Narciso Babols:

Shaken Earth Martin Barillas,2019-03-01 *Shaken Earth* is the first novel by Martin Barillas and is inspired by his love for his family's native Guatemala. Set in the turbulent early 1930s, this small country is the scene for an epic tale where seemingly small decisions lead to explosive consequences that will affect everyone's lives forever. The book opens with the story of a young married couple who seek to remain in the country they love, Guatemala, but are forced to choose exile and flight instead of the leisure of a stable home. They cannot escape the seismic changes underfoot in the world, which witnesses the rise of Adolf Hitler in Germany whose fingers reach as far as the coffee plantations of Central America. When an earthquake and volcanic eruptions set Mariano and Soledad back on their heels, they are crushed by family betrayal. They come to rely on unexpected resources and allies such as an errant priest and a down-on-her-luck writer as they attempt to rebuild their lives while immersed in a whirlpool of international intrigue, revolution, and genocide. **Moments in the**

Narrative Landscape of Highland Peru Stuart Hosborne White,1981 **You Shall Leave Your Land** Renato Cisneros,2023-01-31 The history of Peru unfolds in the lives of the descendants of seven children fathered by a Catholic priest and his longtime secret lover. Renato Cisneros's great-great-grandmother Nicolasa bore seven children by her long-term secret love, who was also her priest, raising them alone in nineteenth-century Peru. More than a century later, Renato, the descendent of that clandestine affair, struggles to wring information about his origins out of recalcitrant relatives whose foibles match the adventures and dalliances of their ancestors. As buried secrets are brought into the light, the story of Nicolasa's progeny unfolds, bound up with key moments in the development of the Republic of Peru since its independence.
