Narrative Con Texts In Dubliners:

Dubliners Bernard Benstock, 1994 The harvest of a long and deep acquaintance with Joyce's fifteen enigmatic stories of Dublin life Narrative Con Texts in Dubliners creatively widens the definition of context to include networks of theme and symbol By treating Dubliners as an expanding document of lives in the process of being lived and by paying attention to how the boundaries between stories break down Benstock is able to notice how characters and situations come uncannily to resemble each other There are several innovative approaches here for example the thorough inspection of the economic conditions of Joyce's Dublin down to the halfpenny as well as new twists on established ideas Benstock attempts a global integrated reading of the stories substituting his more holistic con texts for the current fashion of context hunting His is an old ambition for full coverage in a new upbeat format Narrative Con/Texts in Dubliners Bernard Benstock, 1994-06-18 Investigates narrative strategies in James Joyce's stories in relation to the changing contextual situations both in the individual narratives and in the cumulative text context serving as a portal of entry into the narrative's Benstock is the author of Narrative Con texts in Ulysses *James Joyce's Early Works in Ireland's Textual Cultures* Niels Caul, 2025-10-16 Putting Joyce back into dialogue with other Irish writers of his generation this book shows that his experiments with narrative styles and structures were a renegotiation rather than a rejection of earlier Irish conventions While Joyce is undoubtedly the best known other Irish writers were also influenced by European movements in naturalism and decadence that were shaping European Modernism as it emerged in the 1890s Reading Joyce's works in the context of often forgotten contemporaries such as George Moore George Egerton Hannah Lynch Shan Bullock Forrest Reid and Charlotte O'Connor Eccles enhances our understanding of their works as well as Joyce's both thematically and stylistically and shines a much needed light on previously critically underexamined writers By focusing on the transformation of Joyce from Irish writer to Modernist artist we gain crucial insights into why many of Joyce's contemporaries are not read today despite their initial popularity This book utilises Joyce's troubled publication and reception history to identify the wider trends of the Irish short story cycle and Bildungsroman thereby enhancing readers' understanding of the literary marketplace for Irish books in this period

Attachment and Loss in the Works of James Joyce Linda Horsnell, 2021-11-04 Using John Bowlby's Attachment Theory as a frame of reference Attachment and Loss in the Works of James Joyce critically analyzes James Joyce's representation of grief Based on cognitive emotional and behavioral elements Attachment Theory allows for new and innovative readings to emerge which differ from those offered by Freudian Lacanian and Jungian paradigms Acknowledging the importance of the Theory of Mind and Reader Response this book uses the concept of internal working models to elucidate how the childhood experiences with which Joyce has endowed his protagonists ultimately leads to how they respond to loss The texts of Dubliners Portrait of the Artist and Ulysses show how central separation and loss were to Joyce's work It provides examples of such experiences in different age groups under differing circumstances and at different stages in the grief process

Attachment Theory highlights the complexity of human relationships throughout the life cycle not only how they can affect the grief process but how grief affects them

Gothic Modernisms A. Smith, J. Wallace, 2001-05-04 This is the first full length exploration of the relationship between Gothic fiction and Modernism in fiction and film The Gothic's fascination with images of the fragmented self is echoed in the Modernist concern with the psyche and the paranoia of the everyday The contributors explore how the Gothic influences a range of writers including James Joyce D H Lawrence Virginia Woolf May Sinclair Elizabeth Bowen and Djuna Barnes

Modernism and Food Studies Jessica Martell, Adam Fajardo, Philip Keel Geheber, 2019-01-09 As the first book length study to bring the fields of modernism and food studies together Modernism and Food Studies anchors the burgeoning field of modernist food studies This volume collects theoretically and methodologically diverse essays that investigate modernist representations of food broadly treated in phases from production to distribution and consumption By exploring the profound relationship between modernist aesthetics and the new food cultures of modernity Modernism and Food Studies uncovers new links between seemingly disparate spaces cultures and artistic media in a globalizing world

Narrative Con/texts in Ulysses Bernard Benstock, 1991 An investigation into the narrative in relation to the changing contextual situations both in Ulysses and in other Joyce texts Other works by this author include Critical Essays on James Joyce Approaches to Ulysses and The Seventh of Joyce

The Languages of Joyce Rosa Maria Bollettieri Bosinelli, Carla Marengo, Christine van Boheemen, 1992-11-03 The papers collected in this volume capture some of the excitement of the 11th International James Joyce Symposium held in Venice and Trieste June 1988 The contents of this book are by no means as restrictive as the title might suggest The contributors explore not only Joyce's languages and modes of communication and meaning but as well concepts of significance and communication in broader contexts Through Joyce the writers explore and develop their own approaches and theories about language and languages about semiotics and understanding And about psychology gender physiology politics philosophy linguistics science and culture About literature in other words

Hope, Form, and Future in the Work of James Joyce David P. Rando, 2021-11-18 Hope and future are not the terms with which James Joyce has usually been read but this book paints a picture of Joyce's fiction in which hope and future assume the primary colours Rando explores how Joyce's texts as early as Dubliners and A Portrait of the Artist as a Young Man delineate a complex hope that is oriented toward the future with restlessness dissatisfaction and invention He examines how Joyce envisions alternatives to the prevailing conventions of hope throughout his works and in Ulysses and Finnegans Wake develops formal techniques of spatializing hope to contemplate it from all sides Casting fresh light on the ways in which hope animates key aspects of Joyce's approach to literary content and form Rando moves beyond the limitations of negative critique and literary historicism to present a Joyce who thinks agilely about the future politics and possibility

Joyce's Love Stories Christopher DeVault, 2013 In his comprehensive study of love in James Joyce's writings DeVault shows that Joyce frequently ties his characters personal and political pursuits to their ability to affirm both their

loved ones and their fellow Dubliners For Joyce love for others need not compromise one's personal desires but rather offers the possibility of a broader social compassion that creates a more progressive body politic
