Narrative Analogy In The Hebrew Bible Battle Stor:

Narrative Analogy in the Hebrew Bible Joshua Berman, 2004-07-01 This volume sheds fresh light upon the phenomenon of narrative doubling in the Hebrew Bible Through an innovative interdisciplinary model the author defines the notion of narrative analogy in relation to other literatures where it has been studied such as English Renaissance drama and makes extensive critical use of contemporary literary theory particularly that of the Russian formalist Vladimir Propp His exploitation of narrative doubling with a focus upon the metaphorical reorients our reading by uncovering a major dynamic in biblical literature The author examines several battle reports and demonstrates how each could be interpreted as an oblique commentary and metaphor for the non battle account that immediately precedes it Battle scenes are revealed to stand in metaphoric analogy with among others accounts of a trial a rape a drinking feast and a court deliberation Joshua Berman offers new insights to the ever growing concern with the relationship between historiography and literary strategies and succeeds in articulating a new aspect of biblical ideology concerning human and divine relationship

Narrative Analogy in the Hebrew Bible Joshua Berman, Universitat Bar-Ilan. Mahlaqa letanakh, 2002

Narrative Analogy in the David Story Joanna G. Kline , 2024-11-18 Joanna G Kline explores the use of narrative analogy in the biblical story of King David 1 Samuel 16 1 Kings 2 and the narratives about Jacob Judah and Joseph Genesis 25 50 In her analysis the author demonstrates that parallels in plot structure language and motif function to develop characterization and to reinforce significant themes in these texts including sibling rivalry and reconciliation measure for measure punishment and divine providence By examining the genetic relationship between Samuel and Genesis she provides evidence of mutual influence and shows that the analogical links between David and Jacob Judah and Joseph were strengthened as these texts were composed and transmitted over time

The Art of Narrative Analogy Seth D. Postell, 2025-11-04 In *The Art of Narrative Analogy* Seth Postell offers a literary approach for understanding the relationship between the two Testaments and between various biblical narratives that is more sensitive to the verbal meaning of the Old Testament than popular typological approaches He argues that narrative analogy the deliberate paralleling of characters events and themes across biblical texts provides a more exegetically responsible and theologically fruitful method for understanding the Bible s unity and depth Drawing on extensive examples from the Hebrew Bible and the New Testament Postell reveals how scriptural authors employ parallels to illuminate theological truths and deepen narrative coherence From the connections between Rahab and Lot to the analogies between Jonah and the calming of the storm in Mark s Gospel he shows how these parallels invite readers into the Bible s grand theological narrative Postell also integrates illustrations from modern storytelling such as Star Wars to demonstrate how analogy shapes meaning in both ancient and contemporary contexts Postell offers clear criteria for identifying narrative analogies and practical guidance for interpreting them making this volume an indispensable resource for students pastors and church leaders

The Story Within a Story in Biblical Hebrew Narrative David A. Bosworth, 2023-09-28 This book is a

revision of a dissertation that studies three texts Genesis 38 1 Samuel 25 and 1 Kings 13 11 32 Kings 12 15 20 in which the author finds examples of the literary device *mise en abyme* placement of the abyss The 'Uncertainty of a Hearing' Federico Villanueva, 2008-08-31 An interesting feature in the lament psalms is the sudden change of mood Unfortunately as the term that has come to be associated with the subject indicates Certainty of a Hearing the change of mood is understood only in terms of a movement from lament to praise This has led to a redefinition of lament in terms of petition and an overemphasis on praise The present book seeks to redress this one sided emphasis by drawing attention to the other movements in the Psalter the reverse movement from praise to lament return to lament after praise and the alternation between the two We do not only have a Certainty of a Hearing we also have an Uncertainty of a Hearing Reflection and Refraction Robert Rezetko, Timothy Henry Lim, W. Brian Aucker, 2007 This volume of thirty articles covering a wide range of subjects related to Old Testament study is written by colleagues friends and students of A Graeme Auld to honour the occasion of his sixty fifth birthday Compositional Strategy of the Book of Judges Gregory Wong, 2006-10-01 This volume represents an inductive literary rhetorical analysis of the book of Judges to determine whether recent synchronic approaches that read the book as an integrated whole are indeed justified As possible rhetorical links connecting Judges prologue 1 1 2 5 epilogue 17 1 21 25 and central section 2 6 16 31 are examined in detail and the implications of such links carefully considered the author concludes that contrary to the consensus view that sees the central section of Judges as a part of Deuteronomistic History and the prologue and epilogue as later additions the book in its current form may have been a unified composition of a single creative author If so not only does this have significant implications for the validity of the Deuteronomistic History Hypothesis a new possibility also emerges which sees the interpretive key to the book as residing in the prologue and epilogue rather than the central section **Congress Volume Leiden 2004** André Lemaire, 2006-04-01 This volume presents all the main lectures of the XVIIIth Congress of the International Organization for the Study of the Old Testament IOSOT held in Leiden August 2004 It is a very good sample of the main trends and progress of current biblical research on textual criticism Qumran and Septuagint biblical archaeology literary criticism especially Pentateuch Joshua Kings biblical themes especially in wisdom literature as well as about the light thrown on biblical exegesis by current cognitive linguistics An appendix deals with the connection between world Christianity and the study of the Old Testament The twenty authors are among the main international figures of current biblical exegesis and their contributions are representative of the study of the Old Testament at the beginning of the third millenium Social Memory among the Literati of Yehud Ehud Ben Zvi, 2019-07-22 Ehud Ben Zvi has been at the forefront of exploring how the study of social memory contributes to our understanding of the intellectual world of the literati of the early Second Temple period and their textual repertoire Many of his studies on the matter and several new relevant works are here collected together providing a very useful resource for furthering research and teaching in this area The essays included here address inter alia prophets as

sites of memory kings as sites memory Jerusalem as a site of memory a mnemonic system shaped by two interacting national histories matters of identity and othering as framed and explored via memories mnemonic metanarratives making sense of the past and serving various didactic purposes and their problems memories of past and futures events shared by the literati issues of gender constructions and memory memories understood by the group as counterfactual and their importance and in multiple ways how and why shared memories served as a safe playground for exploring multiple central ideological issues within the group and of generative grammars governing systemic preferences and dis preferences for particular memories
