Bringing Human Rights Home Catherine Albisa, Martha F. Davis, Cynthia Soohoo, 2007-12-30 This three volume set chronicles the history of human rights in the United States from the perspective of domestic social justice activism First the set examines the political forces and historic events that resulted in the U S s failure to embrace human rights principles at home while actively albeit selectively championing and promoting human rights abroad It then considers the current explosion of human rights activism around issues within the United States and the way human rights is transforming domestic social justice work The first volume provides a historical perspective on the United States ambivalent relationship with the international human rights movement It examines the implications of recognizing domestic rights violations as a matter of international concern and the relationship between international and domestic law It also addresses the role the Cold War and Southern opposition to international scrutiny of its Jim Crow policies and segregation played in shaping U S attitudes toward human rights generally and social and economic rights in particular These factors forced social justice organizations to largely abandon employing a human rights framework in their domestic work and had a lasting impact on U S perspectives about fundamental rights and the role of government The set also chronicles current domestic human rights work Volumes two and three consider why domestic activists currently are using human rights and the tactical advantages and practical challenges posed by such strategies These volumes cover everything from globalization to terrorism and the erosion of civil rights protections that led to a renewed interest in human rights human rights versus civil rights strategies and the different ways human rights can support social activism [Bringing Human Rights Home](#) Cynthia Soohoo, Catherine Albisa, Martha F. Damages and Human Rights Jason NE Varuhas, 2016-05-19 Winner of the

2018 Inner Temple New Authors Book Prize and the 2016 SLS Peter Birks Prize for Outstanding Legal Scholarship *Damages and Human Rights* is a major work on awards of damages for violations of human rights that will be of compelling interest to practitioners judges and academics alike *Damages for breaches of human rights* is emerging as an important and practically significant field of law yet the rules and principles governing such awards and their theoretical foundations remain underexplored while courts continue to struggle to articulate a coherent law of human rights damages The book's focus is English law but it draws heavily on comparative material from a range of common law jurisdictions as well as the jurisprudence of international courts The current law on when damages can be obtained and how they are assessed is set out in detail and analysed comprehensively The theoretical foundations of human rights damages are examined with a view to enhancing our understanding of the remedy and resolving the currently troubled state of human rights damages jurisprudence The book argues that in awarding damages in human rights cases the courts should adopt a vindicatory approach modelled on those rules and principles applied in tort cases when basic rights are violated Other approaches are considered in detail including the current mirror approach which ties the domestic approach to damages to the European Court of Human Rights approach to monetary compensation an interest balancing approach where the damages are dependent on a judicial balancing of individual and public interests and approaches drawn from the law of state liability in EU law and United States constitutional law The analysis has important implications for our understanding of fundamental issues including the interrelationship between public law and private law the theoretical and conceptual foundations of human rights law and the law of torts the nature and functions of the damages remedy the connection between rights and remedies the intersection of domestic and international law and the impact of damages liability on public funds and public administration The book was the winner of the 2016 SLS Peter Birks Prize for Outstanding Legal Scholarship and the 2018 Inner Temple New Authors Book Prize
