Narrative Parallels To The New Testament Sbl Resources For Biblical Study :

Reading Luke-Acts William S. Kurz,1993-01-01 This excellent book shows how literary criticism illuminates the Gospel of Luke and the Acts of the Apostles reclaiming them as Biblical narrative Kurz explores literary aspects such as implied authors or readers plot and assumed information or gaps Finally he traces the implications of reading Luke Acts as canonical Scripture and the merits of literary methods

What Are the Gospels? Richard A. Burridge,2004-08-09 The publication of Richard Burridge s What Are the Gospels in 1992 inaugurated a transformation in Gospel studies by overturning the previous consensus about Gospel uniqueness Burridge argued convincingly for an understanding of the Gospels as biographies a ubiquitous genre in the Graeco Roman world To establish this claim Burridge compared each of the four canonical Gospels to the many extant Graeco Roman biographies Drawing on insights from literary theory he demonstrated that the previously widespread view of the Gospels as unique compositions was false Burridge went on to discuss what a properly biographical perspective might mean for Gospel interpretation which was amply demonstrated in the revised second edition reflecting on how his view had become the new consensus This third twenty fifth anniversary edition not only celebrates the continuing influence of What Are the Gospels but also features a major new contribution in which Burridge analyzes recent debates and scholarship about the Gospels Burridge both answers his critics and reflects upon the new directions now being taken by those who accept the biographical approach This new edition also features as an appendix a significant article in which he tackles the related problem of the genre of Acts A proven book with lasting staying power What Are the Gospels is not only still as relevant and instructive as it was when first published but will also doubtlessly inspire new research and scholarship in the years ahead Provided by publisher

The Conceptual Worlds of the Fourth Gospel Charles B. Puskas,C. Michael Robbins,2021-01-08 Over under and through John s story of Jesus are unforgettable ideas and concepts profoundly simple and simply profound for the author s own audience and beyond These ideas did not originate in a vacuum They have recurred and been repeated before and after the writing of the Fourth Gospel For this reason we will examine the meaning of its words and themes in the context of its Jewish Greco Roman milieu Much of our intertextual understanding will be derived from alleged parallels that involve comparisons of similar vocabulary and phrases as well as parallel concepts and images from the Old Testament the Dead Sea Scrolls Philo and other relevant writings Such parallels will help to determine the meaning of a word or expression the translation of a particular language determining any direct influences upon the Fourth Gospel parallel traditions or the influence of its ideas as a creative and inspiring work of later antiquity

The Feminist Question Francis Martin,2011-10-14 The first work to undertake a theological critique of Christian feminism as a whole this book seeks to bring traditional faith and the feminist position into a deeper dialogue Part One presents an overview of the historical issues raised by feminist theology Part Two compares key feminist theological presuppositions to the prophetic interpretation of reality found in the biblical tradition

Raised from Obscurity Greg W Forbes,Scott D

Harrower,2016-01-25 Luke Acts contains many and diverse female characters many of whom play significant roles in the unfolding drama of God s plan of salvation through Jesus and the early church Women followers of Jesus are fully fledged disciples who prove to be reliable and insightful participating in God s mission at all levels They act as interpreters of salvation history God s prophetic mouthpieces witnesses to the resurrection proclaimers and teachers of the gospel and patrons and leaders of the early church At the heart of this narrativ exposure lies a particular theology of women This narrativ presentation and theology is rich and quite remarkable given the socio religious climate in which Luke wrote An appreciation of this narrativ theology is important not only for a well rounded understanding of Luke Acts but as a vital part of the variegated witness of the New Testament regarding the role of women in God s new community

The Gospel of Matthew and the Sayings Source Q Frans Neirynck,1998 **Verbum Domini and the Complementarity of Exegesis and Theology** Scott Carl,2021-09 In Verbum Domini his 2010 apostolic exhortation Pope Benedict XVI challenged the church to keep theology firmly rooted in the study of Scripture The essays collected here respond thoughtfully and concretely to that charge together demonstrating that exegesis is essential to the theological task and to faith for scholars students and the broader Church

Hellenistic Commentary to the New Testament M. Eugene Boring,Klaus Berger,Carsten Colpe,1995 The Hellenistic Commentary to the New Testament the product of collaboration between German and American New Testament scholarship is the most complete collection of Hellenistic texts correlated to the New Testament available in English Translations of 976 texts compared with 626 in the German edition are cited that directly illustrate the religious world into which early Christianity was born Many of the texts are extensive enough to give a thorough sampling of how for instance miracle stories and birth stories of quasi divine beings were told in the Hellenistic world and how revelatory or conversion experiences were expressed in Greco Roman religions The texts are arranged according to the canonical order of New Testament books Thorough cross references and indexes make it easy to locate texts relevant to the interpretation of any New Testament text or theme Each text is provided with annotations suggesting ways in which it might illuminate the New Testament text Furthermore the new introduction to the English edition specifies ways in which the treasures of these texts might be unlocked as well as pointing to dangers in their superficial use The original German introduction provides helpful categories for the application of these texts to New Testament interpretation BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

A Narrative Critical Study of the Two Greek Recensions of "The Testament of Abraham" Jared Warner Ludlow,2000 **Incredible Shrinking Son of Man** Robert M. Price,2009-09-25 This book should be mandatory reading for all scholars concerned with Christian origins nothing of comparable importance has been written for at least a decade Freethinker For more than a century scholars have been examining the Gospels and other traditions about the life of Jesus to determine their historical accuracy Although the results of these scholarly efforts are sometimes controversial the consensus among researchers today is that the four Evangelists

accounts cannot be taken at face value In fact a team of more than 100 scholars called the Jesus Seminar has come to the conclusion that on average only about 18 percent of the four Gospels is historically accurate An active member of the Jesus Seminar Dr Robert M Price presents the fruits of this important historical research in this fascinating discussion of early Christianity As the title suggests Price is none too optimistic about the reliability of the Gospel tradition as a source of accurate historical information about the life of Jesus Indeed he feels that his colleagues in the Jesus Seminar are much too optimistic in their estimate of authentic material in the Gospels After an introduction to the historical critical method for nonspecialists and a critique of the methods used by the Jesus Seminar Price systematically discusses the narrative and teaching materials in the Gospel clearly presenting what is known and not known about all of the major episodes of Jesus life He also examines the parables for authenticity as well as Jesus teachings about the Kingdom of God repentance prayer possessions and poverty the Atonement and many other features of the Gospels Written for the general reading public in a lively and accessible style Dr Price s highly informative discussion will be of interest to anyone who has wondered about the origins of Christianity

Acts Francis Martin, Thomas C. Oden, 2014-02-19 The Acts of the Apostles or the Acts of the Ascended Lord is part two of Luke s story of all that Jesus began to do and teach In this ACCS volume substantial selections from John Chrysostom and Bede the Venerable appear with occasional excerpts from Arator alongside many excerpts from the fragments preserved in J A Cramer s Catena in Acta SS Apostolorum New Testament Abstracts, 1989 Christian Marriage Glenn Warren Olsen, 2001 A collection of essays exploring the historical development of Christian marriage **The Gospel of Mark**, 1992 **The Testament of Jesus** Ernst Kasemann, 2017-12-04 From the Foreword by Paul N Anderson Among the most provocative New Testament scholars of the twentieth century Ernst K semann tops the list and his most striking work is The Testament of Jesus This brief book is significant not because the bulk of Johannine scholars have fully agreed with it indeed most have taken exception to many of its points The impact of K semann s 1966 Shaffer Lectures delivered at Yale Divinity School and rendered in book form in German and English over the next couple of years lay in his capacity to communicate worthy insights in sharp and provocative ways blocking some paths of discussion while opening others The Testament of Jesus cannot simply be read It can only be engaged refuted and embraced and dialectically so

God's Favourites B. J. Syiemlieh, 2006 **Elenchus of Biblica**, 1993 **Marcion and the Making of a Heretic** Judith M. Lieu, 2015-03-26 A comprehensive and authoritative account of the heretic Marcion this volume traces the development of the concept and language of heresy in the setting of an exploration of second century Christian intellectual debate Judith M Lieu analyses accounts of Marcion by the major early Christian polemicists who shaped the idea of heresy including Justin Martyr Irenaeus Tertullian Epiphanius of Salamis Clement of Alexandria Origen and Ephraem Syrus She examines Marcion s Gospel Apostolikon and Antitheses in detail and compares his principles with those of contemporary Christian and non Christian thinkers covering a wide range of controversial issues the nature of God the relation of the divine

to creation the person of Jesus the interpretation of Scripture the nature of salvation and the appropriate lifestyle of adherents In this innovative study Marcion emerges as a distinctive creative figure who addressed widespread concerns within second century Christian diversity **This is My Name Forever** Alvin F. Kimel,2001 In this engaging theological analysis editor Alvin F Kimel Jr leads a team of well respected biblical scholars theologians and philosophers to consider the intersection of trinitarian theology and contemporary gender issues **Bread From Heaven** Peder Borgen,2017-04-01 If John 6 can be considered the Grand Central Station of Johannine Critical issues Peder Borgen s 1965 monograph Bread from Heaven proved to be one of the most incisive and important monographs on that difficult chapter With extensive implications for addressing a host of other New Testament issues including the unity and disunity of John s narrative relations between Johannine and Synoptic traditions and the socio religious context of the Fourth Gospel Borgen s work argues hard for a unitive view of the Johannine text Rather than seeing John s story of Jesus as an amalgam of disparate sources or as dependent on the Synoptics Borgen explores a number of commonalities between contemporary Jewish writings including the writings of Philo and haggadic midrashim In so doing new glimpses are also availed onto the dialectical Johannine situation including an antidocetic thrust as well as Johannine synagogue engagements The enduring impact of Borgen s work shows the Fourth Gospel to represent a self standing tradition characterized by Jewish engagements of biblical texts contributing to homiletic expansions upon memories of the ministry of Jesus for later generations From the Foreword by Paul N Anderson
