The New Extremism in 21st Century Britain Roger Eatwell, Matthew Goodwin, 2012-11-12 Since the 1990s there has been a growing concern about the resurgence of extremist and radical movements in the Western world Although a variety of challenges to the liberal democratic order have emerged the main focus of concern among academics policy makers and practitioners within Europe and beyond has been on the growth and activities of Islamists and to a lesser extent the extreme right However these forms of extremism are seldom placed alongside each other and in a manner that is sensitive to both the causes and consequences of extremist mobilization This book presents new empirical research on the causes of these two new extremisms in 21st Century Britain and the appropriate responses to it by both the state and civil society Both forms of extremism pose vital questions for those concerned with the development of a more cohesive and stable society Unlike many studies this volume adopts a holistic approach bringing together experts from a variety of disciplines to examine the factors that cause support and the potential policy responses including key questions such as What is the current level of support for Islamism and right wing extremism Who votes for extreme right parties such as the BNP in modern Britain and despite its recent gains why has the extreme right achieved only limited success What are the steps of recruitment into radical violent takfiri jihadism How effective are current responses to Islamism and the extreme

why certain parties have performed better than others at the polls and it investigates each of these different explanations systematically and in depth As well as offering a comprehensive analysis of the reasons behind the uneven electoral success of the West European parties of the extreme right this book provides up to date information on all right wing extremist parties that have contested elections at national level across Western Europe since the late 1970s In addition to examining the parties ideology and organisation it discusses their relationship with the parties of the mainstream and it investigates the impact that electoral institutions have on their ability to attract votes This book is aimed at both scholars and students interested in the extreme right in party politics and in comparative politics more generally
