Fallon, 2018-09-05 Despite writing about himself extensively and repeatedly John Milton the archetypal Puritan author resolutely avoids the obligatory Augustinian narrative of sinfulness conviction of sin reception of the Word regeneration of the spirit and sanctification The doctrine of fall grace and regeneration so well illustrated in Paradise Lost has no discernible effect on Milton's overt self representations Exploring this anomaly in his new book Stephen M Fallon contends that Milton despite his deep engagement with theology is not a religious writer Why Fallon asks does Milton write about himself so compulsively Why does he substitute for the otherwise universal theological script a story of precocious and continued virtue even it seems a narrative of sinlessness What pressures does this decision to reject the standard narrative exert on his work In Milton's Peculiar Grace Fallon argues that Milton writes about himself to gain immortality secure authority for his arguments and exert control over his readers interpretations He traces the return of the repressed narrative of fallenness in the author's unacknowledged and displaced self representations which in turn account for much of the power of the late poems Fallon's book based on close readings of Milton's self constructions in prose and poetry throughout his career provides a new view of Milton's life and his importance for contemporary literary theory in particular for continued questions about authorial intention *A New Companion to Milton* Thomas N. Reformation **The New Milton Criticism** Peter C. Herman, Elizabeth Sauer, 2012-04-12 The New Milton Criticism seeks to emphasize ambivalence and discontinuity in Milton's work and interrogate the assumptions and certainties in previous Milton scholarship Contributors to the volume move Milton's open ended poetics to the centre of Milton studies by showing how analysing irresolvable questions religious philosophical and literary critical transforms interpretation and enriches appreciation of his work The New Milton Criticism encourages scholars to embrace uncertainties in his writings rather than attempt to explain them away Twelve critics from a range of countries approaches and methodologies explore these questions in these new readings of Paradise Lost and other works Sure to become a focus of debate and controversy in the field this volume is a truly original contribution to early modern studies **Theologies of Language in English**

Renaissance Literature James S. Baumlin, 2012-05-30 James S. Baumlin's Theologies of Language in English Renaissance Literature offers a revisionist history of discourse taking Shakespeare Donne and Milton as its touchstones Their works mark stages in dieEntzauberung or disenchantment as Max Weber has termed it that is in the elimination of magic from the world Shakespeare's Hamlet questions the word magic associated with medieval Catholicism Donne's love lyrics ironize the sacramental gestures of their poetic priestly speakers more radical still Milton's major poems and polemical prose empty language of sacral power repudiating human persuasion entirely over matters of saving faith Baumlin describes four archetypes of historical rhetoric sophism skepticism incarnationism and transcendence Undergirding the age's competing theologies each makes unique assumptions regarding the powers of language both communicative and performative the nature of being including transcendent being or deity the structure of the psyche whether sin weakened or self sufficient and the capacities of human knowing whether certain knowledge is communicable or even possible Working within divergent theologies of language the poets here studied take theological controversies as explicit themes The crisis of Hamlet begins not in a king's murder simply but in his dying without benefit of the sacraments As if compensating for their loss young Hamlet minister's to Gertrude while acting as scourge to Claudius Alternating between soul cursing and soul curing Hamlet plays sorcerer and priest indiscriminately Appropriating the speech acts of Catholic sacramentalism Donne's lyrics describe a private religion of Love over which the poet lover presides as officiant Or rather some lyrics present him as Love's Priest there being as many personae as there are theologies of language Beyond Love's Priest Baumlin describes three such personae Love's Apostate Love's Atheist and Love's Reformer Focusing on Lycidas and De Doctrina Christiana Baumlin outlines Milton's plerophoristic rhetoric of certitude Such texts as these explore the problematic status of preaching Can human eloquence contribute to salvation They explore competing definitions Aristotelian vs Pauline of pistis meaning alternatively religious faith and rhetorical persuasion And they invoke conflicting typologies classical vs Hebraic of authorial ethos Baumlin's study ends with a glance at the Restoration and Royal Society's final disenchantment or secularization of discourse **The Tyranny of Heaven** Michael Bryson, 2004 The Tyranny of Heaven argues for a new way

of reading the figure of Milton's God contending that Milton rejects kings on earth and in heaven Though Milton portrays God as a king in *Paradise Lost* he does this neither to endorse kingship nor to recommend a monarchical model of deity Instead he recommends the Son who in *Paradise Regained* rejects external rule as the model of politics and theology for Milton's fit audience though few The portrait of God in *Paradise Lost* serves as a scathing critique of the English people and its slow but steady backsliding into the political habits of a nation long used to living under the yoke of kingship a nation that maintained throughout its brief period of liberty the image of God as a heavenly king and finally welcomed with open arms the return of a human king Michael Bryson is a Visiting Assistant Professor of English at Northwestern University

Confessions of Faith in Early Modern England Brooke Conti, 2014-01-18 As seventeenth century England wrestled with the aftereffects of the Reformation the personal frequently conflicted with the political In speeches political pamphlets and other works of religious controversy writers from the reign of James I to that of James II unexpectedly erupt into autobiography John Milton famously interrupts his arguments against episcopacy with autobiographical accounts of his poetic hopes and dreams while John Donne's attempts to describe his conversion from Catholicism wind up obscuring rather than explaining Similar moments appear in the works of Thomas Browne John Bunyan and the two King Jameses themselves These autobiographies are familiar enough that their peculiarities have frequently been overlooked in scholarship but as Brooke Conti notes they sit uneasily within their surrounding material as well as within the conventions of confessional literature that preceded them *Confessions of Faith in Early Modern England* positions works such as Milton's political tracts Donne's polemical and devotional prose Browne's *Religio Medici* and Bunyan's *Grace Abounding to the Chief of Sinners* as products of the era's tense political climate illuminating how the pressures of public self declaration and allegiance led to autobiographical writings that often concealed more than they revealed For these authors autobiography was less a genre than a device to negotiate competing political personal and psychological demands The complex works Conti explores provide a privileged window into the pressures placed on early modern religious identity underscoring that it was no simple matter for these authors to tell the truth of their interior life even to themselves *The Art of Allusion* Sonja Drimmer, 2018-09-21 At the end of the fourteenth and into the first half of the fifteenth century Geoffrey Chaucer John Gower and John Lydgate translated and revised stories with long pedigrees in Latin Italian and French Royals and gentry alike commissioned lavish manuscript copies of these works copies whose images were integral to the rising prestige of English as a literary language Yet despite the significance of these images manuscript illuminators are seldom discussed in the major narratives of the development of English literary culture The newly enlarged scale of English manuscript production generated a problem namely a need for new images Not only did these images need to accompany narratives that often had no tradition of illustration they also had to express novel concepts including ones as foundational as the identity and suitable representation of an English poet In devising this new corpus manuscript artists harnessed visual allusion as a method to

articulate central questions and provide at times conflicting answers regarding both literary and cultural authority Sonja Drimmer traces how just as the poets embraced intertextuality as a means of invention so did illuminators devise new images through referential techniques assembling adapting and combining images from a range of sources in order to answer the need for a new body of pictorial matter Featuring more than one hundred illustrations twenty seven of them in color *The Art of Allusion* is the first book devoted to the emergence of England's literary canon as a visual as well as a linguistic event

Theatrical Milton Brendan Prawdzik, 2017-04-18 *Theatrical Milton* brings coherence to the presence of theatre in John Milton through the concept of theatricality In this book theatricality identifies a discursive field entailing the rhetorical strategies and effects of framing a given human action including speech and writing as an act of theatre Political and theological cultures in seventeenth century England developed a treasury of representational resources in order to stage to satirize and above all to delegitimize rhetors of politics religion and print At the core of Milton's works is a contradictory relation to theatre that has neither been explained nor properly explored This book changes the terms of scholarly discussion and discovers how the social structures of theatre afforded Milton resources for poetic and polemical representation and uncovers the precise contours of Milton's interest in theatre and drama **American Book Publishing Record**, 1997-05

criticism reception history of the Bible and the history of Western civilization *Scholarly Milton* Thomas Festa, Kevin J. Donovan, 2019-03-20 *Scholarly Milton* is admirably clear and informative It lays out the basics of Milton's education and intellectual life and the evolution of his thinking in relation to the political concerns of his time in ways that should orient a person new to this material at the same time as it provides a focused refreshment for someone more expert The articles themselves offer engaging and thoughtful explorations of Milton's work by grounding their analysis in specific seventeenth century intellectual concerns It should be clear that the essays in this volume speak to one another in fruitful ways they foreground Milton the educator as much as Milton the scholar Both educators and scholars will find it equally useful

Margaret Thickstun MLA *Novel Style* Ben Masters, 2017-12-08 We live in a time of linguistic plainness This is the age of the tweet and the internet meme the soundbite the status the slogan Everything reduced to its most basic components Stripped back Pared down Even in the world of literature where we might hope to find some linguistic luxury we are flirting with a recessionary mood Big books abound but rhetorical largesse at the level of the sentence is a shrinking economy There is a prevailing minimalist sensibility in the twenty first century *Novel Style* is driven by the conviction that elaborate writing opens up unique ways of thinking that are endangered when expression is reduced to its leanest possible forms By re-examining the works of essential English stylists of the late twentieth century Anthony Burgess Angela Carter Martin Amis as well as a newer generation of twenty first century stylists Zadie Smith Nicola Barker David Mitchell Ben Masters argues for the ethical power of stylistic flamboyance in fiction and demonstrates how being a stylist and an ethicist are one and the same thing A passionate championing of elaborate writing and close reading *Novel Style* illuminates what it means to have style and how style can change us

Altering Eyes Mark R. Kelley, Joseph Anthony Wittreich, 2002 The essays in this volume bring under scrutiny traditional interpretations of what is widely considered Milton's last poem As such the essays in *Altering Eyes* are an imitation of the writings they would illuminate which is to say that they are methodologically adventurous not merely assimilative and will do the kind of work that much Milton criticism of recent decades has resisted Evident in all these essays is a deep alliance an interdependency between history literature and theory Here philosophy and psychology international law economics ethics legal theory aesthetics and biblical hermeneutics the laws of genre and generic transformations republican politics comparative religion all come into play Because of the paths they pursue and the critical methodologies they deploy these eleven essays revise not only past criticism but also one another with the title of this volume *Altering Eyes* in its invocation of Blake's wise injunction that the eye altering alters all serving as their intellectual and methodological paradigm
