Perestroika And International Law:

Perestroika and International Law Anthony Carty, Gennadii Mikhaïlovich Danilenko, 1990 **Perestroika and International Law** William Elliott Butler, 1990-01-31 **The Perestroika Era and International Law** KAJ. HOBÉR, 2024-12-28 This insightful book explores the Perestroika era 1985-1991 considered to be one of the most eventful periods in modern history and in particular the ways in which it affected the Soviet approach to international law After assessing the reforms introduced by the Perestroika era Kaj Hobér outlines the concept of The New Thinking and its impact on Soviet international law as the guiding principle for the reorientation of Soviet foreign policy The book examines specific aspects of public international law during this period namely key sources of international law peaceful coexistence the use of force border disputes human rights approaches and foreign economic relations as well as the dissolution of the USSR Hobér argues that the Perestroika period represents a watershed in the Soviet approach to international law and that the events continue to cast their shadow over Russia's legal political and sociocultural developments today The *Perestroika Era and International Law* is a valuable resource for scholars specialising in public international law and legal history Its analysis of the interrelation between Soviet international law foreign policy and sociocultural policy will also be of interest to those working in foreign relations politics and public policy *The Perestroika Era and International Law* Kaj Hobér, 2024-12-09 This insightful book explores the Perestroika era 1985-1991 considered to be one of the most eventful periods in modern history and in particular the ways in which it affected the Soviet approach to international law *International Law* Malcolm N. Shaw, 2021-07-22 An authoritative and engaging work combining straightforward exposition with extensive footnotes for further research **Perestroika and the international law** William Elliott Butler, 1990 **Introduction** Anthony Carty, Gennadii Mikhaïlovich Danilenko, 1990 Justice among Nations Stephen C. Neff, 2014-02-18 *Justice among Nations* tells the story of the rise of international law and how it has been formulated debated contested and put into practice from ancient times to the present Stephen Neff avoids technical jargon as he surveys doctrines from natural law to feminism and practice from the Warring States of China to the international criminal courts of today Ancient China produced the first rudimentary set of doctrines But the cornerstone of international law was laid by the Romans in the form of universal natural law However as medieval European states encountered non-Christian peoples from East Asia to the New World new legal quandaries arose and by the seventeenth century the first modern theories of international law were devised New challenges in the nineteenth century encompassed nationalism free trade imperialism international organizations and arbitration Innovative doctrines included liberalism the nationality school and solidarism The twentieth century witnessed the League of Nations and a World Court but also the rise of socialist and fascist states and the advent of the Cold War Yet the collapse of the Soviet Union brought little respite As Neff makes clear further threats to the rule of law today come from environmental pressures genocide and terrorism **The Legal Dimension in Cold-War Interactions: Some Notes from the Field**

Tatiana Borisova, William B. Simons, 2012-11-21 This volume offers readers a stimulating perspective on both struggles and cooperation on the Cold War's legal front and regard for its political context It covers the era of Stalinism up to the post Communist period of the 1990s and 2000s **Transboundary Environmental Interference and the Origin of State Liability**

René Lefeber, 2023-09-14 On going deterioration of the state of the environment and the continuous risk of an environmental disaster has forced society to reconsider its environmental and developmental objectives For economic and environmental reasons the costs of prevention and reparation of environmental harm should be channelled to the polluter However such channelling may run counter to legal principles This work scrutinizes this field of tension between economic and legal principles at state level It provides a unique analysis of traditional thinking on state liability for transboundary harm and the theories which have challenged it since the proliferation of hazardous activities in the 1960s The author favours a return to traditional thinking but has an eye for the theories that challenged it with the aim of safeguarding the compensation of victims of transboundary harm *From Coexistence to Cooperation* Edward McWhinney, Douglas

Ross, Grigory Tunkin, Vladien Vereshchetin, 2023-11-27 In four short years the international landscape has been completely reorganized The major political fault line of the Cold War has been for the most part erased and the foundations have been laid for an entirely new era in international relations Serious focused analysis is urgently needed to help facilitate the process of ending the Cold War This volume the product of a Canada Soviet bilateral conference of jurists and other scholars specialized in International Law and International Organization and International Conflicts Resolution held at Simon Fraser University Vancouver in June 1990 attempts to provide such analysis Written by a professionally and scientifically distinguished team of Canadian and Soviet experts it deals with such issues as the winding up of the Nuclear and General Disarmament process the current main proposals on strengthening the United Nations and on reforming and modernizing its main arenas and institutions new approaches to International Trade and Commerce on a multilateral basis developing new norms of International Environmental Protection Law and the International protection of Human Rights It is characterized above all by a common emphasis Soviet and Canadian on pragmatism and on a rigorously empirical problem oriented approach and offers not merely a description of international Law as it might now happen to exist The result is a surprisingly far ranging consensus not merely on the major World Community problems that should be deemed ripe for present study but also on their most desirable practical and realizable solutions **The Law of U.S. Foreign Relations** Sean D.

Murphy, Edward T. Swaine, 2023 The Law of U S Foreign Relations is a comprehensive and incisive discussion of the rules that govern the conduct of U S relations with foreign countries and international organizations and the rules governing how international law applies within the U S legal system Among other topics this volume examines the constitutional and historical foundations of congressional executive and judicial authority in foreign affairs This includes the constitutional tensions prevalent in legislative efforts to control executive diplomacy as well as the ebb and flow of judicial engagement in

transnational disputes with the judiciary often serving as umpire but at times invoking doctrines of abstention The process of U S adherence to treaties and other international agreements is closely scrutinized as the authors examine how such law as well as customary international law and the law making acts of international organizations can become a source of U S law Individual chapters focus on the special challenges posed by the exercise of war powers by the federal government including during recent incidents of international armed conflict the complex role of the several states in foreign affairs and the imperative to protect individual rights in the transnational sphere Among the contemporary issues discussed are the immunity of foreign heads of State treatment of detainees at Guant namo movement of the U S Embassy in Israel to Jerusalem state level foreign compacts to address climate change bans affecting refugees and asylum seekers and recent interpretations of key statutes such as the Alien Tort Statute the Torture Victim Protection Act and the Foreign Sovereign Immunities Act

Russia and the Right to Self-Determination in the Post-Soviet Space Johannes Socher,2021-06-17 The right to self determination is renowned for its lack of clear interpretation Broadly speaking one can differentiate between a classic and a romantic tradition In modern international law the balance between these two opposing traditions is sought in an attempt to contain or domesticate the romantic version by limiting it to abnormal situations that is cases of alien subjugation domination and exploitation This book situates Russia s engagement with the right to self determination in this debate It shows that Russia follows a distinct approach to self determination that diverges significantly from the consensus view in international state practice and scholarship partly due to a lasting legacy of the former Soviet doctrine of international law Against the background of the Soviet Union s role in the evolution of the right to self determination the bulk of the study analyses Russia s relevant state practice in the post Soviet space through the prisms of sovereignty secession and annexation Drawing on analysis of all seven major secessionist conflicts in the former Soviet space and a detailed study of Russian sources and scholarship it traces how Russian engagement with self determination has changed over the past three decades Ultimately the book argues that Russia s approach to the right of peoples to self determination should not only be understood in terms of power politics disguised as legal rhetoric but in terms of a continuously assumed regional hegemony and exceptionalism based on balance of power considerations

Judges as Guardians of Constitutionalism and Human Rights Martin Scheinin,Helle Krunke,Marina Aksenova,2016-04-29 There are many challenges that national and supranational judges have to face when fulfilling their roles as guardians of constitutionalism and human rights This book brings together academics and judges from different jurisdictions in an endeavour to uncover the intricacies of the judicial function The contributors discuss several points that each represent contemporary challenges to judging analysis of judicial balancing of conflicting considerations the nature of courts legitimacy and its alleged dependence on public support the role of judges in upholding constitutional values in the times of transition to democracy surveillance and the fight against terrorism and the role of international judges in guaranteeing globally recognized fundamental rights and freedoms This

book will be of interest to human rights scholars focusing on the issues of judicial oversight as well as constitutional law scholars interested in comparative perspectives on the role of judges in different contexts It will also be useful to national constitutional court judges and law clerks aiming to familiarise themselves with judicial practices within other jurisdictions

The New Legal Order in Hong Kong Raymond Wacks,1999-11-01 As Hong Kong enters its third year under Chinese rule the prognosis for the common law remains uncertain Can the improbable doctrine of one country two systems be made to work Will the political controversies that continue to bedevil the territory undermine the rule of law and the integrity of the legal order The 21 essays in this important new collection consider these and many other questions The first part examines several problems that lie at the heart of the Basic Law s promise of legal continuity Hong Kong s economic order and its legal buttresses are analysed in Part 2 while the essays in Part 3 trace the shifts in social values as reflected both in Chinese and Hong Kong law Though they embrace a wide area the contributions to this volume suggest that while many problems lie ahead Hong Kong s law and legal system seem adequately entrenched to endure well into the future Raymond Wacks is Professor of Law and Legal Theory at the University of Hong Kong He is an international authority on the legal protection of privacy and has also published widely in the field of legal theory Professor Wacks has edited several books on Hong Kong law and human rights His recent books include *Privacy and Press Freedom* 1995 The fifth edition of his text *Jurisprudence* will appear in early 2000 B y far the most comprehensive study of the post 1997 legal order I have come across covering nearly all the subjects which the Basic Law touches upon I t contains much insightful analysis of the historical development and future issues surrounding each topic A very valuable contribution to scholarship Far more importantly there is no collection that comes close to such an array of good analysis on so many topics Anthony Neoh SC Visiting Professor Peking University

Hazardous Substances in India and the World T. R. Subramanya,2021-05-25 This book examines the nature of hazardous substances and the law governing them including international conventions relevant directives and Indian legislation from the pre independence period to the present It focuses on legislations passed in the area of hazardous substances highlighting the background relevant to the continued growth of international environmental law across the globe It reviews existing strategies available in developing countries and the lack of a systematic approach in administering hazardous substances management programs The author unfolds the dynamics of hazardous substances the trade of such substances transboundary movements and their restrictions through rigorous analyses and evaluation of cases The book explores the question of liability in hazardous substance litigation offers an understanding of several judicial decisions in the context and suggests measures to control and manage the problem of hazardous substances Authoritative lucid and comprehensive this book will be useful to students researchers and policymakers working on environment law international environmental law and development studies as well as to legal professionals judicial officers and NGOs

Encyclopedia of Government and Politics M. E. Hawkesworth,Maurice Kogan,1992 **Lawfare** Christi

Bartman,2010-04-16 One might ask why the Soviet Union so adamantly promoted the definition of aggression and aggressive war while as many have noted conducting military actions that appeared to violate the very definition they espoused in international treaties and conventions Lawfare Use of the Definition of Aggressive War by the Soviet and Russian Governments demonstrates that through the use of treaties the Soviet Union and Russian Federation practiced a program of lawfare long before the term became known Lawfare as applied in this work is the manipulation or exploitation of the international legal system to supplement military and political objectives This work is unique in that it not only traces the evolution of the definition of aggression and aggressive war from the Soviet and Russian Federation perspective it looks at that progression both from the vantage point of leading edge legal legitimacy and its concurrent use as a means of lawfare to control other states legally politically and equally as important through the public media of propaganda **Soviet Perspectives on International Law and the Effects of Perestroika** Marni Marie Berg,1991 The George Washington journal of international law and econo ,1990

Enjoying the Tune of Phrase: An Mental Symphony within **Perestroika And International Law**

In a global eaten by screens and the ceaseless chatter of instant communication, the melodic splendor and emotional symphony produced by the written term usually fade in to the backdrop, eclipsed by the constant noise and interruptions that permeate our lives. But, nestled within the pages of **Perestroika And International Law** a marvelous fictional value full of organic thoughts, lies an immersive symphony waiting to be embraced. Crafted by an outstanding composer of language, that fascinating masterpiece conducts readers on a mental trip, skillfully unraveling the hidden melodies and profound impact resonating within each carefully constructed phrase. Within the depths with this emotional review, we shall investigate the book is main harmonies, analyze their enthralling publishing design, and submit ourselves to the profound resonance that echoes in the depths of readers souls.

Perestroika And International Law Introduction

In the digital age, access to information has become easier than ever before. The ability to download Perestroika And International Law has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Perestroika And International Law has opened up a world of possibilities. Downloading Perestroika And International Law provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Perestroika And International Law has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Perestroika And International Law. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Perestroika And International Law. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Perestroika And International Law, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected

websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Perestroika And International Law has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Perestroika And International Law Books

1. Where can I buy Perestroika And International Law books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
