Storytelling in the Digital World Anna De Fina, Sabina Perrino, 2019-06-15 Storytelling in the Digital World explores new emerging narrative practices as they are enacted on digital platforms such as Amazon Facebook Twitter and YouTube Contributors online ethnographies investigate a wide range of themes including the nature of processes of transformation and recontextualization of offline events into digital narratives the effects of digital anonymity and pseudonymity on narrative practices the strategies through which virtual communities discursively work together to solidify and negotiate their sociocultural identities the tensions between the affordances that characterize different online media and the communicative needs of users the structures and modes in which virtual users construct and enact participatory practices in these environments and the significance of different spatiotemporal dimensions in the encoding sharing and appreciation of stories More generally the volume engages with some of the theoretical and methodological challenges that the growing presence of digital technologies and media poses to narrative analysis Originally published as special issue of Narrative Inquiry 27 2 2017

Handbook of Research Methods for Tourism and Hospitality Management Robin Nunkoo, 2018-07-27 As research in tourism and hospitality reaches maturity a growing number of methodological approaches are being utilized and in addition this knowledge is dispersed across a wide range of journals Consequently there is a broad and multidisciplinary community of tourism and hospitality researchers whom at present need to look widely for support on methods In this volume researchers fulfil a pressing need by clearly presenting methodological issues within tourism and hospitality research alongside particular methods and share their experiences of what works what does not work and where challenges and innovations lie

Designing Qualitative Research Catherine Marshall, Gretchen B. Rossman, 2014-12-16 Addressing the complexity flexibility and controversies of qualitative research s many genres Designing Qualitative Research Sixth Edition gives students research managers policy analysts and applied researchers clear easy to understand guidance on designing qualitative research While maintaining a focus on the proposal stage this best selling book takes readers from selecting a research genre through building a conceptual framework data collection and interpretation and arguing the merits of the proposal Extended discussions cover strategies that researchers can use to address the challenges posed by postmodernists feminists and critical race theorists as well as others who interrogate historical qualitative inquiry The book also includes thoughtful discussion on trustworthiness and ethics in addition to dealing with time resource and political stressors inherent

International Handbook of Interpretation in Educational Research Paul Smeyers, David Bridges, Nicholas C. Burbules, Morwenna Griffiths, 2015-01-06 This handbook focuses on the often neglected dimension of interpretation in educational research It argues that all educational research is in some sense interpretive and that understanding this issue belies some usual dualisms of thought and practice such as the sharp dichotomy between qualitative and quantitative research Interpretation extends from the very framing of the research task through the sources which constitute the data the process of their recording representation and analysis to the way in which the research is finally or provisionally presented The thesis of the handbook is that interpretation cuts across the fields both philosophically organizationally and methodologically By covering a comprehensive range of research approaches and methodologies the handbook gives early career researchers what they need to know in order to decide what particular methods can offer for various educational research contexts fields An extensive overview includes concrete examples of different kinds of research not limited for example to teaching and learning examples as present in the Anglo Saxon tradition but including as well what in the German Continental tradition is labelled *pädagogisch* examples from child rearing and other contexts of non formal education with full description and explanation of why these were chosen in particular circumstances and reflection on the wisdom or otherwise of the choice combined in each case with consideration of the role of interpretation in the process The handbook includes examples of a large number of methods traditionally classified as qualitative interpretive and quantitative used across the area of the study of education Examples are drawn from across the globe thus exemplifying the different opportunities and constraints that educational research has to confront in different societies

The Narrative

Construction of Identities in Critical Education A. Archakis, V. Tsakona, 2012-11-13 Based on approaches from discourse analysis and sociolinguistics this study proposes an analytical model focusing on the linguistic and discursive means narrators use to construct a variety of identities in everyday stories This model is further exploited in language teaching to cultivate students cultural sensitivity and critical literacy

Towards a Dialogic Approach to Teachers' Narratives Amy Suzanne Johnson, 2005 *Internal and External Narrative Generation Based on Post-Narratology: Emerging Research and Opportunities* Ogata, Takashi, 2020-01-03 Narrative generation can be applied to systematic frameworks that cover theoretical and philosophical thoughts of narratives and narrative generation analytical research of related narrative genres and narrative works and narrative works writing and creation using narrative generation systems The design and development of narrative generation systems refers to the themes regarding narrative work creation as arts and literature through narrative generation systems beyond narrative generation systems as a technology Internal and External Narrative Generation Based on Post Narratology Emerging Research and Opportunities is an essential scholarly publication that
