Performing Loss Jodi Kanter, 2007-11-13 In *Performing Loss: Rebuilding Community through Theater and Writing* author Jodi Kanter explores opportunities for creativity and growth within our collective responses to grief. *Performing Loss* provides teachers, students, and others interested in performance with strategies for reading, writing, and performing loss as communities in the classroom, the theater, and the wider public sphere. From an adaptation of Jose Saramago's novel *Blindness* to a reading of Suzan-Lori Parks's *The America Play* from Kanter's own experience creating theater with terminally ill patients and federal prisoners to a visual artist's response to September 11th, Kanter shows in practical, replicable detail how performing loss with community members can transform experiences of isolation and paralysis into experiences of solidarity and action. Drawing on academic work in performance, cultural studies, literature, sociology, and anthropology, Kanter considers a range of responses to grief in historical context and goes on to imagine newer, more collaborative and more civically engaged responses. *Performing Loss* describes Kanter's pedagogical and artistic processes in lively and vivid detail, enabling the reader to use her projects as models or to adapt the techniques to new communities, venues, and purposes. Kanter demonstrates through each example the ways in which writing and performing can create new possibilities for mourning and living together.

**Index-guide to Library of the World's Best Literature, Ancient and Modern** Edward Cornelius Towne, 1899 *Theories of Performance* Elizabeth Bell, 2008-02-11 *Theories of Performance* invites students to explore the possibilities of performance for creating knowing and staking claims to the world. Each chapter surveys, explains, and illustrates classic, modern, and postmodern theories that answer the questions: What is performance? Why do people perform? and How does performance constitute our social and political worlds? The chapters feature performance as the entry point for understanding texts, drama, culture, social roles, identity, resistance, and technologies. [Bob Dylan in Performance](#)

Keith Nainby, John M. Radosta, 2019-04-19 This study of Bob Dylan's art employs a performance studies lens, exploring the distinctive ways he brings words and music to life on recordings, onstage, and onscreen. Chapters focus on the relationship of Dylan's recorded performances to the historical bardic role, to the American popular song tradition, and to rock music culture. His uses of both stage and studio to shape his performances are explored, as are his forays into cinema. Special consideration is given to his vocal performances and to his use of particular personae as a performer. The full scope of Dylan's body of work to date is situated in terms of the influences that have shaped his performances and the ways these performances have shaped contemporary popular music. *Nineteenth-Century Scientific Instruments and Their Makers*, 2023-11-27 Redactie
