collection and series entitled Passatempi musicali

Cottrau was a cultural auteur who integrated his diverse activities as editor folklorist and patron of salon music and musicians including the commissioning of original works and adaptations to establish a tradition of Neapolitan song. This repertory was disseminated throughout Europe and ultimately the United States to great acclaim through the publication of the *Passatempo musicali*. The songs presented in the *Passatempo musicali* remain within the international repertory affiliated with Neapolitan song including *Fenesta vascia*, *Lo guarracino*, *Cannetella* and many others. They are moreover closely linked to the historical cultural and linguistic identity of Naples and the Neapolitan diaspora. This volume is the first of its kind in the English language and offers original unpublished research about the endeavors of Cottrau, the contemporary cultural environs the artists and their music that established the international fame of the Neapolitan canzona. **Spirto gentil**

Luigi Giussani, 2011-11-16 *Spirto gentil* una profonda lettura della grande musica guidata dalle personali riflessioni di don Giussani. Giussani imparò in famiglia a riconoscere nella musica una via privilegiata di percezione del bello come splendore del vero capace di suscitare e tenere vivo il desiderio della Bellezza infinita riconoscendovi così una modalità eccezionale attraverso cui il Mistero parla al cuore dell'uomo. Trasmettere ai giovani e agli adulti questa esperienza tanto decisiva lo spinse a utilizzare sistematicamente l'ascolto della musica come strumento privilegiato per l'educazione. Così nacque la collana musicale dalla quale questo saggio prende il nome fondata nel 1997 che per tredici anni propose una selezione di brani di eccezionale valore e un prezioso corpus di scritti dello stesso Giussani ma anche di critici musicologi e compositori che viene qui presentato per la prima volta in un unico volume. Un percorso affascinante suddiviso in tre parti: i grandi maestri, momenti di storia della Chiesa, un popolo canta che si snoda attraverso i secoli per valorizzare secondo la grande tradizione cristiana la vicenda umana racchiusa nelle più sincere espressioni di canto popolare o nei capolavori dei grandi compositori classici. *Spirto gentil* ci introduce così alla conoscenza dei brani musicali evidenziandone il linguaggio, gli accenti più significativi, la particolarità delle forme ma soprattutto ci accompagna in una ricerca del senso ultimo dell'esistenza e della storia che attraverso lo stupore legato alla vera esperienza artistica non cessa mai di interrogarci. **Warrior, Courtier,**

Singer Dr Richard Wistreich, 2013-01-28 Giulio Cesare Brancaccio was a Neapolitan nobleman with long practical experience of military life first in the service of Charles V and later as both soldier and courtier in France and then at the court of Alfonso II d'Este at Ferrara. He was also a virtuoso bass singer whose performances were praised by both Tasso and Guarini; he was even for a while the only male member of the famous Ferrarese court *Concerto delle dame* who established a legendary reputation during the 1580s. Richard Wistreich examines Brancaccio's life in detail and from this it becomes possible to consider the mental and social world of a warrior and courtier with musical skills in a broader context. A wide ranging study of bass singing in sixteenth and early seventeenth century Italy provides a contextual basis from which to consider Brancaccio's reputation as a performer. Wistreich illustrates the use of music in the process of self-fashioning and the role of performance of all kinds in the construction of male noble identity within court culture including the nature and

currency of honour chivalric virt and sixteenth century notions of gender and virility in relation to musical performance This fascinating examination of Brancaccio s social world significantly expands our understanding of noble culture in both France and Italy during the sixteenth century and the place of music making within it **Doing Fach.Didaktik** Birgit

actor author is a distinctive feature of Italian theatrical life in all its eclectic range of regional cultures and artistic traditions The fascination of the figure is that he or she stands on both sides of one of theatre s most important power relationships between the exhilarating freedom of performance and the austere restriction of authorship and the written text This broad ranging volume brings together critical essays on the role of the actor author spanning the period from the Renaissance to the present Starting with Castiglione Ruzante and the commedia dell arte and surveying the works of Dario Fo De Filippo and Bene among others the contributors cast light on a tradition which continues into Neapolitan and Sicilian theatre today and in Italy s currently fashionable narrative theatre where the actor author is centre stage in a solo performance
