Right Thing:

Right Thing, Right Now Ryan Holiday, 2024-06-11 INSTANT 1 NEW YORK TIMES BESTSELLER In his New York Times bestselling book *Discipline Is Destiny* Ryan Holiday made the Stoic case for a life of self discipline In this much anticipated third installment in the *Stoic Virtues* series he argues for the necessity of doing what s right even when it isn t easy For the ancients everything worth pursuing in life flowed from a strong sense of justice or one s commitment to doing the right thing no matter how difficult In order to be courageous wise and self disciplined one must begin with justice The influence of the modern world often tells us that acting justly is optional Holiday argues that that s simply untrue and the fact that so few people today have the strength to stand by their convictions explains much about why we re so unhappy In *Right Thing Right Now* Holiday draws on fascinating stories of historical figures such as Marcus Aurelius Florence Nightingale Jimmy Carter Gandhi and Frederick Douglass whose examples of kindness honesty integrity and loyalty we can emulate as pillars of upright living Through the lives of these role models readers learn the transformational power of living by a moral code and through the cautionary tales of unjust leaders the consequences of an ill formed conscience The Stoics never claimed that living justly was easy only that it was necessary And that the alternative sacrificing our principles for something lesser was considered only by cowards and fools *Right Thing Right Now* is a powerful antidote to the moral failures of our modern age and a manual for living virtuously

Do the Right Thing James DiGiacomo, 1991 For beginners this book contextualizes moral dialogue Balances hot topic issues in the broader context of Catholic social teaching ideal for high school and parish studies

The Right Thing to Do Ray Corbitt, 2015-01-02 Sandra Davis an employee with the federal governments Affordable Health Care Program is in a deadly catch 22 situation Keep quiet and continue to do her job or tell the truth save thousands of lives and be killed for going public Her death would be ruled a tragic case of overwork exhaustion and despair if not for the letters she sent out to 13 people Sandra has a terrible secret and now her secret is shared by several carefully selected letter holders Since the passage of the Healthcare Act the United States has changed The powers that be have too much power but nobody knows it until now Sandras letters reach their intended recipients and so begins a series of mysterious murders that stump

authorities Someone with great influence is killing off everyone who received a letter from Sandra one by one Spin doctors in Washington are quick to cover up anything that might cast their operation in an unfavorable light and they are good at their jobs even when their job involves murder Still there are those willing to fight back survivors who know what they're up against They will reveal Sandra's truth at any cost in order to protect the American people despite the threat of death and dishonor

Do the Right Thing Mike Huckabee, 2008-11-18 When Governor Mike Huckabee entered the Republican presidential race he was the ultimate dark horse with almost no money no consultants and no name recognition beyond Arkansas The so called experts were highly amused by this former small state governor from blue collar roots who also played bass in a rock band He wouldn't have a prayer against the well connected and financially wired pros like Rudy Giuliani Mitt Romney and Fred Thompson But Huckabee had one big advantage a common sense message that connected with millions of people and not just his fellow evangelical Christians He spoke about family values fair taxes and helping hard working middle class Americans in a tough economy And to the dismay of some Republicans he talked about fighting Wall Street greed and K Street corruption Huckabee shocked the country by winning the all important Iowa caucuses and seven other states while spending far less than the other major candidates He created an army of passionate volunteers and small donors transforming his campaign into a true movement that will endure long after Election Day

Do The Right Thing is Huckabee's amazing story in his own words from making commercials with Chuck Norris to meeting a Michigan woman who insisted on donating her wedding ring But this is more than just a campaign memoir It's a vision for a smarter fairer type of politics vertical politics that focuses on common sense solutions for education health care the economy and many other issues It's not about right versus left it's about taking America up rather than down Huckabee also shows how the Republican Party can heal its divisions between social and fiscal conservatives the wealthy and the middle class the religious and the secular and become a true majority party again

The Right Thing James Richard Larson, 2007-03-06 From James Richard Larson author of *The Eye of Odin* and *Wolfgar The Story of a Viking* comes his third novel a study in horror titled *The Right Thing*

When a woman is found wandering on a quiet rural road her incoherent rambling is dismissed as fantasy But others are about to learn that the man from the woods the man attired in black intends to pay them a visit as well Not only will he enter their lives he will alter their very reality The Right Thing will take you on a journey into a world of kabbalistic magic a world of trance and ritual where an ancient evil is released from the power of one woman s will So pick up the wand sword cup and pentacle step into the magic circle and accompany us on a tour of the dark place *Doing the Right Thing* Arjo

Klamer,2020-04-15 This book is for all those who are seeking a human perspective on economic and organizational processes It lays the foundations for a value based approach to the economy The key questions are What is important to you or your organization What is this action or that organization good for The book is directed at the prevalence of instrumentalist thinking in the current economy and responds to the calls for another economy Another economy demands another economics The value based approach is another economics it focuses on values and on the most important goods such as families homes communities knowledge and art It places economic processes in their cultural context What does it take to do the right thing as a person as an organization as a society What is the good to strive for This book gives directions for the answers The value based approach restores the ancient idea that quality of life and of society is what the economy is all about It advocates shifting the focus from quantities how much to qualities what is important Doing the Right Thing T.,C.

Cooper,Theo Theobald,2011-11-18 A common metaphor for modern life is keep the plates spinning but it is becoming increasingly hard to balance professional and private lives and this takes its toll The authors examine the working relationship between the organisation and employee and establish new ways that managers can broker a better deal for all concerned **Moral Literacy, Or, How to Do the Right Thing** Colin McGinn,1992-01-01 A great resource for beginning

ethics courses The book is short and yet it richly embodies the methods of ethical thinking about practical moral problems that are hard for students to learn unless they see them in action McGinn perspicuously sets out a small set of basic principles and then attacks the problems of our treatment of animals abortion sex censorship and so on with a masterful blend of attention to real life cases and imaginary thought experiments McGinn hardly claims to have the last word on the complex issues he discusses and students will find many exciting problems and points to take up Owen Flanagan Duke University
