Department of Public Instruction,1928      Displaced Persons: an Immigrant Journey to America Richard E. Fuerch,2014-03-10 After growing up and hearing many stories about his parents experiences in Europe before during and after World War II Richard E Fuerch decided that he had to preserve these stories for his family He took on the task of interviewing his parents taking elaborate notes and weaving a narrative from what he had assembled The initial product was a forty page binder comprising a brief retelling of the stories that were told to him After many years he decided to put it all together in the form of a book This is the story of my parents their family history in Poland and Czechoslovakia their survival of World War II their refugee experience in the wake of the devastation of the war and their eventual immigration from war torn Europe to the United States of America I wrote this book because I wanted to document their incredible story for my siblings my children and my niece and nephew While their s was an oft repeated commonly experienced voyage through life it is one that is rarely told especially within the context of the horrible tragedy that was World War II      Credential Market Quentin Maire,2021-09-22 This book makes an original contribution to credential sociology by analysing how high school certificates become and remain valuable in a context of mass high school participation i e credentialism Building on a detailed analysis of the International Baccalaureate IB Diploma a senior secondary school certificate offered in over 150 countries Quentin Maire argues that the advent of new private credentials can be understood as a phenomenon of credential stratification in a context of intensified academic competition Using original data on high school credentials in Australia and internationally the author makes a strong case for certificates to be studied relationally by locating them in the credentialing structures in which they are inserted He systematically applies the comparative method to explain the role of the curriculum family resources school segregation and higher education selection in creating a credential hierarchy His robust combination of theoretical construction and detailed empirical work allows him to offer new insights into social inequality in education systems credential theory and the IB Diploma      The Remarkable Life of Albert Haskell, Jr. Martin A. Sweeney,2023-04-13 The Remarkable Life of Albert Haskell Jr The King of Crown City is the first comprehensive portrait of the Cortland New York schoolboy who forged a path of his own that garnered him a reputation in New York State and the Northeast of the nation as an accomplished lawyer politician banker civic organizer supporter of higher education and promoter of industrial expansion As a district attorney Haskell crossed paths with the prohibition government agents murderers white slavers members of the Black Hand gang and the Ku Klux Klan He successfully prosecuted those who were part of a tubercular cattle scandal As a state assemblyman he was an advocate for the state s dairy farmers during the violent milk strikes in the 1930s Haskell co founded a chapter of Rotary International in 1919 and played a pivotal role in the 1950s in making the place of his birth the typewriter capital of the world Based on a

trove of scrapbooks assembled by Haskell through his lifetime and kept by his grandchildren this biography reveals exactly why Haskell's life of integrity and public service merits the title of King of Crown City      Report of the Commissioner of Education Made to the Secretary of the Interior for the Year ... with Accompanying Papers United States.
