Piatkus Dictionary Of Mind Body And Spirit:

The Piatkus Dictionary of Mind, Body and Spirit Paula Byerly Croxon, 2003 A reference that covers all aspects of the mind body spirit field of interest with the emphasis on alternative health and lifestyle topics rather than occultism Both an expert s guide and a browser s delight it offers over 1000 entries together with illustrations and a bibliography *The Seven Sages* Patricia Anne Dye, 2013-04-22 Many world legends suggest that at any given time seven sages walk the Earth tasked with the responsibility to anchor wisdom on behalf of humanity Each one stands as the personification of a different rung of human consciousness Together they represent humanitys innate ability to save itself for doom itself Earthwhisperer knows the secrets of the Earth its pleasures and its pains Lila understands the nature and workings of sacred pleasure Solomon has learned how to wield both moral and ethical power Philomel has captured the art of immaculate loving and heartfelt joy Dattatreya lives out his version of crazy wisdom with his innovative family Marianina is fey with a vast and accurate perspective on the human soul and its cosmic context Horus is a human sun the indicator of human destiny well above normal human consciousness At this time the sages have the profound challenge to help humanity reclaim balance compassion and hope when these qualities seem lost forever Through a whirling cascade of shifts in perception can the sages inspire each person to embrace his or her unique brand of wisdom in time **The Christos Grail** Averill Nicole

Richardson, 2025-03-21 What would you do if you were personally offered a psycho spiritual destiny The author claims this happened to her in 1994 The invitation came in the form of a channelled psychic message when she consulted a New Age healer about her husband s ill health She was asked if she would like to become a teacher of teachers Interpreting this to mean a career move into a university or some other august institution of higher learning the author replied Yes I d like that Little did she understand what she d agreed to The Christos Grail is an autobiographical account of the adventure which followed her husband s death She received regular channelled psychic feedback and clues from her Guiding Angel and late husband through many different human mediums Her search for answers led her to Sophia the Grail Goddess and the energy source of the Christos She concluded that Christ consciousness is another way of describing divine self awareness which is available to all who genuinely seek it Less Incomplete Sandie Gustus, 2011-05-27 Based on an advanced new scientific approach to studying the consciousness soul spirit as proposed by renowned Brazilian consciousness researcher Dr Waldo Vieira this book provides a comprehensive understanding of the reality of the human condition beyond the physical body offering readers a profound opportunity to increase their self awareness self confidence balance and maturity and to take control of their experience of life In this book consciology and projectiology the two new sciences proposed by Vieira are explained in layman s terms Consciology is the science that studies the consciousness investigating all of its attributes properties characteristics bodies lives and phenomena The book examines three attributes of the consciousness that it is multidimensional multiexistential i e it reincarnates and that it evolves Projectiology is the study of the projection of the

consciousness or out of body experience commonly known as OBE
