do what they know The reason being is they just don't know how This book is all about how This book will help you to enhance and optimize each and every area of your life and will empower you how to crush it all It is not what the book will cost you it is what it will cost if you don't read it Successful is a man who is healthy wealthy wise We all have dreams a fascinating enchanting imagination and a blueprint of how our life is supposed to be We all want to believe deep down in our souls that we have a special gift that we can make a difference that we can touch others in a special and pretty unique way and that we can make this world a better place to live At one time in our lives we all had a vision for the quality of life that we desire and deserve Yet for many of us those dreams have become shrouded in the frustrations and routines of daily life that we no longer even make an effort to accomplish them For too many the dream has dissipated and with it so has the will to design an extraordinary quality of life filled with grace and abundance Many have lost that sense of certainty that creates winners edge After all what's the difference that makes the difference What makes the difference in the quality of people's lives Why few achieve what they want and succeed in their lives up to no limits and rest just keep dreaming and never reach to their dreamland What is it that makes successful people successful and the rest mere dreamers After all what's the difference between incredibly successful legends and happily mediocre crowd How is it that so often people from such humble beginnings devastating backgrounds miserable circumstances poor conditions and innumerable disappointments in spite of it all manage to create lives that inspire us Conversely why do many of those born into privileged environments with every resource for success at their fingertips end up ill fat broke stupid embarrassed miserable often chemically addicted technically screwed What makes some people's lives example while others a warning For my entire life I have been obsessed with like questions And to quench my quest of figuring out the difference that made the difference I stumbled upon an never ending journey the road to personal excellence The road which is always under construction I'm not here to claim that I have figured it all out But the great news is I'm yet evolving Honor those who seek the truth beware of those who have found it For me it's a reminder that the path to personal excellence never ends and that absolutely nobody has this SHIT figured out Be Successful Thrive Exponentially Beyond Excellence is my open invitation for you to join me on this uniquely phenomenal journey the way to thrive exponentially beyond excellence IS THIS INVITATION REALLY FOR YOU Oh I must say that's a pretty good question Knowledge is having the right answer while intelligence is asking the right question Anyways let's come back to the point Is this book really for you Now I can answer it in two ways Firstly Yes Just because Sir Jim Rohn says You should always invest 10% of your income on yourself Your personal development So if he says that you should invest 10% of your income on your personal development so you must Just Kidding You might say Well Sir Jim can say that you should invest 100% of your income on yourself so we must May be if he says so then yes Okay Jokes apart But wait I have another good reason for you to consider why you must invest your time in this book It isn't what the book costs It's what it will cost you if you don't read it You see I believe I know who you really are If you are a kind of person who's always seeking for the

edge and you never want to settle for anything less than you are made to be or share or give or contribute And that no matter how well you are already doing or how challenged you now may be deep inside of you there lies a belief that your experience of life can and will be much greater than it already is I think this is a pretty perfect place for you to fit in By consistently taking advantage of each of the chapters in this book you will ensure your ability to maximize your potential and live a life filled with grace and abundance If you are still with me let me brief you about how this book is structured and how to get the most of it Basically I have designed it in such a way that it will help you to grow and thrive in each and every area of your life either it be your finances or relationship with your fiance or fiancée this book will invariably help you to unleash your true potential and reach the next level of success happiness fulfillment and accomplishment It has 10 sections and in all 55 chapters guiding you thoroughly how to walk on the blazing path of success Ah Yes You can download a sample of the book by clicking me In the case of good books the point is not to see how many of them you can get through but rather how many can get through to you
