Narralogues Truth In Fiction:

Narralogues Ronald Sukenick, 2000-01-06 These narralogues combine story and argument moving from Socratic dialogue to outright narrative and ultimately making the case that fiction is a medium for telling the truth **Narralogues** Ronald Sukenick, 2000-01-06 In *Narralogues* Ronald Sukenick continues his important and original contributions to the cutting edge of contemporary fiction Here he proposes fiction as a medium for telling the truth while recognizing that the implicit contradiction in these terms is more than cheap paradox The narralogues simultaneously narrative and argument story and rhetorical pleading exemplify and argue for fiction as persuasion in a sequence that moves from Socratic dialogue to outright narrative using throughout all the traditional techniques of fiction from comedy and irony to suspense and the erotic

Musing the Mosaic Matthew Roberson, 2012-02-01 In *Musing the Mosaic* prominent critics of postmodern and contemporary fiction and culture discuss the fictional and theoretical works of Ronald Sukenick one of the most important American writers to emerge from the late 1960s Sukenick has been a prolific participant in reshaping the American literary tradition for two generations and played a pivotal role in the creation and growth of the Fiction Collective and FC2 publishing houses as well as the journals *American Book Review* and *Black Ice Magazine* In his work he argues that contemporary fiction can neither perform traditional functions nor rely on any conventions in an ever more dynamic world Staying true to Sukenick's own creative style one that takes the seams out of writing before re stitching it in ways that are truly novel the contributors examine how and why his writing comes closer to the dissolving fragmentary nature of reality and its lack of closure than perhaps anything written before it **Fiction and Truth in Transition** Oscar Hemer, 2012 What can fiction tell us about the world that journalism and science cannot This simple yet vast question is the starting point for an interrogation of the relationship between literary fiction and society's dramatic transformation in South Africa and Argentina over the past several decades The resulting discursive text borders on both journalism and literature incorporating reportage essay and memoir *Series Freiburg Studies in Social Anthropology Vol 34* **Historical Dictionary of Postmodernist**

Literature and Theater Fran Mason, 2016-12-12 The main aim of the book has been to include writers movements forms of writing and textual strategies critical ideas and texts that are significant in relation to postmodernist literature In addition important scholars journals and cultural processes have been included where these are felt to be relevant to an understanding of postmodernist writing This second edition of *Historical Dictionary of Postmodernist Literature and Theater* contains a chronology an introduction and an extensive bibliography The dictionary section has over 400 cross referenced entries on postmodernist writers the important postmodernist aesthetic practices significant texts produced throughout the history of postmodernist writing and important movements and ideas that have created a variety of literary approaches within the form This book is an excellent access point for students researchers and anyone wanting to know more about the postmodernist literature and theater *The A to Z of Postmodernist Literature and Theater* Fran Mason, 2009-07-23

Postmodernist literature embraces a wide range of forms and perspectives including texts that are primarily self reflexive texts that use pastiche burlesque parody intertextuality and hybrid forms to create textual realities that either run in opposition to or in parallel with an external reality fabulations that develop both of these strategies texts that ironize their relationship to reality works that use the aspects already noted to more fully engage with political or cultural realities texts that deal with history as a fiction and texts that elude categorization even within the variety already explored For example in fiction a postmodernist novel might tell a story about a writer struggling with writing only perhaps to find that he is a character in a book by another writer struggling to write a book The A to Z of Postmodernist Literature and Theater examines the different areas of postmodernist literature and the variety of forms that have been produced This is accomplished through a chronology an introductory essay a bibliography and several hundred cross referenced dictionary entries on individual postmodernist writers the important postmodernist aesthetic practices significant texts produced throughout the history of postmodernist writing and important movements and ideas that have created a variety of literary approaches within the form By placing these concerns within the historical philosophical and cultural contexts of postmodernism this reference explores the frameworks within which postmodernist literature of the late twentieth and early twenty first century operates

Narrative Innovation and Cultural Rewriting in the Cold War Era and After M. Cornis-Pope, 2016-04-30 Narrative Innovation and Cultural Rewriting undertakes a systematic study of postmodernism's responses to the polarized ideologies of the postwar period that have held cultures hostage to a confrontation between rival ideologies abroad and a clash between champions of uniformity and disruptive others at home Considering a broad range of narrative projects and approaches from polysystemic fiction to surfiction postmodern feminism and multicultural postcolonial fiction this book highlights their solutions to ontological division real vs imaginary wordly and other worldly sociocultural oppositions of race class gender and narratological dualities imitation vs invention realism vs formalism A thorough rereading of the best experimental work published in the US since the mid 1960s reveals the fact that innovative fiction has been from the beginning concerned with redefining the relationship between history and fiction narrative and cultural articulation Stepping back from traditional polarizations innovative novelists have tried to envision an alternative history of irreducible particularities excluded middles and creative intercrossings
