**God's Perfect Child** Caroline Fraser, 2024-06-04 From the Pulitzer Prize winning author the most powerful and persuasive attack on Christian Science to have been written in this century Los Angeles Times Book Review Millions of Americans from Lady Astor to Ginger Rogers to Watergate conspirator H R Haldeman have been touched by the Church of Christ Scientist Founded by Mary Baker Eddy in 1879 Christian Science was based on a belief that intense contemplation of the perfection of God can heal all ills an extreme expression of the American faith in self reliance In this unflinching investigation Caroline Fraser herself raised in a Scientist household shows how the Church transformed itself from a small eccentric sect into a politically powerful and socially respectable religion and explores the human cost of Christian Science s remarkable rise Fraser examines the strange life and psychology of Mary Baker Eddy She takes us into the closed world of Eddy s followers who refuse to acknowledge the existence of illness and death and reject modern medicine even at the cost of their children s lives She reveals just how Christian Science managed to gain extraordinary legal and Congressional sanction for its dubious practices and tracks its enormous influence on new age beliefs and other modern healing cults A passionate exposé of zealotry God s Perfect Child tells one of the most dramatic and little known stories in American religious history A work of impassioned rationality important and profoundly disturbing Susan Jacoby Newsday New Startling Fraser has an eye and ear for the kind of detail that can help readers make up their own minds about an always controversial American religious expression Martin Marty The Boston Globe Splendid The New York Times      **The Dream of the Perfect Child** Joan Rothschild, 2005 A feminist critique of bioethics and attitudes toward reproductive technologies      The Rules of Parenting Richard Templar, 2008-02-01 Beginning with the first rule relax and continuing through 100 this handbook guides parents on everything they need to know to address issues ranging from the toddler years school and boyfriends or girlfriends to driving lessons and college      **Rules of Parenting, The: A Personal Code for Bringing Up Happy, Confident Children** Richard Templar, 2022-11-28 A personal code to think yourself smarter wiser and happier We all envy the natural thinkers of this world They have the best ideas make the smartest decisions are open minded and never indecisive Is there something they know that the rest of us don t Is it something we can all learn The answer is a resounding yes They know The Rules of Thinking These Rules are the guiding principles that show you how to make wiser decisions stop procrastinating know when to compromise avoid mistakes find other options think well with others stop obsessing about things keep your brain active be more creative and have happy healthy thoughts      The Next Best Thing Amanda Schutzman, 2015-04-14 Kia has always been different Growing up in a place where children are designed for perfection from birth and hand selected for their best attributes she has never fit in Resigned to a life within the walls of her adoption center she gets the surprise of her lifetime when she gets a chance for something more But will it be what she always wanted or will she be left wanting the next best thing      *Baakisimba* Sylvia Antonia Nannyonga-Tamusuza, 2014-02-04 Originally a royal

court dance baakisimba asserted the authority of the king as the head of Baganda society After the abolition of kingship in 1967 baakisimba dance began to be performed in other contexts with women sometimes playing the accompanying drums traditionally a man's role and with men occasionally performing the dance Sylvia Nannyonga Tamusuza argues that the music and dance of the Baganda people are not simply reflective of culture baakisimba participates in the construction of social relations and helps determine how these relations shape the performing arts Integrating a study of foregrounds the conceptualization of gender as a time specific cultural phenomenon Illuminating the complex relationship between baakisimba and Baganda culture this path breaking volume bridges the gaps in previous scholarship that integrates music and dance in ethnomusicological scholarship STRANGER AT THE GATE Mel White,2015-12-08 Compelling eloquent and compassionate We learn as much about growing up in the Christian right as we do about gay life in Mel White's heartfelt and revealing memoir San Francisco Examiner Until Christmas Eve 1991 Mel White was regarded by the leaders of the religious right as one of their most talented and productive supporters He penned the speeches of Oliver North He was a ghostwriter for Jerry Falwell worked with Jim Bakker flew in Pat Robertson's private jet walked sandy beaches with Billy Graham What these men didn't know was that Mel White evangelical minister committed Christian family man was gay An engrossing journey to unite sexuality with faith Dallas Morning News Stranger at the Gate details Mel White's twenty five years of being counseled exorcised electric shocked prayed for and nearly driven to suicide because his church said homosexuality was wrong But his salvation to be openly gay and Christian is more than a unique coming out story It is a chilling exposé that goes right into the secret meetings and hidden agendas of the religious right Told by an eyewitness and sure to anger those Mel White once knew best Stranger at the Gate is a warning about where the politics of hate may lead America an important book by a brave man whose words can make us both richer in spirit and much wiser too **A Stranger's Journey** David W. Thompson,2007-12 A Stranger's Journey brings you a novel way to have a group study and fellowship with your friends After years of leading his men's bible study group David Thompson became convicted that there was a lack of material for those who want to study and have fellowship on a regular basis Taking his thoughts and true life situations David has written short devotionals that are thought provoking and guaranteed to create conversation His use of humor and satire will hold your interest and give you insight into one stranger's life journey You may agree or disagree with his thought process but at least it will make you think David W Thompson in his own words is the most unusual bank president in the United States Besides being a banker for over 30 years David is an ordained minister church elder and men's bible study leader Other accomplishments include a black belt in Tae Kwon Do and qualifying to carry a concealed weapon Mr Thompson holds a Bachelors degree in Psychology from Southwest Baptist University in Bolivar Missouri But above all else David is a sold out totally dedicated follower of Jesus Christ Outsourced Children Leslie K. Wang,2016-08-31 It's no secret that tens of thousands of Chinese children have been adopted by American parents and that Western aid organizations have invested in

helping orphans in China but why have Chinese authorities allowed this exchange and what does it reveal about processes of globalization Countries that allow their vulnerable children to be cared for by outsiders are typically viewed as weaker global players However Leslie K Wang argues that China has turned this notion on its head by outsourcing the care of its unwanted children to attract foreign resources and secure closer ties with Western nations She demonstrates the two main ways that this outsourced intimacy operates as an ongoing transnational exchange first through the exportation of mostly healthy girls into Western homes via adoption and second through the subsequent importation of first world actors resources and practices into orphanages to care for the mostly special needs youth left behind Outsourced Children reveals the different care standards offered in Chinese state run orphanages that were aided by Western humanitarian organizations Wang explains how such transnational partnerships place marginalized children squarely at the intersection of public and private spheres state and civil society and local and global agendas While Western societies view childhood as an innocent time unaffected by politics this book explores how children both symbolize and influence national futures     *Scribblers With Emotion* Swastika Jha and Shadwal Sinha,2020-10-05 An anthology by SPLIT POETRY INDIA     LIFE TALES Sahil Verma,2020-10-05 It contains love friendship trust breakup move on and motivational quotes Life is not always good It has many ups and downs People face so many worse situations and this will help them to heal     *Mothers, Children, and the Body Politic* Nadya Williams,2024-10-15 Today humans are often seen as commodities rather than image bearers Classics scholar Nadya Williams brings insight from the beliefs and practices of the early church about motherhood raising children and human life suggesting there is a way to recapture a vision that affirms the imago Dei in each person above our economic production     Prenatal Testing and Disability Rights Erik Parens,Adrienne Asch,2000-09-28 As prenatal tests proliferate the medical and broader communities perceive that such testing is a logical extension of good prenatal care it helps parents have healthy babies But prenatal tests have been criticized by the disability rights community which contends that advances in science should be directed at improving their lives not preventing them Used primarily to decide to abort a fetus that would have been born with mental or physical impairments prenatal tests arguably reinforce discrimination against and misconceptions about people with disabilities In these essays people on both sides of the issue engage in an honest and occasionally painful debate about prenatal testing and selective abortion The contributors include both people who live with and people who theorize about disabilities scholars from the social sciences and humanities medical geneticists genetic counselors physicians and lawyers Although the essayists don t arrive at a consensus over the disability community s objections to prenatal testing and its consequences they do offer recommendations for ameliorating some of the problems associated with the practice     **Early Care and Education for Children in Poverty** W. Steven Barnett,Sarane Spence Boocock,1998-01-01 Establishes the power of early care and education to change children s lives particularly children in poverty     *The Everything Parent's Guide to Dealing with Bullies* Deborah Carpenter,Christopher J. Ferguson,2009-06-18

Mocking Namecalling Physical aggression These experiences are all forms of bullying that can wreak havoc on a child's self esteem safety and general happiness Both parents of bullied children and parents of bullies are in a difficult situation They want to protect their children and control their behavior without making the problem worse Parents need a comprehensive up to date guide to ensure that their children's education and quality of life are not compromised This book helps parents learn to Recognize the signs of bullying Find out where bullying is taking place at school at a friend's house or on the Internet Understand the differences between bullying among boys and girls Teach social skills and assertiveness techniques Communicate with the parents of bullies Get support from teachers counselors and other school administrators Handle bullying situations involving children with special needs Written by Deborah Carpenter a social worker and assistant principal this guide gives parents all the tools they need to recognize the problem treat it properly and prevent it from happening again     *Psychiatric Medications and Our Children* Herbert Wagemaker,2003     **Stand Up for Autism** Georgina J.
