Right Wing Women From Conservatives To Extremists Around World:

Right-wing Women Paola Bacchetta, Margaret Power, 2002 First Published in 2002 Routledge is an imprint of Taylor Francis an informa company Women of the Right Kathleen M. Blee, Sandra McGee Deutsch, 2015-06-29 In *Women of the Right* Kathleen M Blee and Sandra McGee Deutsch bring together a groundbreaking collection of essays examining women in right wing politics across the world from the early twentieth century white Afrikaner movement in South Africa to the supporters of Sarah Palin today The volume introduces a truly global perspective on how women matter in the national and transnational links and exchanges of rightist politics Suitable for classroom use it sets a new agenda for scholarship on women on the right Aside from the editors the contributors are Nancy Aguirre Karla J Cunningham Kirsten Delegard Kathleen M Fallon Kate Hallgren Randolph Hollingsworth Jill Irvine Vandana Joshi Carol S Lilly Annette Linden Julie Moreau Margaret Power Mariela Rubinzal Daniella Sarnoff Ronnee Schreiber Meera Sehgal Louise Vincent and Veronica A Wilson

Hungarian Women's Activism in the Wake of the First World War Judith Szapor, 2017-12-14 Using a wide range of previously unpublished archival written and visual sources *Hungarian Women's Activism in the Wake of the First World War* offers the first gendered history of the aftermath of the First World War in Hungary The book examines women's activism during the post war revolutions and counter revolution It describes the dynamic of the period's competing liberal Christian conservative socialist radical socialist and right wing nationalistic women's movements and pays special attention to women activists of the Right In this original study Judith Szapor goes on to convincingly argue that illiberal ideas on family and gender roles tied to the nation's regeneration and tightly woven into the fabric of the interwar period's right wing extreme nationalistic ideology greatly contributed to the success of Mikl's Horthy's regime Furthermore the book looks at the long shadow that anti liberal nationalist notions of gender and family cast on Hungarian society and provides an explanation for their persistent appeal in the post Communist era This is an important text for anyone interested in women's history gender history and Hungary in the 20th century *Bridging the Gender Gap* Lynn Roseberry, Johan Roos, 2014-07-24 Despite decades of efforts to promote gender equality most leadership positions in business politics education and even NGOs are occupied by men and most people still work in occupations dominated by one sex This book argues that gender imbalances in leadership and occupations are not simply a moral issue or an economic issue but a governance issue Gender imbalances persist in large part because the very people with the authority and influence to do something about them know very little about gender and how it works in their organizations and in society at large Gender imbalanced governance is an expression of entrenched ideas about masculinity and femininity that lead to poor decision making Improving the quality of governance requires action to counteract the main justifications for the status quo Based on interviews and conversations with leaders and managers in Europe and the United States the book presents seven of the most common explanations for persistent gender imbalances and shows how they are based on common stereotypes and myths about men's and women's abilities and

preferences This book provides a guided tour of current research about gender from a multi disciplinary perspective It challenges commonly held assumptions and offers alternative explanations and corresponding principles to guide individual decisions action and behaviour toward achieving gender balance **Global Social Work in a Political Context** Ferguson, Iain,Ioakimidis, Vasilios,Michael Lavalette,2018-01-10 How is social work shaped by global issues and international problems and how should it address them Taking a radical perspective this book reveals what we can learn from different approaches from across the globe *Post-9/11 American Presidential Rhetoric* Colleen Elizabeth Kelley,2008-01-01 Post 9 11 American Presidential Rhetoric examines the communication offensive orchestrated by George W Bush and the members of his administration between the initial terrorism crisis of September 11 2001 and the March 20 2003 invasion of Iraq Colleen Elizabeth Kelley argues that the president relied on a set of particular strategies that coalesced into protofascist talk in order to discursively manage the post 9 11 situation and justify its 2003 war against Iraq This book suggests a framework for analyzing emergent fascist public discourse and its potential for producing additional substantial antidemocratic speech and action Kelley further reviews the role of the media in conveying President Bush s rhetorical doctrine to the American public The rhetoric of democratic discourse is presented as a firewall to guarantee that such speech based behaviors which are endorsed by willing publics and developed within democracies fail to thrive and do not destroy the very systems that enabled them in the first place Post 9 11 American Presidential Rhetoric is a stimulating text that will strike up discussion among scholars of political communication and those interested in cultural studies *Transforming Gendered Well-Being in Europe* Jean-Michel Bonvin,2016-02-24 European social movements improve the well being of men and women but need further analysis through a gender sensitive lens Taking an international and cross disciplinary perspective this book examines the impact of European social movements on gendered political and material well being Insights from history politics sociology and gender studies help identify how social movements have been instrumental in changing individual well being through participation and empowerment These movements have contributed to collective well being thanks to victories in health sexualities political recognition and access to material goods The contributions pay particular attention to the role of women activists in social movements varying from unions and religious movements to the women s movement itself The settings range from 19th century Catalonia to Switzerland and Poland including studies on European transnational movements today and their impact on global gendered well being The authors consider how gender has been important in defining the goals strategies and outcomes of social movements Thanks to the international spread of contributions a comparative record can be examined Together the authors provide unique and concrete illustrations of the role of collective action and the participatory process on transforming women and well being in European societies The book provides essential insights for students and scholars working on social and women s movements European well being and welfare and transnational action **The Disentanglement of Populations** J. Reinisch,E. White,2011-01-26 An examination of population movements both

forced and voluntary within the broader context of Europe in the aftermath of the Second World War in both Western and Eastern Europe The authors bring to life problems of war and post war chaos and assess lasting social political and demographic consequences Messianic Zionism in the Digital Age Rachel Z. Feldman,2024-03-15 Judaism in the twenty first century has seen the rise of the messianic Third Temple movement as religious activists based in Israel have worked to realize biblical prophecies including the restoration of a Jewish theocracy and the construction of the third and final Temple on Jerusalem s Temple Mount Through groundbreaking ethnographic research Messianic Zionism in the Digital Age details how Third Temple visions have gained considerable momentum and political support in Israel and abroad The role of technology in this movement s globalization has been critical Feldman skillfully highlights the ways in which the internet and social media have contributed to the movement s growth beyond the streets of Jerusalem into communities of former Christians around the world who now identify as the Children of Noah Bnei Noah She charts a path for future research while documenting the intimate effects of political theologies in motion and the birth of a new transnational Judaic faith
