Narratological Commentary On The Odyssey:

A Narratological Commentary on the Odyssey Irene J. F. de Jong, 2001-11-22 Comprehensive commentaries on the Homeric texts abound but this commentary concentrates on one major aspect of the Odyssey its narrative art The role of narrator and narratees methods of characterization and scenery description and the development of the plot are discussed The study aims to enhance our understanding of this masterpiece of European literature All Greek references are translated and technical terms are explained in a glossary It is directed at students and scholars of Greek literature and comparative literature

Reseña de "A Narratological Commentary on the Odyssey" de Irene de Jong Graciela Cristina Zecchin, 2004 [Towards Poetic Narratology: A New Visit to Narrative Studies and Poetic Studies](#) Luo Jun, 2021-09-15 For a very long time I have been preoccupied with the exploration of the academic blind spots that have cropped up in the organic combination of poetic studies and narrative studies that is inclined to give a lot of perceptive and cognitive inspiration to the systematic and strategic construction of the theoretical frameworks and theoretical systems of poetic narratology to provide more perceptive and cognitive convenience for the vast majority of readers and scholars to give a much more profound and perspicacious interpretation and illustration of the ideological and epistemological values implied in the diverse and distinctive narration of most poetic narrative texts in an unnoticeable fashion and in an untraceable fashion *Euripides' "Alcestis"* Andreas Markantonatos, 2013-10-14 This volume is an accessible yet in depth narratological study of Euripides Alcestis the earliest extant play of Euripides and one of the most experimental masterpieces of Greek tragedy not only standing in place of a satyr play but also preserving at least some of its typical features Commencing from the widely held view so lamentably ignored within the domain of Classics that a narratology of drama should be predicated upon the notion of narrative as verbal as well as visual rendition of a story this unique volume contextualizes the play in terms of its reception by the original audience locating the intricate narrative tropes of the plot in the dynamics of fifth century Athenian mythology and religion

Emotions and Narrative in Ancient Literature and Beyond, 2022-04-25 Emotions are at the core of much ancient literature from Achilles heartfelt anger in Homer's Iliad to the pangs of love of Virgil's Dido This volume applies a narratological approach to emotions in a wide range of texts and genres It seeks to analyze ways in which emotions such as anger fear pity joy love and sadness are portrayed Furthermore using recent insights from affective narratology it studies ways in which ancient narratives evoke emotions in their readers The volume is dedicated to Irene de Jong for her groundbreaking research into the narratology of ancient literature

Handbook of Diachronic Narratology Peter Hühn, John Pier, Wolf Schmid, 2023-07-24 This handbook brings together 42 contributions by leading narratologists devoted to the study of narrative devices in European literatures from antiquity to the present Each entry examines the use of a specific narrative device in one or two national literatures across the ages whether in successive or distant periods of time Through the analysis of representative texts in a range of European languages the authors compellingly trace the continuities and

evolution of storytelling devices as well as their culture specific manifestations In response to Monika Fludernik s 2003 call for a diachronization of narratology this new handbook complements existing synchronic approaches that tend to be ahistorical in their outlook and departs from postclassical narratologies that often prioritize thematic and ideological concerns A new direction in narrative theory diachronic narratology explores previously overlooked questions from the evolution of free indirect speech from the Middle Ages to the present to how changes in narrative sequence encoded the shift from a sacred to a secular worldview in early modern Romance literatures An invaluable new resource for literary theorists historians comparatists discourse analysts and linguists

Sublime Cosmos in Graeco-Roman Literature and its Reception David Christenson, Cynthia White, 2024-03-07 The essays collected in this volume examine manifestations of our sublime cosmos in ancient literature and its reception Individual themes include religious mystery calendrical and cyclical thinking as ordering principles of human experience divine birth and the manifold nature of divinity both awesome and terrifying contemplation of the sky and meteorological irregularity fears associated with overpowering natural and anthropogenic events and the aspirations and limitations of human expression In texts ranging from Homer to Keats the volume s chapters apply diverse critical methods and approaches that engage with sublimity in various aesthetic agential and metaphysical aspects The ancient texts epic dramatic historiographic and lyric treated here are rooted in a remote world where within a framework of perceived celestial order literature myth and science still communicated profoundly a tradition that continued in literary receptions of these ancient works This volume honours the intellectual legacy of Thomas D Worthen a scholar whose expertise and insights cut across multiple disciplines and who influenced and inspired students and colleagues at the University of Arizona USA for over three decades Beyond clarifying temporally and culturally distant contemplations of the human universe these essays aim to inform the continuing sense of wonder and horror at the sublime heights and depths of our ever changing cosmos

LUX: Studies in Greek and Latin Literature Myrto Aloumpi, Antony Augoustakis, 2024-10-21 This volume of essays in honor of Lucia Athanassaki offers a great variety of chapters on a number of topics in Greek and Latin literature and genres from Greek epic and lyric poetry to Greek drama and late antiquity Greek historiography and Latin lyric poetry

The Emergence of Subjectivity in the Ancient and Medieval World Jon Stewart, 2020-03-24 The Emergence of Subjectivity in the Ancient and Medieval World An Interpretation of Western Civilization represents a combination of different genres cultural history philosophical anthropology and textbook It follows a handful of different but interrelated themes through more than a dozen texts that were written over a period of several millennia and by means of an analysis of these texts presents a theory of the development of Western civilization from antiquity to the Middle Ages The main line of argument traces the various self conceptions of different cultures as they developed historically reflecting different views of what it is to be human The thesis of the volume is that through examination of these changes we can discern the gradual emergence of what we today call inwardness subjectivity and

individual freedom As human civilization took its first tenuous steps it had a very limited conception of the individual Instead the dominant principle was that of the wider group the family clan or people Only in the course of history did the idea of what we now know as individuality begin to emerge and it took millennia for this idea to be fully recognized and developed The conception of human beings as having a sphere of inwardness and subjectivity subsequently had a sweeping impact on all aspects of culture including philosophy religion law and art indeed this notion largely constitutes what is today referred to as modernity It is easy to lose sight of the fact that this modern conception of human subjectivity was not simply something given but rather the result of a long process of historical and cultural development

A Moment's Ornament Corinne Ondine Pache, 2011-01-10 From Hesiod's first person account of his encounters with the Muses on Mount Helikon to Theokritos nymphs love between goddesses and mortal men provides the ancient Greeks with a way of articulating both the genealogical and cultic connection to their gods and to their past A Moment's Ornament examines the theme of nympholepsy the experience of being seized by a nymph or a goddess in ancient Greek cult and poetry from the Archaic to the Hellenistic period In poetry this topos which is ubiquitous in many of the most well known ancient Greek sources focuses on the figure of the goddess or nymph who falls in love with a mortal man and subsequently bears a mortal child The theme also finds its way in ritual as stories of encounters between divinities and mortal men give rise to sanctuaries centering on nymphs and nympholepts Beyond the individual dimension of the nympholeptic experience these narratives are also integrated within the community through both poetry and shrines Nympholeptic narratives thus articulate key elements of the bond between mortals and immortals and the connection between myth and ritual in ancient Greece Both the cave sanctuaries founded by ancient nympholepts and the poets narratives of love between goddesses and their mortal lovers function as a moment's ornament by preserving the memory of an encounter with the otherworldly at the intersection between myth and cult

Orality, Literacy and Performance in the Ancient World Elizabeth Minchin, 2011-12-09 The ninth meeting in the international Orality and Literacy in the Ancient World series in the fiftieth year since the publication in 1960 of Albert Lord's The Singer of Tales took as its theme Composition and Performance This volume contains a selection of those papers several of which illustrate methodologically innovative approaches to the act of composition the nature of performance and vocalization in text Under consideration are Homer Hesiod Plato Isocrates the orators of the Second Sophistic and Proclus Cross cultural studies include amongst others South Slavic epic and a text from the Sanskrit archive

The Oxford encyclopedia of ancient Greece and Rome. - Vol. 1 - 7 Michael Gagarin, 2010

Homer Barbara Graziosi, 2019-03-28 Homer's mythological tales of war and homecoming the Iliad and the Odyssey are widely considered to be two of the most influential works in the history of western literature Yet their author the greatest poet that ever lived is something of a mystery By the 6th century BCE Homer had already become a mythical figure and today debate continues as to whether he ever existed In this Very Short Introduction Barbara Graziosi considers Homer's famous works and their impact on readers

throughout the centuries She shows how the Iliad and the Odyssey benefit from a tradition of reading that spans well over two millennia stemming from ancient scholars at the library of Alexandria in the third and second centuries BCE who wrote some of the first commentaries on the Homeric epics Summaries of these scholars notes made their way into the margins of Byzantine manuscripts from Byzantium the annotated manuscripts travelled to Italy and the ancient notes finally appeared in the first printed editions of Homer eventually influencing our interpretation of Homer's work today Along the way Homer's works have inspired artists writers philosophers musicians playwrights and film makers Exploring the main literary historical cultural and archaeological issues at the heart of Homer's narratives Graziosi analyses the enduring appeal of Homer and his iconic works

ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable This book was previously published in hardback as **Homer**

Combat Trauma and the Ancient Greeks P. Meineck, D. Konstan, 2014-09-11 This ground breaking book applies trauma studies to the drama and literature of the ancient Greeks Diverse essays explore how the Greeks responded to war and if what we now term combat trauma post traumatic stress or combat stress injury can be discerned in ancient Greek culture

Epic Grief Christos Tsagalis, 2012-08-06 This study of the gooi or personal laments in Homer's Iliad once and for all articulates the poetic techniques regulating this type of speech Going beyond the tendency to view lament as a repetitive and group based activity this work shows instead the primacy of the goos a sub genre which the Iliad has produced by absorbing the funerary genre of lament Oral theory narratology semiotics rhetorical analysis are deftly applied to explore the ways personal laments develop principal epic themes and unravel narrative threads weaving the thematical texture of the entire Iliad and beyond the wrath of Achilles the deaths of Patroclus and Hector the grief of Achilles and his future death the foreshadowing of Troy's destruction Winner of the Annual Award in Classics 2007 of the Academy of Athens

Handbook of Narrative Analysis Luc Herman, Bart Vervaeck, 2019-12-01 Stories are everywhere from fiction across media to politics and personal identity Handbook of Narrative Analysis sorts out both traditional and recent narrative theories providing the necessary skills to interpret any story In addition to discussing classical theorists such as Gerard Genette Mieke Bal and Seymour Chatman Handbook of Narrative Analysis presents precursors such as E M Forster related theorists Franz Stanzel Dorrit Cohn and a large variety of postclassical critics Among the latter particular attention is paid to rhetorical cognitive and cultural approaches intermediality storyworlds gender theory and natural and unnatural narratology Not content to consider theory as an end in itself Luc Herman and Bart Vervaeck use two short stories and a graphic narrative by contemporary authors as touchstones to illustrate each approach to narrative In doing so they illuminate the practical implications of theoretical preferences and the ideological leanings underlying them Marginal glosses guide the reader through discussions of theoretical issues and an

extensive bibliography points readers to the most current publications in the field Written in an accessible style this handbook combines a comprehensive treatment of its subject with a user friendly format appropriate for specialists and nonspecialists alike Handbook of Narrative Analysis is the go to book for understanding and interpreting narrative This new edition revises and extends the first edition to describe and apply the last fifteen years of cutting edge scholarship in the field of narrative theory Approaches to Homer, Ancient and Modern Robert J. Rabel, 2005-12-31 Ten new essays from a

distinguished cast of mainly North American scholars approach Homer with insights gained from the modern disciplines of psychology and anthropology narratology oral theory and cognitive research But the contributors also attend to ancient modes of approach to the Homeric poems linguistic and narratological ethical and psychological The volume focuses both on literary technique in the poems and on the portrayal of characters and peoples central and marginal **Kleos in a Minor Key** J. C. B. Petropoulos, 2011 The word kleos in the Iliad and the Odyssey distinctly supposes an oral narrative principally an oral history a life story or ultimately an oral tradition A hero's kleos defines him as a fully gendered social being This book is a meditation on this concept as expressed and experienced in the adult society in which Telemachos finds himself

Structures of Epic Poetry Christiane Reitz, Simone Finkmann, 2019-12-16 This compendium 4 vols studies the continuity flexibility and variation of structural elements in epic narratives It provides an overview of the structural patterns of epic poetry by means of a standardized stringent terminology Both diachronic developments and changes within individual epics are scrutinized in order to provide a comprehensive structural approach and a key to intra and intertextual characteristics of ancient epic poetry **Routledge Encyclopedia of Narrative Theory** David Herman, Manfred Jahn, Marie-Laure

Ryan, 2010-06-10 The past several decades have seen an explosion of interest in narrative with this multifaceted object of inquiry becoming a central concern in a wide range of disciplinary fields and research contexts As accounts of what happened to particular people in particular circumstances and with specific consequences stories have come to be viewed as a basic human strategy for coming to terms with time process and change However the very predominance of narrative as a focus of interest across multiple disciplines makes it imperative for scholars teachers and students to have access to a comprehensive reference resource

Delve into the emotional tapestry woven by Emotional Journey with in Experience **Narratological Commentary On The Odyssey** . This ebook, available for download in a PDF format (PDF Size: *), is more than just words on a page; it's a journey of connection and profound emotion. Narratological Commentary On The Odyssey Introduction

Narratological Commentary On The Odyssey Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Narratological Commentary On The Odyssey Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Narratological Commentary On The Odyssey : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Narratological Commentary On The Odyssey : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Narratological Commentary On The Odyssey Offers a diverse range of free eBooks across various genres. Narratological Commentary On The Odyssey Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Narratological Commentary On The Odyssey Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Narratological Commentary On The Odyssey, especially related to Narratological Commentary On The Odyssey, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Narratological Commentary On The Odyssey, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Narratological Commentary On The Odyssey books or magazines might include. Look for these in online stores or libraries. Remember that while Narratological Commentary On The Odyssey, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Narratological Commentary On The Odyssey eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Narratological Commentary On The Odyssey full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Narratological Commentary On The Odyssey eBooks, including some popular titles.

FAQs About Narratological Commentary On The Odyssey Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Narratological Commentary On The Odyssey is one of the best book in our library for free trial. We provide copy of Narratological Commentary On The Odyssey in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Narratological Commentary On The Odyssey. Where to download Narratological Commentary On The Odyssey online for free? Are you looking for Narratological Commentary On The Odyssey PDF? This is definitely going to save you time and cash in something you should think about.
