Narita Inspected:

Narita Inspected Lopetz, 2001-10-01 Raw Fish is far more than a compilation of contemporary Japanese graphic design. Next to the graphics the book presents and portrays the artists in their personal living and working environment i.e. usually one small room. In Raw Fish Swiss designer Lopetz explores how Japanese culture and way of life mold the very particular aesthetics which uniquely sway between Japanese tradition and Western influence between playful and at the same time puristic, reduced and perfect.

Büro Destruct Büro Destruct, 2003 After the success of *km7's Design Agent Die Gestalten Verlag* is proud to present another groundbreaking design group in the 90s Büro Destruct. Like Design Agent this book is the first presentation of their work from corporate design to club flyer.

□□□□□□□□□□ Büro Destruct (Firm), 2001 Narita Inspected the seal of approval slapped on scanned luggage at Tokyo's Narita airport places an x-ray focus on the capital's graphic design community. Besides showcasing a comprehensive selection of amazing young hopefuls their sometimes schizophrenic work samples are supplemented and contrasted with those extremes of Japanese society the locals tend to take for granted. As most of the contributors work from their economical claustrophobic homes often between bed, television and Playstation glimpses of everyday madness and product overkill sneak into the designs which gain a generous touch of personality from these idiosyncratic living situations. Clean purist traditionalism clashes with playful trashy pictograms unveiling a remarkably rich spectrum of vector and internet graphics, collages, games and cartoons. Compiled by Lopetz Büro Destruct Electronic Plastic, an avid lover of Japanese culture and computer games, Narita Inspected reflects the entire exotic variety of the scene's genius in comprehensive work samples, self-portraits, interviews, biographies, pictures of work environments and everyday visual culture. With a variety of paper types, special packaging and 5/6 colour print throughout this rich multi-faceted aesthetic texture is reflected in the book's physical appearance and manages to successfully convey the decisive difference to traditional European design.

Design Graphique Au 21e Siècle Charlotte Fiell, Peter Fiell, 2003 Presents a sweeping look at today's most progressive graphic currents from signage and packaging to branding and web design.

Metropolis, 2002 *Brasil Inspired* Nando Costa, 2003 A collection of graphic art inspired by Brazilian themes commissioned from graphic artists in North America, South America, Europe and Australia.

Access, 2003 All You Need is Sticker Graphics AllRightsReserved, Systems Design Limited, 2004 Stickers surround us. Whether stuck to walls, signs, mailboxes and other elements of urban furniture or to car bumpers, helmets and messenger bags they represent a growing culture fascinated by the various forms and expressions, the myriad of messages or the lack thereof. This book explores the fetish. From the designers and artists that create the stickers to represent their work and ideas to the collectors and members of the new generation which utilize them to assert their own individual style. Stickers have become a new form of communication. This book is divided into various sections including Urban Art, Cutie Bumper Artistic and more. Includes work by Airside, APE, Alife, Beatservice, Büro destruct, Build Delaware, Devilrobots, Flipsflopflyin, Garrettch, Gwg, Groovisions.
