## **Perish The Jew:**

**"Perish the Jew!"** David Goldberg,1939      **The Liberation of the Jew** Albert Memmi,2019-08-15 In this book written after *The Colonizer and the Colonized* and *Portrait of a Jew* Albert Memmi writes It is true that all oppression has a strong tendency to become a total oppression but it is a question of degree and nuance of generalities and accent The specific conditions of each oppression consists precisely of such degrees and particular intonations The Jew is not oppressed as a member of a class which distinguishes him from the proletariat for example Nor is he oppressed as a member of a biological group which distinguishes him from Negroes or women He is affected as a member of a total social cultural political and historical group In other words the Jew is oppressed as a member of a people a minor people a dispersed people a people always and everywhere in the minority which distinguished him from the colonized also oppressed as a people but a people in the majority The Jew must be liberated from oppression and Jewish culture must be liberated from religion This double liberation can be found in the same course of action the fight for the State of Israel *Portrait of a Jew* and *The Liberation of the Jew* form a whole the beginning and the outcome of a passionate quest The first offers a diagnosis the second a remedy Both are written with moving sincerity As a personal document Memmi s introspective study is valuable Thought provoking and disturbing in the best sense of the word it allows us to look into the tormented mind and soul of a distinguished Jewish writer who aspires to live honestly while belonging simultaneously to two worlds His doubts and affirmations carry the weight of testimony Elie Wiesel The New York Times *Portrait of a Jew* and *The Liberation of the Jew* are filled with a Jewish existentialism marked by quest for identity and self affirmation far more psychological and sociological than traditionally religious Richard Locke The New York Times *The Liberation of the Jew* is in large measure a personal record It is a moving record The poignancy of this unique work stems from its being a courageous self analysis by a highly sensitive artist Its confessional honesty is complete Louis Schwartzman *Journal of Jewish Education*      **The Jewish American Novel** Philippe Codde,2007 Philippe Codde provides a comparative cultural analysis of the unprecedented success of the Jewish novel in the postwar United States by situating the process and event in the context of three closely related American cultural movements the popularity in the US of French philosophical and literary existentialism the increasing visibility of the Holocaust in US American life and the advent of radical theology Codde argues that the literary repertoire of the postwar Jewish novel consists of an amalgam of these cultural elements that were making their mark in the political religious and philosophical systems of the United States at the time and that this explains in part the Jewish novel s sweeping success in the American literary system      **Fifty Key Jewish Thinkers** Dan Cohn-Sherbok,2013-01-11 This popular Key Guide provides an overview of the broader intellectual currents of Jewish philosophy It includes a chronological table and maps      **Wrestling with God** Steven T. Katz,Shlomo Biderman,Gershon Greenberg,2007-01-04 Publisher description      **Long Night's Journey into Day** Alice L. Eckardt,A. Roy Eckardt,Irving Greenberg,Franklin H. Littell,2016-11-08 *Long Night s Journey Into Day* is a

stimulating and provocative attempt to deal with the impact and meaning of the Holocaust within contemporary Christian and Jewish thought To Jews the Holocaust is the most terrible happening in their history but it must also be seen as a Christian event The Eckardts call for a radical rethinking of the Christian faith in the light of the Holocaust examining such issues as the relation between human and demonic culpability the charge of God's guilt and the reality of forgiveness They clarify the theological meaning of the Holocaust and the responsibility that must be borne for it by the Christian Church and discuss possible responses to it as exemplified in the writings of selected modern theologians and church councils This enlarged and revised edition takes into account new topics and developments including the issue of Austrian responsibility for the Holocaust the significance and aftermath of Bitburg and antisemitism in German feminism More detailed attention is also given to other modern genocides and occasions of humanly caused mass death Additional literary historical and religious works are considered and appropriate quotations incorporated The new edition also includes a revised preface an updated bibliography and two new appendices

*The Jewish Enemy* Jeffrey Herf, 2008-04-30 The sheer magnitude of the Holocaust has commanded our attention for the past sixty years The extent of atrocities however has overshadowed the calculus Nazis used to justify their deeds According to German wartime media it was German citizens who were targeted for extinction by a vast international conspiracy Leading the assault was an insidious belligerent Jewish clique so crafty and powerful that it managed to manipulate the actions of Roosevelt Churchill and Stalin Hitler portrayed the Holocaust as a defensive act a necessary move to destroy the Jews before they destroyed Germany Joseph Goebbels Minister of Propaganda and Otto Dietrich's Press Office translated this fanatical vision into a coherent cautionary narrative which the Nazi propaganda machine disseminated into the recesses of everyday life Calling on impressive archival research Jeffrey Herf recreates the wall posters that Germans saw while waiting for the streetcar the radio speeches they heard at home or on the street the headlines that blared from newsstands *The Jewish Enemy* is the first extensive study of how anti-Semitism pervaded and shaped Nazi propaganda during World War II and the Holocaust and how it pulled together the diverse elements of a delusory Nazi worldview Here we find an original and haunting exposition of the ways in which Hitler legitimized war and genocide to his own people as necessary to destroy an allegedly omnipotent Jewish foe In an era when both anti-Semitism and conspiracy theories continue to influence world politics Herf offers a timely reminder of their dangers along with a fresh interpretation of the paranoia underlying the ideology of the Third Reich
