BROWNE,2018 **The Persian Revolution of 1905-1909 (Classic Reprint)** Edward G. Browne,2016-10-19 Excerpt from The Persian Revolution of 1905 1909 To discuss the general question of the value of small nationalities would however unduly enlarge this Preface but even those and in these days they are alas Many who would deny this value will perhaps admit that certain exceptional races such as the Greeks in Europe have contributed so much to the spiritual intellectual and artistic wealth of the human race that they have an exceptional claim on our sympathies and that their submergence must be reckoned a calamity which no expediency can justify What Greece owes to this feeling is known to all and I suppose that few would deny that modern Greece owes her independence to her ancient glories And Persia I venture to think stands in this respect in the same category Of all the ancient nations whose names are familiar to us Persia is almost the only one which still exists as an independent political unit within her old frontiers sadly contracted it is true since Darius the Great caused to be engraved on the rocks of Bagastana or Bisutt m in characters still legible the long list of the provinces which obeyed him and brought him tribute inhabited by a people still wonderfully homogeneous considering the vicissitudes through which they have passed and still singularly resembling their ancient for bears Again and again Persia has been apparently submerged by Greeks Parthians Arabs Mongols Tartars Turks and Afghans again and again she has been broken up into petty states ruled by tribal chiefs and yet she has hitherto always re emerged as a distinct nation with peculiar and well marked idiosyncrasies About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

[Sufi Castigator](#) Lloyd Ridgeon,2006-09-27 Sufi Castigator investigates the writings of Ahmad Kasravi one of the foremost intellectuals in Iran It studies his work within the context of Sufism in modern

Iran and mystical Persian literature and includes translations of Kasravi's writings Kasravi provides a fascinating topic for those with interests in Sufism and Iranian studies as he attempted to produce a form of Iranian identity that he believed was compatible with the modern age and Iranian nationalism His stress on reason and the de mystification of religion caused him to repudiate Sufism and much of the Sufi literary heritage as backwards and believed it a reason for the weakness of modern Iran Kasravi's historical observations were weak and his writings indicate that he was working towards pre determined conclusions However his works are of significance because they contributed to a major discussion in the 1930s to 1940s about the ideal image and identity that Iranians should adopt Despite the academic weaknesses of Kasravi's works he had a profound effect on the next generation of thinkers Sufi Castigator is stimulating and meticulously researched book and includes two lengthy translations of Kasravi's works Sufism and What does Hafez Say and will appeal to scholars of middle eastern studies

Censorship of Literature in Post-Revolutionary Iran Alireza Abiz, 2020-12-10 Censorship pervades all aspects of political social and cultural life in the Islamic Republic of Iran Faced with strict state control of cultural output Iranian authors and writers have had to adapt their work to avoid falling foul of the censors In this pioneering study Alireza Abiz offers an in depth interdisciplinary analysis of how censorship and the political order of Iran have influenced contemporary Persian literature both in terms of content and tone As censorship is unrecorded and not officially acknowledged in Iran the author has examined newspaper records and conducted first hand interviews with Iranian poets and writers looking into the ways in which poets and writers attempt to subvert the codes of censorship by using symbolism and figurative language to hide their more controversial messages A ground breaking analysis this book will be vital reading for anyone interested in contemporary cultural politics and literature in Iran

Making History in Iran Farzin Vejdani, 2014-11-05 Iranian history was long told through a variety of stories and legend tribal lore and genealogies and tales of the prophets But in the late nineteenth century new institutions emerged to produce and circulate a coherent history that fundamentally reshaped these fragmented narratives and dynastic storylines Farzin Vejdani

investigates this transformation to show how cultural institutions and a growing public sphere affected history writing and how in turn this writing defined Iranian nationalism Interactions between the state and a cross section of Iranian society scholars schoolteachers students intellectuals feminists and poets were crucial in shaping a new understanding of nation and history This enlightening book draws on previously unexamined primary sources including histories school curricula pedagogical materials periodicals and memoirs to demonstrate how the social locations of historians writ broadly influenced their interpretations of the past The relative autonomy of these historians had a direct bearing on whether history upheld the status quo or became an instrument for radical change and the writing of history became central to debates on social and political reform the role of women in society and the criteria for citizenship and nationality Ultimately this book traces how contending visions of Iranian history were increasingly unified as a centralized Iranian state emerged in the early twentieth century

A Modern Contagion Amir A. Afkhami, 2019-02-05 How deadly cholera pandemics transformed modern Iran Pandemic cholera reached Iran for the first of many times in 1821 assisted by Britain's territorial expansion and growing commercial pursuits The revival of Iran's trade arteries after six decades of intermittent civil war fractured rule and isolation allowed the epidemic to spread inland and assume national proportions In *A Modern Contagion* Amir A. Afkhami argues that the disease had a profound influence on the development of modern Iran steering the country's social economic and political currents Drawing on archival documents from Iranian European and American sources Afkhami provides a comprehensive overview of pandemic cholera in Iran from the early nineteenth century to the First World War Linking the intensity of Iran's cholera outbreaks to the country's particular sociobiological vulnerabilities he demonstrates that local national and international forces in Iran helped structure the region's susceptibility to the epidemics He also explains how Iran's cholera outbreaks drove the adoption of new

paradigms in medicine helped transform Iranian views of government and caused enduring institutional changes during a critical period in the country's modern development Cholera played an important role in Iran's globalization and diplomacy influencing everything from military engagements and boundary negotiations to Russia and Britain's imperial rivalry in the Middle East Remedying an important deficit in the historiography of medicine public health and the Middle East A Modern Contagion increases our understanding of ongoing sociopolitical challenges in Iran and the rest of the Islamic world
